Correction.

An error occurs in the election proclamation published in this issue in the places for holding the elections in Benner township, which has been divided into two precincts. The proclamation should read:

For the southern precinct of Benner township at Hoy's school house.

For the northern precinct of Benner township at Knox's school house.

A. convention at Johnstown, were route-stayed here on Monday night and held an open-air meeting in the Diamond. Quite a large crowd gathered about them, thinking Bellefonte was about to be besieged by the Salvation army.

DEATHS WITHIN THE WEEK.

Death's cold hand has touched the forms of many loved ones within the past week and beckoned them to their graves, where they must await the resurrection.

MRS. JOHN M. FUREY.

Dropsy caused the death of Mrs. John M. Furey, at her home near Pleasant Gap, last Thursday morning at eleven o'clock. She had been ill for some time and her advanced age of 68 years made it impossible for her to withstand the disease. Deceased leaves several children with a husband to mourn her death. Mrs. Charles Tripple, of this place, and J. Milton Furey, of Lock Haven, are step children. Her interment was made Saturday afternoon in the Lutheran cemetery.

MRS. MARGARET AYRES.

This gentle old christian woman died at her home at the Valentine iron works on Saturday evening last, in her 60th year. She had been ill a long time and death found her ready and waiting to go to the maker whose praises she has ever sung. Deceased was born at Spruce Creek, Huntingdon county. Her husband died eleven years ago and of a family of twelve children all but four preceded her to the grave. Two daughters living in the west and two sons who live here. She was buried Monday afternoon in the P. O. S. of A. burying ground near the works.

W. H. HUNSINGER.

On Monday the remains of W. H. Hunsinger were brought to this place from Pottsville for burial. He had been killed on the railroad at Mt. Carbon, in Schuylkill county. Deceased was a brother-in-law of Wm. Tressler, of Fillmore, who took the body in charge and had the burial made from his home. The unfortunate man was a son-in-law of Mr. Thos. Meyers, of this place, and leaves several sons who are living in the west. He had been in this county several months ago but went away to work in the woods.

A FORMER CENTRE COUNTIAN IN TROUBLE.—Last Saturday's papers contained a telegraphic account of the arrest of Thos. A. Lucas, at Scranton. He is wanted at Valparaiso, Ind., for swindling and old lady out of \$2750. Tom Lucas is well known here in Bellefonte and was formerly a resident of Howard, where his father, Reuben Lucas, resides now.

The story of his trouble runs about as follows: While engaged as an instructor of a short hand school in Chicago, Lucas became acquainted with Lilly Irwin, who lived with her grandmother at Valparaiso, just over the line in Indiana. He became a regular visitor at old Mrs. Owen's home, and she thinking he intended marrying her grand daughter entrusted him with money to invest for her. His speculations were profitable and as long as his attentions to Miss Irwin continued the old lady was pleased to have him re-invest her earnings. But the story runs, that when the investment had netted \$2,750 Lucas decamped and was not heard of again until he turned up in Greenfield, Mass. where he married a Miss Hammersley, a pretty girl whom he had met at the World's Fair.

They located in Scranton where Thomas had a good engagement in a School of Mines. There he was arrested and on a requisition was taken to Indiana. We trust he will be able to show himself guiltless of the charge.

LAFAYETTE BADLY BEATEN.—Contrary to the expectation of those who had anticipated a good contest Lafayette made a miserable showing in the foot-ball game with the Pennsylvania State College eleven, at State College, last Saturday afternoon. About four hundred people watched the snappy little blue and white players run all around the big Eastonsians and break through their line as if it had been made up of so many blocks of ice. At no time during the game did the visitors give any evidence that they could play the game. Their wind was as poor as their judgment and they were completely dazed at the rapidly successive brilliant plays of their smaller antagonists.

One thirty and one twenty-five minute half were played, the score being State 72, Lafayette 0. The teams lined up as follows:

STATE	POSITION	LAFAYETTE
Harris	Left End	Altix
J. G. Dunsmore	Left Tackle	Boerick
Fisher, Capt.	Left Guard	R. Jordan
Hoskins	Centre	Capt. S. M. Jordan
Dixon	Right Guard	Rhinehart
J. A. Dunsmore	Right Tackle	Dean
Curtin	Right End	Van Allen
McCaskey	Quarter Back	Richie
Robinson	R. Half Back	Walbridge
Suter	L. Half Back	Barclay
Atherton	Full Back	Strader
Touchdowns 13	Atherton 4, J. Dunsmore 2, Suter 2, Fisher 1, Robinson 4. Goals kicked—Atherton 5, Hoskins 5, Referee, Joe Wolfe; Lineman, Thompson; Empire, Glick.	

FEIDLER IN MORE TROUBLE.—Editor Feidler, of the Williamsport weekly Journal, has been sued for libel by S. G. Wellman whom the Journal accused of perjuring himself at a hearing before an alderman on the charge of wife desertion. Mr. Feidler thinks he will get out of the trouble all right.

—Mrs. J. W. Merry, of Beech Creek, who has been seriously ill for some time, is improving in health.

