Wm Barnes will move from Pleasant Gap to Wall where he has a lucrative position.

The annual protracted meeting will be begun in the Methodist church, in this place, on Sunday. Rev. Ruch will be assisted by Wm. V. Baker and wife blind evangelistic singers.

The special term of court has been sitting this week with a small attendance. Associate Judge Baug. Rich is not on the bench, owing to his being confined to his home at Unionville by illness.

Up to the present time no further developments have been announced in the case of the P. R. R. Co. vs the Valentine iron company. It stands just as stated in the WATCHMAN last week.

Next week Lyon & Co. will publish an eye opener for the people of this vicinity. They will quote prices on high class dry goods, clothing, cloaks and shoes that will prove a revelation.

Rev. R. H. Gilbert, of Tyrone, will lecture in the court house to-night on "Stepping Upward." The lecture will be free and everyone should hear him as his discourse is said to be very fine.

The Undine fire company, always on the lookout to do things right when the time comes, is preparing for its annual ball on Thanksgiving. It will be select and much more elaborate than any preceding ones.

Ex-deputy prothonotary of this county Dave Foreman, of Centre Hall, has returned from the oil belt of western Pennsylvania where he was a member of a company that bored in vain for oil. He will not return for some time.

Last week we published an account of the unexpected action of Rev. R. E. Wright, rector of St. John's P. E. church, in this place, in resigning. He has since recalled the resignation that was to have taken effect Dec. 1st and will remain in charge of the parish.

The use of a bicycle made itself known to Harvey Crouse, of Aaronsburg, late last Monday night when he received word that his wife was lying dangerously ill at Hollersopple. He started from that place about mid-night and reached here in time to catch the 5:20 a. m. train.

One day last week conductor Cook, who runs a Pennsylvania passenger train between this place and Montandon, lifted a ticket that had been sold May 2nd, 1870. The ticket called for transportation from Northumberland to Lewisburg and was in an excellent state of preservation.

William Culveyhouse, not long since a resident of this place, has been granted a patent on a wire fence, the model of which he made while conducting a gun-smith shop at the corner of Bishop and Allegheny streets. Mr. S. B. Meyers, Milesburg's inventor, has also conceived something new and has been granted letters patent on a washing machine.

William Grauer, of south Spring street, was a passenger on the Pennsylvania train that was wrecked at Manor station, near Pittsburg, last Wednesday evening. He was in the coach that left the track first and has been all twisted up ever since. One man was killed and a number seriously injured by the accident. Mr. Grauer said he never had been on a train that ran as fast as that one was going when it wrecked.

While repairing the boilers at the Bellefonte gas company's works, on Friday, William Hogarth, one of Maitland's boiler makers, narrowly escaped being burned to death. A fire had been built in the boiler and Hogarth was working on a trestle above it, when the platform on which he was standing gave way and he fell into the scorching flames. Samuel Sprankle, a fellow workman, was near him and fortunately saw the accident in time to rescue Hogarth from being roasted alive. As it was he was slightly scorched.

## HORSE STOLEN NEAR FILLMORE.

A man, probably between the age of 24 and 30 years, well dressed in dark clothing, wearing a slouch hat, being about 6½ feet high, with blue eyes and light brown mustache, is suspected of having taken a dark bay horse from a field owned by Wm. Tressler, near Fillmore, this county, some time Monday night.

The circumstances surrounding the disappearance of the horse are somewhat unusual to the regular practices of horse thieves and run about as follows:

On Monday afternoon Mr. Tressler was busy husking corn in one of his fields, when he was accosted by the stranger, described above, who pretended to want to buy a horse to match one already in his possession, thus having a team with which to start farming in the spring. He gave his name as Showers and said he was an Oak Hall farmer's son. After talking awhile Mr. Tressler learned that the stranger had already been in his stable looking at the horses and was about decided on a dark bay horse, weighing about 1200 pounds, with one white foot behind, white speck on forehead, not shod in front, and 3½ years old that carried its head very high.

He talked of wanting it and changed from a direct sale to a possible trade for the animal he was driving which Mr. Tressler had not seen, but was told later by his family that it was a very skinny grey. He offered the difference in a trade, but Mr. Tressler didn't pay much attention to him, so he departed.

That night the farm horses were turned out to pasture, as usual, but on Tuesday morning the very bay that the stranger had wanted was gone. As there was no way for it to get out of the field, it was the first thing thought of and the mysterious man of the evening before was the next. The natural conclusion was that he had taken the horse and investigation has revealed the fact that no such man lives in the vicinity of Oak Hall, so why did he tell that lie if his motives were honorable?

A reward of \$25 is offered for the return of the horse and the apprehension of the thief.

