DEATH OF SAMUEL I. HOOVER .- Mr. Samuel I. Hoover died at his home near Nittany, on the 15th, of February, aged 50 years, 11 months and 15 days. He was widely and favorably known throughout the valley; and the news of his death came as a surprise and shock to many. Endowed by nature with a vigorous and robust constitution none would have judged that he was destined so soon to lay down his work and enter into rest. But so it was. scarcely past the prime of life, disease fastened on him and quickly wrought its fatal work, stilling forever the busy, restless mind and body. A carpenter by trade, he was sure to give his patrons satisfaction by his uniformly honest and conscientious work. He was remarkable for his industry; and his life was a constant rebuke to every kind of thriftless indolence. Useful, upright, quiet, peaceable and generous he will be great-

This sketch would, however, be signally deficient did it omit a reference to his christian lite and fidelity to religious duties. He was an active and faithful member of St. Mark's Lutheran church : and his example, in this respect, is worthy of imitation.

Religious services were conducted by his pastor, Rev. W. K. Diehl, in the Achenbach moves from his present Reformed church, at Madisonburg. And then, in the adjoining cemetery, on the 18th, of Feb. his body was laid to rest beside that of his wife and children, to await the resurrection of the just. "Lo, He giveth His beloved sleep."

Workmen, who were opening up the public road between Chest Springs and Carroltown, in Cambria county, last Friday, struck a monstrous drift in which they found a horse and sleigh. The horse was frozen stiff in its tracks and it is the general supposition that its driver, finding himself stuck in the blizzard, left the horse to find shelter for himself, but perished before he found it. As no residents of the vicinity saw any stranger it is supposed, whoever it is,

is dead in the snow somewhere. On the farm of Adam Krumrine, near Tusseyville, the snow drifted clear over the top of his pig pen and for a while people had to walk over it to get to the house.

The snow drifted up against Samuel Snyder's barn, near Centre Hall, so high that he could easily walk from the drift on to the roof.

During the recent big snow the train men on the Philipsburg, Moshannon and Madera branch rail-road have had much trouble with cattle getting on the track and refusing to be scared off. The other day three cows were killed at one time and shortly after the train came on another drove standing on the tracks. The train was stopped but the cattle could no be scared off, The snow banks were so high on either side of the tracks that the cattle had to be driven several miles ahead of the train before a place could be found where they could get off.

Hon. S. R. Peale, of Lock Haven, distributed four car loads of coal among the poor, during the recent blizzard, then tried to conceal where it came from. Such things will out, however, and he is bowed under showers of blessings far more copious than were the snow flakes

Buffalo Run roads are not yet opened for travel. Most of the driving up there is done through fields, where the snow has gotten so thin as to make the sledding very poor.

ROCK MILL WILL NOT BE CLOSED-The story published in last week's Gazette to the effect that the Rock Forge flour mill was to close, because its manager, Beverly Potter, has left Bellefonte, is untrue. Adam Wagner will continue to operate it in the future as he has so well done in the past. Mr. Potter has one to Providence, R. I., where he manufactory which W. Fred Reynolds late Philip Collins, at Ebensburg, Tuesday and his brother-in-law, Mr. Harris, of the House of Congress James Kerr, have lately purchased. They have a has been appointed a cadet to the U.S. new patent for making glazed brick very cheap, in fact the product of their works reduces the price of that kind of brick from more than \$100 to less than \$12 per thousand. Jackson & Co. he didn't do it at all.

> CHARLIE VALENTINE, NOT GUILTY. -At the trial in Salt Lake City last week Charlie Valentine was acquitted of all charges lodged against him by old Mr. Mulvaney, with whom he had been traveling, until accused of drug- friends. He returned last evening. ging him for the purpose of alienating Mrs. Mulvaney's affections.

The story of Charlie's supposed escapade was published in a highly colored account by some of the papers of this place and now that he has been acquit ted by a court of justice it is made most evident that a good bit of the story must have been false.

We are glad that he has been able to establish his innocence of the charges preferred against him, but this should Graysville, in Huntingdon county, was in town be a lesson to him to be careful as to his companions in the future.
