#### FAIR LIFE.

By M. V. THOMAS.  
Life is too short to spend its years  
In fruitless sighs and bitter tears.  
But make the most of this brief span,  
Let us be happy while we can.  
A brighter light than yet has shone,  
Upon our pathway, may be thrown.  
A greater joy, may be in store,  
Than we have ever known before.  
What is the pain, that we may feel  
If it be given for our weal?  
We think the light of hope more bright  
For having known despair's dark night.  
Oh! joy would not seem half so fair  
Without some sorrow to compare,  
How oft the sorrows that are given  
Are but to draw us nearer heaven.

While battling bravely in the strife,  
Be grateful for the breath of life,  
Each obstacle that bars the way  
But makes us stronger for the fray.  
How often, thoughts most brilliant flowers  
Bloom, but when drenched by sorrow's  
showers  
How often sweetest music springs  
From hearts that deepest anguish wrings.  
Life's mariners, when tempest-tossed,  
Look upward, after all is lost,  
When they, the star of hope behold,  
Salvation's story may be told.

Against "stern fate," no more rebel,  
But meekly trusting say "Thy will."  
And thus by faith, may we behold  
Wonders that tongue hath never told.

#### Death of Samuel Clarence Shirk.

The youngest son of Samuel and Mary Shirk, was born May 16th, 1873, and died September 18th, 1894. Having suffered through thirty-four long weary months never a murmur was he heard to make. Even when death came to release him from pain, he was willingly waiting the summons that bade him go. His last words being, "to die and to be with Christ is far better."

His young mind was always filled with good, his life was untainted and he had never been heard to utter an oath or do a bad act. His life was love and he left a bright evidence that he was wholly prepared to go and await his loved ones on the golden shore.

In his death every one should see that there is a reality in the religion of Jesus Christ and we can only say, "the Lord giveth and the Lord hath taken away. Blessed be the name of the Lord." A father, mother, two brothers and two sisters are left to mourn the loss of a darling son and loving brother.

Rev. Young, of Pleasant Gap, charge, conducted the funeral services which were attended by a large concourse of people.

#### News Notes.

Directum, the fastest trotting stallion in the world won the \$15,000 purse at Mystic Park, Boston, on Wednesday, by winning the mile race from Arion and Nelson his competitors.

Robert Fitzsimmons' whipped Dan Creedon, at New Orleans, on Wednesday night and won the middle weight championship of the world. The fight lasted only two rounds.

#### Price of Hard Coal Advanced.

New York, September 25.—The anthracite coal sales agents, at their meeting to day, advanced the eastern price of coal to the May circular, which was \$3.50 for broken and egg and \$3.75 for stove and chestnut. Western prices were advanced to \$4 per ton for grate and \$4.15 for other sizes to Buffalo.  
The prices to Chicago were advanced to \$4.75 for grate, \$5 per net ton for other sizes. These prices take effect immediately. The output for October was fixed at 3,000,000 tons against 2,500,000 tons last month.

#### Books, Magazines Etc.

The young American bicyclers who made a tour of the world were granted an unusual honor when they completed their journey through China. Viceroy Li Hung-Chang sent for them, and accorded them a long interview which they will describe in the October number of the *Century*. Messrs. Allen and Sachtleben give one of the best and most vivid descriptions that have yet appeared of the man whom General Grant included among the three greatest statesmen of his day, and the article is accompanied by a new portrait of the prime minister from a photograph which he presented them. Li Hung-Chang questioned the young men not only as to their journey, but asked their opinion on international politics, especially as to the territorial policy of Russia. There will also be printed in this number of the *Century* a posthumous study by Major General James B. Fry on the character and career of General McClellan. General Fry believes that the latter's usefulness as a commander was impaired by the fact that his mind was possessed by the belief that he was the "divinely ordained savior of his country."

The October number of *The Forum* comes with an uncommonly interesting tale of contents. President Elliot, of Harvard University, leads with the most profound and suggestive article that he has ever written, on "Reasons Why the Republic May Endure," in which he enumerates all the principal forces and tendencies in our civilization, with an effort to point out those that make for permanence; ex-Senator Dawes, of Massachusetts, writes with interesting reminiscences of our great orators, on "Has Oratory Declined?" He makes an analysis of such changes as have affected oratory in our life, since the period of Webster and Clay, and Phillips and Beecher. Dr. Giffen, the well-known German publicist, asks, "Is the British Empire Stable?" and argues that its stability depends wholly on its ability to maintain its naval supremacy. Professor Ely, of the University of Wisconsin, who was recently "tried" for economic heresy, states briefly his economic views relating to some of the fundamental sociological problems of our time and country and Professor Arthur T. Hadley, of Yale, wholly disagrees with Professor Ely's views, and criticizes his latest book, "Socialism and Social Reform." There are a number of others of equal merit.