—J. D. Darlington, of Altoona, got drunk on Saturday morning and fell down the collar stairs of the Globe hotel, breaking his neck.

—Four hundred people witnessed the raising of a flag over the Decatur schools, near Cuba mines, last Saturday. It was done by the P. O. S. of A.

—The Sandy Ridge fire brick works are running full time. Several large orders have been received, among them one from the Pennsylvania railroad company.

—A man named Sturdevant, a lumber boss on a job near Cross Forks, Potter county, was found dead along the rail road, near the village of Abbots, on Saturday night. His skull was crushed in as if it had been battered with a stone.

—A grey mare was stolen from the stable of farmer A. B. Sperring near Mill Hall, on Saturday night. But the thief, not wishing to leave the farmer without any horse, left an old sorrel mare, blind of both eyes, in the place of the good animal.

—Mrs. David Kennedy has sued the borough of Jersey Shore for \$10,000 damages for injuries sustained by a fall over an iron truck in the pavement in front of Dr. Meckley's residence in that place. At one time the Kennedy family were residents of Bellefonte.

—Those who want to laugh will remember that Herbert Cawthorn will be here at the Garman opera house, Friday night, Oct. 26th, with his mirth provoking comedy, "A Cork Man," which has been a success from the start, and comes here filled with new music, new songs, and pretty girls that dance to perfection.

—Arbor Day, last Friday, was fittingly celebrated at Shoppes school house, below Milesburg. Seven trees were planted and Col. James F. Weaver addressed the scholars. The Bellefonte schools observe the spring Arbor day, but because of their early closing the district schools must celebrate the fall day or none.

—Lawyer Daston, of Ebensburg was in Altoona last Thursday and became intoxicated. On going home that night he got off the train at Lilly's station instead of at Cresson, where he should have changed to go on to Ebensburg. He wandered around among some Italian shanties and later the dagos shot him for a robber. He will probably die.

—To-night the second of the University Extension lectures will be given in the court house. One of the 19th century poets, Shelly, Byron, Browning or Tennyson, will furnish the theme for the lecture. The price of admission has been fixed at twenty-five cents, so that it will be within the means of everyone. These lectures are well worth attending.

—It won't be long until the Undine hose company will have handsome new uniforms. An order for forty has been placed with Lewin's clothing house tailoring department and in a little while they will be made. The suits will be of dark blue cloth with white cord trimmings. The Undines are making arrangements to have a band of their own. It will be composed of fourteen instruments, which are now ordered, and as most of its members are old musicians it can be looked to for some fine work.

—The death of Peter Seigworth, which occurred at Jeanette, on Tuesday night of last week, was at first supposed to have been caused by suicide, but the coroner's jury has decided that the unfortunate man was murdered. The fact that he had been out of work for a long while and his efforts to obtain employment having failed seemed to give credence to this theory. Seigworth was known to have had \$45 and a fine gold watch on his person all of which were gone when he was found. This, with the general appearance of the body and surroundings, convinced the jury that the man had been murdered. He was a brother-in-law of A. A. Kohlbecker, of Milesburg.

—Constable Mench, of Milesburg, arrested an old German and his wife near Milesburg last Thursday evening, and brought them to jail here accusing them of stealing D. Small's horse, at Hartleton, Union county. Their names are Fleming and both protested their innocence and swore that they traded for the horse in the "Narrows". The animal they were driving turned out to be the stolen property but they really traded for it. So when the old man got back to Lewisburg he found himself without any horse at all. His wife was sent to the poor house here to await his return, but yesterday morning overseer McClure sent her down to him.

THIS WEATHER IS SOON DUE.

Prophet Foster keeps everlastingly at it on the weather prognostication.

His latest starts off like this: "My last bulletin gave forecasts of the storm wave to cross the continent from 19th to 23d, and the next will reach the western mountains about the 23d, cross the western mountains by close of 24th, the great central valleys from 25th to 27th and the eastern states about the 28th. This disturbance will be of more than usual force, and will be followed in the northern latitudes by ugly winter weather. Rainfall will be above the average in many places during the last week in October.

The warm wave will cross the western mountains about the 23d, the great central valleys about the 25th, and the eastern states about the 27th. The cool wave will cross the western mountains about the 29th, the great central valleys about the 28th and the eastern states about the 30th. Severe frosts will accompany the cool wave, probably as far south as the 34th parallel.

Beginning with January these bulletins will give in advance the probable average monthly temperature and rainfall separately for the divisions known as the eastern states, the Ohio valley, the upper Mississippi valley and the northern states east of the Rocky mountains. A little later the same information will be given for the South Atlantic states, east gulf states, west gulf states, north Pacific coast and south Pacific coast.

The calculations on my new discovery of the causes that control temperature and rainfall are proving eminently satisfactory, and leave no doubt as to its correctness. The tables of planetary positions agree with the official records of rainfall and temperature for any past month. The construction of the tables, however, is an exceedingly laborious task.

A CHANCE TO HAVE YOUR BOYS TAUGHT MUSIC FREE.

