UP HILL. Does the road wind up hill all the way? Yes, to the very end.

But is there for the night a resting place, A roof for when the slow, dark hours begin?

Shall I meet other wayfarers at night, Those who have gone before?

Shall I find comfort, travel rest and weak? Of labor you shall find the sum.

A Nerve Sheriff. His Plucky Way of Saving a Pioneer from a Madman's Clasp.

"The bravest act I saw during my residence in Leadville," said Peyton R. Hull, who spent upward of ten years in the camp,

"A lawyer named Early was trying a case before Justice of the Peace De Long. A dispute arose between him and the counsel on the opposing side,

"Early had not yet left the court room, and nothing on earth apparently stood between him and a horrible death when a man appeared on the scene

He joined the Pittsburg club in Chicago, last Thursday, and made a most auspicious beginning.

"To those of our readers, who possibly imagine that a man who plays professional base ball is the synonym for that

He pushed Early before him, and passed into the crowd, the sheriff walked step by step behind the prisoner and the two moving like one man.

"It was the gristliest piece of business I ever saw, and it won with the mob. Early was tried and acquitted by a unanimous verdict, and at last accounts was practicing in Kansas City."

THE CURIOUS FOSSILS. Some time ago, in company with a friend, I was searching for fossils among the debris of an abandoned limestone quarry.

With her sweet, pensive face she came and sat beside her father. Papa, she whispered, Alford and I are two sons with but a single thought.

"The old man stroked the golden hair. My child, he said reassuredly, don't be discouraged; that's one more than your mother and I had when we were married.

Do you have a headache, dizziness, drowsiness, loss or appetite and other symptoms of biliousness? Hood's Sarsaparilla will cure you.

BILLY STUART'S DEBUT IN THE LEAGUE.

"Billy" Stuart, as we have known him ever since he was a kid playing about the campus of The Pennsylvania State College,

William S. Stuart is the oldest son of John W. Stuart, the coal and grain merchant, of State College, and needs no introduction to people of this vicinity.

Like every other young America, base ball was his particular hobby and we remember well his graduation from the Sauerstown club—an aggregation of the youngsters who lived in old

"Billy" kept at base ball in season, however, and last spring was made captain of the College team. His work was of such a gilt edged order that the team proved almost invincible and crowned its season's triumphs by playing a ten inning game with Princeton,

He joined the Pittsburg club in Chicago, last Thursday, and made a most auspicious beginning. Playing with a dash and intelligence that Chicago papers termed phenomenal and we are pleased to say that since then his games have simply added to the good impression he made at the beginning.

Some years ago I contracted catarrh and it went to my ears. Gradually I became worse and my ears began to trouble me very much.

"Say Cap, I dat shunt reminds me. De odder day I vas goin' through the valley, down by Hublersburg, and an old man shut called me in to see a big cucumber on his wine. It was three feet long and eighteen inches in thermometer. Vat you think of that, now?"

MILTON'S BIG FAIR.—The eleventh annual meeting of the Milton driving park and fair association will open on the 3rd, 4th, 5th and 6th of September, and it will be the biggest and best meeting of the kind ever held.

THE BUCKTAIL REUNION.—A prospect of the coming reunion of the famous "Bucktails," at Lock Haven, on September 4th and 5th, the following, from the Pittsburg Times, relative to the man who organized them, will doubtless prove entertaining:

Gen. Kane was a remarkable man, as was also his brother, Dr. Eliza Kane, who made himself famous with his popular explorations. When the general was a boy his father sent him to Paris to school, where he picked up an elegant education. He fell in with the Socialists, who were stirring Franco in the forties, and one day the young man found himself fighting in the streets of Paris until he died he seemed unhappy if any trouble was going on that involved the welfare of his principles, his country or his friends, if he was not in the midst of it.

Civil war came and Gen. Kane organized a regiment of "Bucktails" and had them on rafts to float down the Susquehanna before the trouble opened. He had Irish blood in his veins. He scented war when it was in the brewing kettle. Gen. Kane and the "Bucktails" are history. Before he went to the army he was a director of the Sunbury and Erie railroad. He found a mountain pass not far from his home where the road could cross from the east to the west of the Alleghenies. He showed it to the surveyors. When he came from war they had rewarded him by taking all the stone he had quarried for his big house, and using it for railroad work.

Gen. Kane was a prominent man in the State and nation. He lived to see his hands the seat of the thriving town of Kane. Besides his widow he is survived by Dr. Evan Kane, Dr. Thomas L. Kane, Eliza K. Kane, one of the foremost lumbermen of the State, and Miss Harriet Kane, also a graduate in medicine.

LINE BETWEEN CENTRE AND HUNTINGDON COUNTIES.