Thus, *The Forum*, in eleven timely articles, by as many distinguished writers, presents to its readers the latest results of original investigation and research in many fields of keen general interest,—the larger political and social tendencies of the Republic, the Japan-China War, Socialism, international politics, railroad problems, education, literature, etc.

UNSOLICITED TESTIMONIALS

A Blind Eye Made to See by Dr. Salm Making a Wonderful Operation.—

For over ten years I have been badly cross-eyed, Dr. Salm operated upon me without giving me chloroform, nor causing pain or loss of blood. My eyes are straight once more, and the eyes that heretofore were almost totally blind, I can again see splendidly with.

Somerset, Pa. MARY E. LONG.

Four of the Best Doctors in the County Said She Was Incurable, But Dr. Salm Made a Healthy Woman of Her.—

For over 5 years I have been suffering with heart trouble and a bad case of Dropsy. We went to 4 of the best Doctors in the County for relief, but all of them said a cure was impossible. At times I felt so bad that I was certain I had to die. I fainted away very often and my friends told me afterwards that they thought every moment would be my last. And I hereby affirm that had it not been for the splendid treatment received from Dr. Salm, who has entirely cured me of that great trouble, I would have been under the sod long ago.

A Peculiar Affection of the Legs Cured by Dr. Salm.—

For the last 10 years our son had the most peculiar affection of both legs. They became covered with scabs and scales. They oozed out considerable secretion, and the disease troubled him constantly, even interrupted his sleep on account of the terrible itching. We tried the best Doctors in our County and near by, without any results. None of them made the correct diagnosis, until we brought him to Dr. Salm, who diagnosed the disease as a scurfous aff-ction, and as a result of his treatment he has succeeded in making a perfect cure in the time he stated. We believe he understands his business, and hence we do not hesitate to recommend him to our Citizens.

Hyndman, Pa. FRED S. COOK.

Cancer Cured by Dr. Salm.—

For some time I have suffered from an ugly looking cancerous growth on the chest. Doctors here pronounced it Cancer, and said they could not do me any good. Dr. Salm has cured me in short order, without using the knife or caustics and only a insignificant scar is all that is left of the heretofore ugly and painful growth.

Somerset, Pa. ELIZABETH MUELLER.

I Could Not, Nor Would I Have Wanted to Live Much Longer in the Plight I was In.—

For some time I have suffered terribly with Kidney and inward trouble 6 different Doctors treated me for inflammation of the bowels, but I grew worse and worse, had to get up about every half hour to void urine. The pain was most excruciating and I am certain I could not have lived much longer in the plight I was in. Particularly as there did not seem a spot on my body that did not ache most terribly. My bowels were always in a bad condition, so I concluded that I would call in Dr. Salm of whom I had heard so much. He diagnosed my disease as being a result of Kidney, Stomach and Inward trouble, I had not taken his medicines a week before I felt the benefit, and to day after a course of treatment I can do my own work, after not having been able to hardly move about.

Mrs. C. YINKLEY, No. 221 South St. Johnstown, Pa.

Suffered With Catarrh, Bronchitis and General Trouble for 16 Years But was Cured by Dr. Salm.—

For the last 16 years I have been suffering with Catarrh, Bronchitis and general trouble. I took cold very easily then I became choked up in my chest and I could hardly breathe. My lungs became badly affected, lost flesh rapidly, and altered in looks amazingly. In fact it went from bad to worse continually. Tried different kinds of medicines, but without effect. After a course of treatment with Dr. Salm I am once more a well woman, do not take cold any more, and can rest and eat splendidly. In fact my neighbors tell me that I look 10 years younger, and I can assure you I feel that way, thanks to the Doctor's wonderful cure of my case.

Wilmore, Pa. MARY M. FRASIER.

Spinal and Brain Trouble Cured by Dr. Salm (A Wonderful Case).—

Our boy became suddenly affected with Spinal trouble, and it was but a short time before he had lost almost the entire use of his legs. Of course we became very much alarmed and worried about him, particularly as the 4 physicians we consulted told us there was no help for him, but Dr. Salm has again done a wonderful piece of work, for he again use his limbs as well as ever, and he is cured of a terrible disease by this wonderful Physician after 4 of our best Drs. had pronounced his case incurable.
