A WASHINGTON'S BIRTHDAY FETE. -As has been the custom for many years the members of Gregg post; No. 95, G. A. R., of this place, have set aside Washington's birth-day, Saturday, Feb. | all took their leave inquiring "when will 22nd, as the time for holding their annual dinner and supper.

The committee met on Tuesday evening and arrangements are now being made for the entertainment and it can be expected to be fine.

AN UNIMPORTANT MEETING OF COUNCIL .- Very little was done at the regular meeting of council, on Monday evening.

Among other things it was decided to grant a rebate on taxes to Dr. E. W. Hale's estate and to Dr. T. R. Haves for the times, during the year, that their houses are not occupied. The WATCH-MAN urged the danger of such a course at the time it was suggested and we feel certain that council will have reason to regret the establishment of such a precedent. There is every bit as much reason for a tenement owner to ask and receive a rebate for any property he may own that is unoccupied for a time.

After authorizing the payments of bills aggregating \$923.30 council adjourned.

A FREAK OF A CALF .- A late issue of the Curwensville Review has given to by it. the public the following story of a rather remarkable calf.

A curiosity in the animal kingdom attracted a great deal of attention last week. On the farm of Mrs. Etta Way a calf with two perfect heads, two pair of lungs, two stomachs, one heart, two backbones and other peculiarities was discovered. The calf never saw the light of day and its mother gave up ber life also at the time of its birth. Those who saw the freak, and many did see it, assert that it was the most remarkable formation they ever saw. The backbone from the shoulders half way back was perfect but there it diverged into two distinct back bones. A veterinary surgeon from Clearfield took charge of the calf and for his own information made a close examination and he found two perfect stomachs, two pair of their father about four years ago, have

A communication was recently re ceived from Rev. Milliken Goheen, who for the past twenty years has been a missionary at Calapore, India, stating that he is suffering from a partial paralytic stroke that has affected his right side and arm. He and his family will sail for New York in March.

Last Friday night the party goers here abouts were royally entertained at David Reed's home near our town. Early in the twilight the invited guests began to arrive until the folding doors had to be thrown open and everybody was given a royal welcome. The dainty supper that was served was so good that it almost became necessary for a rope and tackle to remove J. W. Kepler and Ed Reed from the festive board, when they took them.

The first candidate who has ventured out in this end of the county is neighbor J.G. Bailey, who is willing to serve the dear people. This week, in care of his lieutenant, ex-county commissioner, H. C. Campbell, he is away down at the county capitol seeking the nomination of county commissioner at the hands of the Republican party. Mr. Bailey is well and favorably known in this end of the county, and should he succeed in making the nomination and election, would per form the duties of the office with tidelity, in connection with the two Democratic members who are sure to be elected.

A very large representation of Fer guson's Democracy from all parts of the township met in caucus at Centre school house Jan. 25th, and placed in nomination a good township ticket to be voted for at the February election. SECHLER & CO'S OPEN LETTER.

Sechler & Co.

Bellefonte, Pa., Jan. 1st, 1896.

As the Holiday Season is now over we wish to remind our friends and the public, generally, that we are well prepared to supply all demands in our line.

Almost all kinds of goods are now so low in price that a good American Dinner is within the reach of all.

While giving careful attention to securing a fine stock of fruits and luxuries we have not overlooked the every day substantials.

We have Pillsbury's "best" Minnesota Flour and the leading brands of home manufacture. Bradford Co., pure Buckwheat Flour, new kiln dried Corn Meal, extra fine sugar cured Hams, breakfast Bacon and dried Beef, white, fat, new Mackeral, rich mild Cream Cheese, genuine Maple Syrup, pure-sugar table Syrups, fine roll dairy and creamery Butter.

We have just received a lot of bright clean New York state Beans that we are selling at the low price of five cents per quart. The entire lot of twenty-two bushels will go at that price (no advance) but we can hardly get any more as good as these to sell at the same price. Don't miss them, They are fine.

One of the most satisfactory lots of goods we have to offer is our own Mince Meat. Every ounce of material in it is sound, clean and of the finest quality, nothing equal to it has ever been obtainable. Price, ten cents per pound.

It has been almost impossible to get satisfactory Oranges this season, but we have secured some fine Floridas, also some Mexican fruit that is equally as fine as the Floridas and quite reasonable in price. Our stock of Cranberries, (at 10cts per quart,) white Almeria Grapes, New York Catawbas, (2 baskets for 25cts), Lemons, Bananas, and Sweet Potatoes have received careful attention. Also Raisins, Prunes, Citron, Figs, cleaned Currants, California evaporated fruits, fine mixed table Nuts at 15cts and 20cts per pound, soft shell Almonds 20cts per pound, finest Princess paper shells at 25cts per pound, finest Java, Mocha and Rio Coffees, Extracts, Sauces, Pickles, Capers, Mushrooms, Truffles, Etc., but we cannot enumerate further.

We keep a large and well selected stock. It will pay any house-keeper to visit . our store once a week. The first principle of economy is not alone in saving, but in making a good investment. Trusting you will act on the suggestion.

We remain yours very respectfully,