In speaking of the boundary line between Huntingdon and Centre counties that is now being agitated a Huntingdon exchange says:

"For some time the boundary line between Centre and Huntingdon counties has been the cause of some trouble. From Penna. Furnace to the top of Tussey mountain eastward, to the corner of Centre, Mifflin and Huntingdon counties the boundary line is uncertain and not marked. In consequence there is considerable unsettled land in that section, the owners of which refuse to pay tax thereon claiming always that they are not located in the proper county. To put an end to this trouble an act was passed by the recent Legislature to determine boundary lines, by the member from Huntingdon. According to its provisions, after a certain number of taxpayers of each county petition the courts for a survey, it shall be made by a commission. The president judge of each county appoints a member. The county commissioners of each county likewise select two more surveyors, who must reside outside of the district and not from the same county either. These four members then select a fifth member."

A petition for the survey of the line between these two counties, from Penna. Furnace to the corner of Centre, Huntingdon and Mifflin, was duly signed by citizens of the two counties. Huntingdon county has appointed the following members of this commission: By the Court, J. Simpson, Africa; by the commissioners, Wm. P. Mitchell, Esq., of Lock Haven. Judge Love, recently appointed Edward R. Chambers, Esq., of Bellefonte; and our commissioners will make their selection the latter part of the week.

The commissioners are to begin the survey at once. It covers a distance of twenty miles and may require at least a month's work to complete the same. A commission was appointed about three years ago for this same purpose, but they never acted.

The expense of this survey will be about \$1,000.

ABE'S LATEST STORY.—Among Bellefonte's many wags few are as well known as Abe Baum, the liveryman, nor any with quite as original ways of telling stories as he has. His latest came out last Sunday morning when he went to "score" on a gentleman, who tried up there to procure a carriage.

Knowing Abe's love for stories the gentleman told him that he had seen in the papers, the evening before, that corn is growing so tall in Kansas that it has really become necessary for farmers to use a ladder with which to mount stalks to examine the ears. The old liveryman was not non-plussed by such a tale at all and said:

"I took treatment from several of our doctors in the country, but somehow they couldn't do me any good; so I went to see Dr. Salm. He promised to cure me, and I dare say, he kept his word, for today I am again stout and healthy as could be expected of any man of my age, 60 years, and I find that I got value received for the money paid to the doctor."

For some years I have been suffering very much with various ailments and broke down for a time. I suffered most excruciating pain from head to foot all the time. My stomach troubled me a good deal, liver and kidneys as well were out of order; in fact, I thought my time had come. The doctors couldn't do me any good. I went to Dr. Salm, and after a course of treatment, I am now again as hale and hearty as ever. F. L. COVENS, Warriors Mark, Huntingdon Co., Pa.

Scrofulous Limb of 8 Years Standing Cured. For the last 8 years I have had fearfully sore limbs; my feet and hands were swollen and run; giving me a world of trouble, and making me unfit for my daily labor. I have had four doctors attend to me, but they couldn't do it. At last I went to Dr. Salm, who made a perfect cure, and I feel as if I could enjoy the rest of my life.

Granulated Lids Cured by Dr. Salm. For the last 4 years I have been troubled very much with granulated eye lids; it partly blinded me. Donors here did me no good. I also seemed to affect my general health. Dr. Salm has cured me. I can again see splendidly, and feel better than ever.

Infants, Pa., Dec. 5th, 1894. After Total Blindness Made to See by Dr. Salm. About 1 year ago my brother accidentally hit me in my left eye, with a bow-gun. I began to get blind rapidly in that eye, and in a short time, couldn't see anything out of it. I heard so much of Dr. Salm's wonderful success in his eye operations, that I went to him, and he has once more proven his wonderful skill on my eye. For to-day, after having been totally blind, I can see splendidly out of the same again. JOSEPH HENRY, Sutton, Somerset Co., Pa. March 28th, 1895.

Case of Stomach and Intestine Trouble Cured by Dr. Salm. For some months I have been feeling miserably, on account of stomach and private trouble. I was always afraid to eat, and the pain in my stomach and chest was terrible, but after a term of treatment, I feel now, once more, as good as ever. I can eat everything again, without trouble, thanks to Dr. Salm's wonderful treatment. THERESA DEYBACH, Dunlo, Cambria Co., Pa.

Defenses, Ringing Noises and Catarrh Cured by Dr. Salm.

For a long time I noticed that I became gradually harder and harder of hearing. Ringing noises came in the ear after a while, and I became very much alarmed. So I went to Dr. Salm and put myself under his care and to-day I am grateful to state, and for the benefit of those who may suffer in a like manner, that I can hear once again as good as ever, and those infernal noises have disappeared, although I am nearly 60 years old. Dr. Salm said all it was caused by catarrh. M. B. BUCK, Spring Mills, Centre Co., Pa.

"The Crack Train of the World." A prominent New York merchant and importer of leather goods said on our hearing the other day, "I have traveled all over Europe and America, and I consider the train which carries Chicago every day at 6.30 p. m. for St. Paul and Minneapolis, via the Chicago, Milwaukee & St. Paul Railway, 'The Crack Train of the World.'"

In which statement thousands of others heartily concur.
