NAPOLEON, 1--29, Dec. 27. Magnificently Illustrated. The Century is famous for its great historical serials, and never in its history has a greater one been projected than this new "Life of Napoleon," written by Prof. William M. Sloane, of Princeton, who has spent many years in preparation for his work. Thus far no biog-raphy of "the man of destiny" has appeared in either English of French that is free from rancor and attentive to the laws of historical criticism. The Century has secured it-the great, all-round complete and interesting his-tory of the life of one of the most marvelous of men. No matter how much you already know of Napoleon, you will want to read this; —here is the concentrations of all the lives and memoirs. The illustrations will be magnifi-cent- the wealth of *The Century's* at depart-ment will be lavished upon them. Two, mem-bers of the staff have just returned from Paris, where they have been securing all that is best of Napoleonic material. New portraits will be printed, great historical paintings reproduced, and Castaigne and other modern artists have drawn anew some of the great scenes of Napo-leon's life for this history. Felt like Dying Rather than to Stand the Agont Much Longer, but was Cured by Dr. Salm.

Much Longer, but was Cured by Dr. Salm. For 5 years I have had kidney, stomach. and liver trouble. The fearful pains in my back and bladder. I had during that time, made me often wish for death. I could hardly work, sleep, nor rest and had to go out regularly every night four or five times to void urin. Could hardly eat, and when I tried a little of something it made me ill, and after 4 of our best physicians had failed to cure me, I thought it was about time to die. Some of my friends however, advised me to go to Dr. Salm, who had performed so many wonderful cures in this country. After I had taken his treatment 4 days, I found it did me some good. I have taken his treatment now for 6 months, and I enjoy life once more, and I would advise all of my friends to go to this eminent doctor, to get cured, after other physicians fail. Given Eye-sight and Relieved of Pain After 20 Years Suffering by Dr. Salm.

Years Suffering by Dr. Salm. For over 12 years my eye-lashes have been turning in, and consequently they rubbed on the eye-ball, keeping the same always in-flamed and very painful. In order to have a little relief, I had to have the eye-lashes pulled out every few days. As the result of all this, my leit eye went totally blind, and the right one was going the same way rapidly. I put myself under the care of Dr. Salm, and to day I am happy to state that I am not troubled any more with the lashes, as they grow in their normal direction, and the sight of the right eye has improved to a great ex-tent. I am wonderfully cured. Coburn, Pa. JACOB EMERICK. for his inspiration. BY ELERIDGE S. He is with him at the most critical times of his life,—at the de-parture for Elba, in the glories of the life at Fontainebleau. and finally at Waterloo. The story glows with pageantry, and is a truthful and accurate account, based upon the best au-thorities and verified by the latest informa-tion, of the life of "the man of destiny." It is really a delightful story-history of Napoleon. WEST POINT