## GIDEON'S BAND.

Under the leadership of J. Wesley Gephart Esq., the new president, there is now a movement on foot to wipe out the debt that has hung over the Bellefonte Y. M. C. A. and retarded its good work for years.

At a meeting held in the court house, on Sunday afternoon, Mr. Gephart addressed several hundred young men on the wonderful conquest of the multitudinous Midianites by Gideon, with his little band of three hundred. Then he urged them of strong faith and sufficient courage to rally around him as a modern Gideon and make an attack on the people of Bellefonte in order to put the Association in shape to work as it should work.

He found 100 young men who were willing to help him fight and then he laid down a plan for them to work on. Each one of the 100 is to collect \$10 during this week, from his friends, not taking more than \$1 from any person and not taking anything from regular subscribers to the Association.

By this plan \$1000 will be raised, after which another \$1000 has been pledged, so that the Association will be on a firmer foundation than ever before in the twenty-six years of its operation.

The plan is an excellent one and is meeting with marvelous success. People become financially interested in this way who have never known what the Association is and a great work for good is expected to be the out-come of this Gideon's band.

## ORE FOUND 200 FT. BELOW THE SURFACE.

On Tuesday afternoon the well drillers at the "old Lamborn" ore bank near the Scotia crossing, on the Bellefonte Central R. R. were surprised to find their sand pump running out a steady stream of fine ore.

The well is being drilled to find water with which to wash the ore that is being mined at the operation that had been idle for years and a depth of 200 feet had been reached when the sand pump disclosed the fact that the drill had entered a vein of excellent ore.

Mr. L. C. Eddy, McCoy's superintendent, showed us a box full of the ore taken from that great depth and reports it as fine as any he has ever seen.

**SPECIAL FOOT-BALL TRAIN.**—The State College and Bucknell foot ball teams will play at Williamsport, on Oct. 26th. This game promises to be a very exciting one and will be witnessed by a large number of the friends of each team, as the contest will take place on neutral ground.

For this occasion the Pennsylvania railroad company will sell excursion tickets from Bellefonte to Williamsport and return at the low rate of \$1.50 for the round trip. Tickets good going on train leaving Bellefonte at 9:28 a. m. returning by special train leaving Williamsport at 8 p. m.

Harry Chester Brown, of Chicago, Ill., and Miss Adah Kreamer were married in St. Peter's Reformed church, Rebersburg, Thursday evening, October 24th.

The reunion of the 13th cavalry will occur at Tyrone to-day.

Judge Barker, of Cambria county, is holding the special term of court in session here this week.

In a foot ball game at the former place, Tuesday afternoon, Altoona defeated Phillipsburg by the score of 12 to 0.

The Mackeyville and Lock Haven Normal school base ball teams played a game of ball last Saturday; the former winning by the score of 26 to 25.

The Eagleville base ball club was defeated at Mill Hall, on Saturday afternoon, by the score of 25 to 20. The home team made 12 runs in its half of the last inning and won the game.

The Beech Creek railroad operates 259 miles of track divided as follows: Single track, 153 miles; track-age rights, 86 miles (over other lines); siding and yard tracks, 80 miles.

The quail season will open November 1st and last until December 15th. Last winter is supposed to have exterminated the few coveys known to have been in this county. It was too severe for them.

Out of one hundred applicants for the position the commissioners of Clearfield county last week appointed C. C. Howe, of Kyrletown, steward of the new county poor farm and his wife was made matron.

A little journal to be known as the *Methodist Christian Worker* will make its first appearance from the *Magnet* office to-morrow. It is being edited by Rev. J. W. Rue and will be issued monthly.

Jonas Myers, a Phillipsburg sportsman, is under \$200 bail to answer the charge of assault and battery at the next term of court. He is said to have thumped a man named Casper Stern who refused to "set up" the beer to him.

A man from the vicinity of Penns Cave reported that a man answering the description of the missing Daniel Hornor, of Lock Haven, had been seen near the cave lately, but Lock Haven people don't put much faith in the story.

The ladies of the Evangelical church will hold an oyster supper in the basement of the church to-night and to-morrow night. There will be ice cream, coffee and other good things suitable to the occasion. Go and help a good cause and enjoy yourselves.

The October returns to the statistician of the department of agriculture makes the general condition of corn 95.5 per cent against 96.4 for the month of September. The returns of yield per acre of wheat indicate a production of 12.5 bushels less than last October's preliminary estimate.

An exchange says "if thirty girls and women can be secured a knitting factory will be started in Jersey Shore." What a condition to confer a prospective industry. "If." Just think of it. We'll bet there are three times that many girls and women in this place who would be only too glad to find such employment.

