

In order that country folk will be able to come to town in good style on Bellefonte's Centennial days James Schofield, the old reliable harness dealer, will sell fly-nets and harness at half price from now until that time.

800 pair of pants at 40c. on the dollar. Strictly all wool, good quality; wear and sewing guaranteed at \$1.50 per pair. They are actually worth \$3 to \$5.50.—LYON & CO.

Thomas O. Glenn, of State College, is one of the thirty-eight young men on whom the Cincinnati Medical Institute will confer a degree at its commencement exercises on June the fourth. Tom graduated at the State College in '92 and since that time has been preparing himself for a first class doctor, which we have every reason to believe he will make.

The annual championship contests of the State Inter-collegiate A. A. will be held on Beaver field, State College, Pa., on Saturday, May 18th, at 2 p. m. These contests promise to be the most exciting ever held in the State. Swarthmore, Lehigh, Lafayette, W. U. of Pennsylvania, Dickinson and Gettysburg are all competitors for the State cup. Most of the colleges have entries and every event will be a fight from start to finish. The two-mile bicycle race promises to be especially interesting, as three men have entered who ride this race in less than 5 1/2 minutes. State's athletic team is far superior to any that has represented her in former contests, as six college records were broken at the Spring handicap meet.

CHANGE OF TIME ON THE BELLEFONTE CENTRAL R. R.—On and after Monday, May 20th, the morning train to State College will leave this place at 10:30 instead of 10:50 as heretofore. To-morrow, Saturday, afternoon a special train will run to State College, leaving Bellefonte at 1 o'clock p. m. and arriving at the College in time for the inter-collegiate sports at that place.

WANTED—At Lyon & Co's store, Bellefonte, 50,000 lbs. wool.

BEIRLY'S DAY OF PRAISE.—The latest publication of Prof. Alfred Beirly, of Chicago, is Vol. I. of "Beirly's Day of Praise," a two hundred page book, full of easy and medium grade sacred anthems carefully selected and consisting of solos, duets, trios, quartets and choruses. The volume is nicely bound in board and is made attractive looking by a neat plate front. Single copies by mail 60c. Per dozen, \$6.00, not prepaid.—215 Wabash Ave.

CAPT. PIERRE PERIER.—The most thrilling feat ever successfully accomplished by man is the one performed by Capt. Pierre Perier. He has adopted the method of giving two free exhibitions daily on the grounds of the Walter L. Main grandest and best shows on earth, in order to introduce to the American people his wonderful life-saving apparatus. To successfully accomplish his purpose it was necessary for him to take advantage of the presence of the enormous crowds which daily congregate to see these great shows. It only required a moment's glance at the figures indicating the number of people who daily visit this massive amusement institution, in order to convince the captain, beyond the shadow of a doubt, that the Walter L. Main shows enjoyed the distinction of having more people come to see them each day than any other amusement enterprise the world has ever known. Promptly at 10:30 a. m. and 6:30 p. m. this noted captain of the celebrated fire department of the great French metropolis makes his appearance, arrayed in the regulation uniform of his native country. He mounts the towering web-like structure to its topmost pinnacle, and before the surging mass of expectant, awe-inspired humanity, one hundred feet below him, have time to realize what he is going to do he has bowed and smiled to the thousands upon thousands of upturned faces and leaped backward into space.

Women shriek, and for a moment all that vast multitude is hushed as in death. Every eye is turned on the human figure which is darting downward, with the rapidity of a missile hurled from an ancient catapult—he turns as he dives, revolving in space with the ease and grace of a sparrow—faster and faster is his descent until within a few feet of his miniature net he seems to falter—his form becomes rigid and assumes a horizontal position—he has struck the net and like a flash rebounds fully fifteen feet in the air, descending again into the net, smiling and bowing to the anxious throng who crowd around him as cheers fairly rend the air. It is the sight of a lifetime and should be seen by every man, woman and child in the vast United States. Make no mistake, Capt. Pierre Perier makes two dives daily in the open air. The exhibition is absolutely free to all. This wonderful exhibition can only be seen with the Walter Main grandest and best shows, which exhibit at Bellefonte, May 28th.

The sun peeped out yesterday afternoon and scared away the belated winter that had almost frozen us for about five days.

WILL NOT PAY ANY MORE BOUNTIES.—Acting under instructions from their attorney and upon an opinion of Judge Baker, of Cambria county, our Commissioners have decided not to pay any more bounties on foxes, minks, owls, skunks, etc. The only scalps that will be paid for are those of wildcats and wolves.