—W. A. Goodwin, the organist of St. John's Episcopal church, who has had the entire charge of the choir for the past year, has organized it into a class for the purpose of instructing them in reading music at sight and of training the voices of the younger members better.

Mr. Goodwin is a musician of considerable skill as is attested by the work he has done as choir master at St. John's. He is an earnest instructor, not given to anything other than a careful attention to his duties. At present he is carrying the extra work of directing the Bellefonte choral society but is anxious for a larger choir in his church. In order to increase it he has offered instruction in the rudiments of music to all who will join. He informs us that all parents wishing to give their boys the advantage of a vocal training are welcome to send them to this class. There will be no charge made, the only requirement being that they sing in the choir during the regular services in the church.

There are many good voices among the young boys of the town and it is the duty of parents to have them trained while yet young as that is the only time when it can be done properly and to the best advantage. Now-a-days it is considered a necessary part of a good education to know how to read music, even if a person is not a good singer. Boys between 8 and 13 years will be received in this class.

If you wish your boy to join notify Mr. Goodwin at any time or send the boy himself to the church Monday or Thursday of each week at 7 p. m.

IMPORTANT.

This issue of the WATCHMAN contains a supplement on which the sheriff's proclamation is printed. It shows the exact form of the ballot to be voted this fall so you had better save it and study the matter up. It will be noticed that the Democratic column contains no nominee for State Senate. This is because of the respect Mr. Caldwell has for the wishes of Centre and Clearfield counties. He succeeded, with the aid of a Republican court, in keeping Mr. Savage off the regular ticket and now his name will either appear under nomination papers or on a separate slip.

Don't forget to vote for Savage, Look for his name somewhere on the ticket and put an X opposite it.

THE MILLHEIM DEMOCRATIC MEETING CHANGED.—Owing to Mr. Fow's inability to get to Millheim next Friday night the date for the Democratic meeting in that place has been changed to Thursday evening, November 1st. On that night Mr. Fow, the Philadelphia orator, will surely be there and the Democrats of the lower end should give him a hearty welcome.

—Myer G. Guggenheimer came up from his home in Philadelphia on last Saturday to look after some business here. It was his first visit to Bellefonte, his former home, in four years and he was so much changed in appearance that very few of his old acquaintances recognized him at first. His business in town was to sell the Hirsch property, on High street, at present occupied by Ed. Rowe. He sold to C. C. Shney for \$4000 cash, Mrs. Hirsch, who was Mrs. Sussman, also owns some land in the vicinity of the Karlsruhe gas well which Meyer was looking after. He is in business in Philadelphia, with his younger brother Louis, manufacturing fancy signs and show cards.

—E. P. Campbell Esq., who is a brother-in-law of county commissioner T. Frank Adams, has been visiting in town for a few days past. Twenty-two years ago he left his home in Milesburg to accept a clerkship in the N. Y. & E. railroad offices in New York city, and the outcome of the fidelity with which he discharged his duties, is seen in the fact that today he is Auditor of the whole system with one hundred and thirty seven clerks under him. Mr. Campbell is a very pleasant gentleman and enjoys revisiting his old home at Milesburg, whenever an opportunity presents itself. He always manages to spend a few days in Bellefonte, where he makes more friends with every visit.

Wednesday of last week Mr. Milton Zeigler of Clearfield county and Miss Amanda Corl of Pine Hill equipped with the proper credentials hid themselves to Philadelphia and were made man and wife by Rev. McGarrath. After a short honeymoon trip among relatives in the eastern part of the county, they returned to the home of the brides parents, Mr. and Mrs. Benj. Corl, where a wedding feast and a number of guests awaited them. The bride is a handsome and practical minded young lady, who no doubt will make Mr. Zeigler a true helpmate.

On the evening of the 18th our Pine Hill neighbors had the pleasure of listening to the Hon. James Kerr discuss the political situation, at their Democratic rally over which I. J. Dreese presided. He called attention to the condition of the U. S. treasury in 1888, and how it was depleted by the Reed billion dollar congress. The action of the last congress in repealing the McKinley bill. The Federal election laws, and the curtailing of expenses. He praised the new tariff law and censured "our Dan" for evading the real issues of the State campaign, and misleading the masses by erroneous statements. He commended the present administration and the men who had the courage to vote for the income tax and the sugar schedule, thereby saving the American people \$15,000,000 a year. He cited Cleveland's heroic measures when he found the treasury empty, at the beginning of his second term, and his stand for reform and retrenchment, which he heartily endorsed. Mr. Kerr was followed by Hugh Taylor, Robert Foster and Jon. H. T. McCormick.

WHY PHEASANTS ARE SCARCE.—An exchange says: "It has been noticed among sportsmen in this country that the ruffed grouse, or common pheasant, is very scarce. It is said that the cause of the scarcity is because the eggs are stolen by parties of chemists and bird fanciers. The chemists use portions of the eggs in making a drug, which is very rare. A man with six boys and seven five bird dogs was in the vicinity of Scranton last summer and collected ten thousand pheasant eggs. This is why the pheasants are hard to find."