The editor of the WATCHMAN doesn't have the honor of "a personal acquaintance" with the "Michigan Bard," else he might have informed the people of Centre county of that fact when he had occasion to use a "couplet," as the editor of the *Gazette* calls it, written by Mr. Carleton. We are sorry we "botched" it and thank the *Gazette* for correcting us, but as we depended on our memory, entirely, having heard Mr. Carleton recite it here a number of years ago, the fact that it was not quoted exactly correct does not appear so remarkable as the *Gazette* tries to imagine in order to let its readers know that its editor really is acquainted with so great a man as Will Carleton.

A few days ago John Shreffler, who teaches at what is called "the red school house," at the turn between this place and Milesburg, had an experience that must have been calculated to make his hair shade grayer than it was before. Having been annoyed with his scholars taking all kinds of playthings to school he undertook to break up the practice by confiscating everything he saw them have. The particular morning we have in mind one of the urchins appeared with a paper full of dynamite caps which he doled out to his play fellows, not knowing how dangerous they were. As might have been expected it was not long until one of the harmless looking little caps found its way into the hands of the old teacher who promptly threw it into the stove. The next instant there was a flash, followed by a cloud of dust and a loud report.

The unexpected explosion came near causing a panic in the school, but the scholars were soon quieted and the work of the day resumed. Had the teacher gotten hold of more than one of those caps there is no telling where the school might have been by this time.

## JOHN MAYES DEAD.

John Mayes, a well known citizen of Roland, died at his residence near the Eagle forge school house, Boggs township, at 10:44 o'clock p. m. on Saturday the 12th, of heart failure. He had been in good spirits all day, though for some months past an invalid, he was enjoying good health, comparatively speaking, but in the evening was seized with acute pain, after having eaten a hearty supper, which attacked his heart causing death. He laid over in the arms of his daughter, Mrs. Howdeshell, and died almost instantly.

He was a shoemaker by trade and it is said had forgiven all his neighbors before he died by striking their accounts from his books. He had been a soldier in the late war and received a small pension, but the check for his last quarter, unfortunately came too late for him to sign, hence it was lost to the use of his funeral expenses.

He was born in Sugar Valley, Centre county, Sept. 22nd 1814, his wife being Mary Anna Walker, of Boggs township, who was the mother of eighteen children, fourteen of whom grew to be men and women, Thomas was killed in the late war and Joseph was killed at Morris lime kilns about five years ago. There were eight daughters and three sons. Mr. Mayes was possessed of a kindly disposition and was beloved by all his neighbors and friends. He had no enemies; "blessed are the pure in heart."

Interment was made at the Advent cemetery, north of Milesburg, on Tuesday morning, services having been held at the house.

In 1862 he resigned his charge of the Bald Eagle church to devote all of his time to the one at Pine Grove, where he preached until the following year when he accepted a call to Alexandria. Deceased was a daughter of the late John Sommerville, of Snow Shoe. About three years ago, having finished her education, she entered the hospital above named, and proved a most efficient nurse to which profession she had devoted her life. She was loved and esteemed by all the officers and employees of the institution, and had for a short time been engaged to be married to Dr. Appel, of Lancaster, a graduate of the University of Pennsylvania, whose devotion was shown not only during her illness but in attending the removal of her body to this place and the last sad rites at the grave Wednesday afternoon. She is mourned by all who knew her intimately.

The funeral was from the residence of James Potter, on Spring street, and was attended by Mrs. Fowler now of Roanoke, Va., mother of deceased, who was called to Philadelphia when her illness assumed a serious form; Mr. and Mrs. James Sommerville and Miss Lizzie Sommerville sister of John S. Sommerville; Messrs John, Alaa and Donald Sommerville and many other friends.

One of the old newspaper writers of the State died at his home in Philadelphia, on Monday evening, after a short illness. For a quarter of a century he edited the *Clinton Democrat* at Lock Haven and his writings were of the clearest and most forcible kind. He was a moulder of thought and a conscientious, unswerving Democrat. Deceased was nearly 75 years old and was deputy secretary of the commonwealth under Governor Packer. During the later years of his life he had become entirely blind and lived with his two daughters in Philadelphia. His remains were taken to Lock Haven for burial on Wednesday afternoon.

## DEATH OF MRS. RUTH BOALICH.

Funeral services were held at her late home yesterday morning and interment was made in the Lutheran cemetery at Pleasant Gap.

To-day Mrs. Mary Hoy and her daughters, Dr. H. K. Hoy's mother and sisters will leave Bellefonte for Altoona where they will all make their future home. Mrs. Caroline Rhone and her daughter Miss Ella leave, Saturday, for Los Angeles, Cal., where they will spend the winter with Dr. Charles Rhone, who is immensely pleased with his new home on the Pacific coast.
