-A number of the pleasant and hospitable homes of this place have beer broken up this spring. Thursday Mrs. Rhone sold her household effects preparatory to going to Boalsburg, where she will stay for the time with her sister. Dr. Charles Rhone, her son, is going to locate in southern California, and if the climate agrees with him Mrs. Rhone and Miss Ella, who is now in Philadelphia, will eventually go there. -Mr. William Stacy, an employee of the Altoona car shops, was married to Miss Laura Grassmyre, of Milesburg, on Wednesday evening of last week. The wedding took place at Hollidaysburg where the bride had been engaged as a dressmaker for five years. She is a daughter of William B. Grassmyre, of Milesburg, and, with her husband, spent their honey-moon at the parents' home in that place. Mr. and Mrs. Stacy will go to house-keeping at Altoona. -Sheriff Smith, of Clearfield county, and Constable Furey, of Lock Haven, surprised George Weld, an itinerant music teacher, in bed at the home of farmer Laubach, in Nippenose valley, Monday night. Weld was wanted in Clearfield county to answer charges of adultery and rape on the person of a young girl, May Bush, who lives at Blue Ball. The girl's mother has become demented at her daughter's misfortune and the girl herself has become an invalid.

COUNCIL IN SPECIAL SESSION .- An adjourned meeting of Council was held Monday evening, for the purpose of for the new iron bridge that is to span Spring creek at the foot of Lamb street. As that was the principal business for which the meeting was called it was taken up at once. The bids were found to be as follows : John Noll--\$6,00 per cubic yard for

sandstone facing and \$5,50 for all limeand \$863.00 for the latter.

R. McCafferty & Sons-\$583.00 for sand stone facing, and \$513.00 for all limestone.

James McCafferty-\$4.40 per cubic yard for Curwensville sandstone and \$3.82 for all limestone.

John M. Emerick and Samuel Thomas-\$4.50 for sandstone and \$5.00 for limestone per cubic yard. James A. McDermot and Alexander

Fraser-\$5.00 for sandstone and \$4.50 for limestone.

H. D. Yerger & Sons -\$6.00 for sandstone and \$4,50 for limestone. Conrad Miller-\$4.90 for sandstone

and \$3.90 for limestone. C. C. Bell-\$1,489.00 for sandstone

and \$1,195.00 for limestone, for the entire abutments.

After a general discussion as to the reliability of the several bidders the bid of R. McCafferty and Sons was accepted, it being lowest. It was then moved and carried that if they do not file properly accepted bonds before next Monday night then the bid of James McCafferty, next lowest, will be accepted. The old bridge is now for sale and will be awarded to the highest bidder.

The next business of importance that was considered was deferred action on Mr. J. S. Waite's application for the privilege of laying iron rails under the street at the junction of High and Water streets, his object being to locate the old band stand at that point for the purpose of converting it into a bicycle wareroom. At a meeting several weeks previous council had unthinkingly granted the petition, but it was soon brought face to face with the import of its action when the Village Improvement Society protested. The society claimed that such a marring of the most picturesque street in the town and they were right, for had one man been permitted to erect a booth along the creek it would only have been a question of a very short time until every foot of space along the board walk would have been taken up with similar

unsightly structures. The WATCHMAN was not opposed to the plan because Mr. Waite was the pplicant, for it knows no man whom it would sooner favor. But when it comes to such a point that the good of the at Hannah Furnace, on Wednesday, to look whole body public is to be sacrificed for the uncertain benefit one man is to reap from it then we say no.

Of Mr. Humes' life nothing discreditable has ever been said. He was a man whose close attention to business made him almost a stranger in social and political spheres, though in politics he took a little interest, having been a delegate to the State convention that nominated Delamater over Goy. Hastings. His principal enjoyment was in matters

spiritual and in the Presbyterian church, of which he was a lifelong member, he was recognized as a man of great probity and earnestness. He was never given to self laudation and only his most inkindnesses to those in need of his helping hand. He will be sadly missed in

Bellefonte by the many beneficiaries of his bounty and the simple perfectness of his straightforward life will keep his who knew him.

Funeral services will be held Monday afternoon at 3 o'clock, at the house.

OFF FOR NEW YORK .- Miss R. Graham departed for New York City, on Monday morning, and as usual her object is to select a line of spring millinery for her store on Allegheny street. The taste she has displayed in buying hats and bonets has made her store very popular with the trade in the past and -Joseph Shields, a 79 year old there is every reason to believe that her stock for this spring will be even more desirable than in past seasons.

Upon motion of Mr. Brockerhoff Mr. Hillibish was allowed to withdraw his motion granting the privilege and then Solicitor Dale informed council that

by a State act of 1796 Spring creek had been declared a public highway to the mouth of Logan's branch and as such council had no right to put any obstructions whatever in its course. This information will put a stop on the matter forever and council will be saved the bother of any more such cases.

Mr. Waite's failure to realize his wish in the matter will undoubtedly be a blessing to him, for now he will remain at his present desirable location where he has the facilities for carrying on a much larger business in conjunction with his bicycle work. He has many friends in the county who would have been sorry to have seen him give up the implement business altogether and we sincerely trust his effort in that line will meet with the reward they deserve.

The bit of information that Solicitor Dale dropped into the councilmanic with headquarters at Philadelphia. camp Monday night, relating to the State's declaring Spring creek a public high-way to the mouth of Logan's branch recalls a trick which the supporters of Bellefonte for the county seat played on their rivals, who were pushing Milesburg forward as the proper place for the county capital. It seems that Milesburg was banking considerable on the fact that it was located on a navigable stream of water, but the Bellefonte hustlers knocked the bottom out of their boom when they hitched two mules to an old flat boat and pulled it up here, then claiming that "Bellefonte was the head of navigation."

Wednesday looking quite different from his appearance on his last visit here, when he was so badly crippled up with rheumatism; that he could scarcely walk.

-John L. Given, a former Bellefonte boy and an '89 graduate of the High school here was in town between trains on Tuesday on his way to Altoona. He is taking a course in jo urnalism at Cornell University and expects to locate in New York when it is completed. -Mrs. Elliott, widow of the Rev. George Eifiott, left Tuesday for Oswego, Kansas, to see her sister Mrs. John Elliott who is danger. ously ill. Mrs. Elliott will visit her sons in Denison, Tex, before returning to her home in this place which has been closed for an indefinite time.

-Manager R. B. Greer, of The Pennsylvania, State College base ball team, was in town Wednesday evening on his way home for the Easter vacation. He thinks State will put a stronger team than ever on the Diamond this spring and has arranged games with Princeton, U. of P., Lehigh and other good colleges. --R. M.