This determination will save the county considerable money.

MARRIAGE LICENCES.—Issued during the past week taken from the docket.

John Harshberger and Mrs. Mary E. Kerster, both of Penn Twp. W. D. Barr, of Patton Twp., and Maggie Moore, of Buffalo Run. C. C. Adams and Sarah J. Bloom, both of Milesburg.

Wm. Reese and Laura Morrison, both of Sandy Ridge. Wesley Thomas, of Rock Spring, and Cora E. Myer, of Centre Hall.

John H. Hines and Julia E. Gross, both of Bellefonte.

SAYS FOSTER OF THE WEATHER.—My last bulletin gave forecasts of the storm waves to cross the continent from the 15th to 19th and the next will reach the Pacific coast about the 20th, cross the west of Rockies country by the close of the 21st, great central valleys 22d to 24th and the eastern States 25th. This disturbance will seem to promise rain, but will generally bring disappointment, and will make the drought more severe, except in a few localities. Warm wave will cross the west of Rockies country about the 20th, the great central valleys 22d and eastern States 24th. Cool wave will cross west of Rockies country about the 23d, great central valleys about the 25th and eastern States 27th.

Jack frost laid his icy hand heavily on vegetation in this section on the night of the 12th inst. Mr. Charles Snyder is preparing to erect a dwelling 28x34 on the site of the old burnt house. W. B. Ward is the builder and it is to be rushed to completion. Last week J. W. Kepler bid adieu for a time to farm life. He has gone to his old home in Forest county where we trust he will have an enjoyable time among associates of his younger days. Last Monday, station agt. Michael Musser at Scotia looked unusually happy while he passed the cigars in honor of his first born. He has good reason to be proud for it is a fine bright boy. Last week Hewitt Meyers said good-bye to his best girl and hid himself off to Alexandria where we hope he will improve his moments at the Academy. His progress will be closely watched for we want to see him graduate with first honors.

Arrangements are being completed for Decoration services, at Pine Hill cemetery May 30th, at 8 o'clock p. m. Prominent speakers will be present and the State College band will furnish the music. Everybody is invited to bring flowers and take part in the services.

Dr. McKinley, of Clearfield, has announced that the Rev. Mr. Wallace will preach in the church in this place at 10:30 a. m. on the second Sunday of June. The Rev. Mr. Wallace will likely preach to the Buffalo Run people in the evening of the same day. It is understood that he is a candidate for the late and lamented George Elliott's charge. M. E. L. Bergstresser, the celebrated photographer of half a century's experience, has pitched his tent in our town where he will be glad to give his professional services to the dear people at bottom prices. Everybody should avail themselves of this rare opportunity to secure first class pictures and at the same time to save car fare.

Until the frost came our farmers had a cheerful look. Notwithstanding the prolonged drouth, crops of all kinds looked well. This week several showers fell that were much needed. Wheat is making a good showing—prospects for fruit are good excepting peaches and early cherries. Last week mercury registered 99 in the shade, this week it has been as low as 10 and everybody is hunting overcoats and mufflers. Last Sunday was a busy day in our town for the colored orator Rev. Geo. Bosley, who is a hustler. He preached three sermons attended three Sunday schools and addressed the Christian Endeavor society. On Monday evening he delivered a lecture in the M. E. church on the origin and history of his race. He gave an excellent talk on the intellectual progress of his people since the Rebellion and although a man of seventy-three years is so energetic and active that he is far more forcible than a younger man. He took away with him a snug sum for the school in North Carolina which he represents beside the well wishes of our good people who were delighted with his preaching and lecturing.

On Monday night of this week the little town of Donation between Cornpropst's Mills and Huntingdon was thrown into a blaze of excitement from a white cap raid in which one of the caps was shot and killed instantly. Mr. McCracken a good citizen had closed an alley on his premises for this he had received several letters urging him to open the alley, which he refused to do and on Monday night a party of about a dozen white caps gathered at his house to administer to him 49 lashes. Mr. McCracken was at home and fired into the gang killing young Hawn about 18 years old, a farmers son who had simply gone along to witness the sport. When McCracken learned the result he immediately gave himself up to the authorities and is now in the Huntingdon jail awaiting a hearing.

The following letters remain uncalled for in the Bellefonte P. O. May 13th, 1895.
