Current Fun.

As Mamma Saw It.—Mrs. Younglove—See this beautiful ring John bought me. Mrs. Oldbird—What's he been up to now.

Extract from catalogue of lending library: "In the novels and stories marked with an asterisk the happy couples get married at the finish."

"How does Miss Uptodate like the idea of marrying a man with a grown-up son?" "First rate. She has already promised the young man that she will be a father to him."

Professional Courtesy.—"Crowded out to make room for more interesting matter," observed the gallant editor as he gave his seat in the car to the young woman with soulful eyes.

More Like It.—"I don't like her acting. She puts on too many airs," "Puts on nothing." At that moment the curtain fell, and the conversation drifted naturally into other channels.

"Johnny," screamed his mother, "why are you sitting on your brother's chest? You'll kill him." "I know it," retorted the urchin. "But if I let him up he'll go swimmin' and be drowned."

Jeweler.—The first time you brought this watch in here to be repaired it was in a silver case, and now it's in a brass case. Customer—Yes; circumstances alter cases.

"That last load of coal you sent," said Mr. Slopoy, with a most impressive manner, "was more than half slate." "Perhaps you may remember," retorted the coal man, with much spirit, "that you said, after you had ordered it, 'just slate this, will you?'"

The Entailed Cocktail.—Nipper—So poor old Sockeye is gone? Proprietor Blue Light Saloon—Yes, he's gone, but not forgotten.

The Year 1900 Not Leap Year.

The following explanation will show why the year 1900 is not a leap year. The year is 365 days, 5 hours and 49 minutes long; 11 minutes are taken every year to make the year 365 1/4 days long, and ever fourth year we have an extra day. This was Julius Caesar's arrangement. These 11 minutes come from the future, and are paid by omitting leap year every 100 years. But if leap year is omitted regularly every 100 years, in the course of 400 years it is found that 11 minutes taken each year will not only have been paid back, but that a whole day will have been given up. So Pope Gregory XIII, who improved on Caesar's calendar, in 1582, decreed that every centennial year divisible by 400 should be a leap year. So we borrow 11 minutes each year, and more than pay our borrowings back by omitting three years in three centennial years, and even up matters by having a leap year in the fourth centennial year. Pope Gregory's arrangement is so exact, and the borrowing and paying back balance so nicely, that we borrow more than we pay back to the extent of only one day in 3,696 years. The month of Feb. 1900, will have but 28 days.

Fortunes in Flowers.

The Most Famous and Valuable of the World's Collections. "Joe" Chamberlain, English secretary for the Colonies, has a collection of orchids worth from \$75,000 to \$100,000. Miss Alice Rothschild is one of the most enthusiastic lady horticulturists in the world, and her collection of roses alone is valued at \$50,000. That these beautiful flowers are often very expensive will be seen from the fact that an American millionaire recently paid \$6,000 to an English grower for the stock of a single variety. The Archduke Joseph of Austria owns \$275,000 worth of flowers, while the collection of the famous amateur, Sir Trevor Lawrence, is valued at \$275,000. Lord Portman, Mr. Hamar Bass, Mr. W. W. Astor, Lord Rothschild and the Queen of Roumania are all expert horticulturists, and their collections are worth huge fortunes; but it is to Baron Schroeder, of Egbam, that the distinction of possessing the most costly garden in the world belongs, for were his orchids alone put on the market at an advantageous time they would unquestionably realize \$500,000.

Some public schools in the country districts of the county will close this week.

When the additional appropriation was made to the public schools of the State, four years ago, it was thought that instead of reducing the tax levy for that purpose they would be kept open longer. It seems not to have been the case in some of the districts. Five months of school is not enough and county directors will realize their mistake ere long.

Cure, absolute, permanent cures have given Hood's Sarsaparilla the largest sale in the world and the first place among medicines.

GUN-SHOT WOUNDS.—Major E. A. Garlington was shot through the arm at the battle of "Wounded Knee," Dec. 29, 1890, the last fight between the Indians and our troops.

It is not often that a regular army officer will certify to the value of a proprietary medicine, but this is what Major Garlington says about SALVA-CRUA: WASHINGTON, D. C., April 21, 1895. I have used SALVA-CRUA for soreness or rheumatic pains in the muscles of my arm, which is disabled from a gunshot wound involving the elbow joint; relief was quick and complete.

Tourists.

Cheap Excursions to the West and North-west. On March 16 and April 7, 1896, the North-Western Line (Chicago & North-Western R'y) will sell Home Seekers' excursion tickets at very low rates to a large number of points in Northern Wisconsin, Michigan, Northwestern Iowa, Western Minnesota, Nebraska, North Dakota and South Dakota, including the famous Black Hills district.

Cripple Creek, Colorado.

Is now attracting attention in all parts of the world, on account of the marvelous discoveries of gold which have been made in that vicinity. The North-Western Line, with its unrivaled equipment of solid vestibuled trains of palace sleeping cars, and dining cars, and free reclining chair cars, daily between Chicago and Colorado, offers the best facilities for reaching Cripple Creek.

For tickets and full information apply to ticket agents, or address W. B. Kniskern, General Passenger and Ticket Agent Chicago & North-Western Railway, Chicago, Ill.

Home Seekers Excursions.

In order to give everyone an opportunity to see the Western country and enable the home seekers to secure a home in time to commence work for the season of 1896, the Chicago, Milwaukee & St. Paul R'y has arranged to run a series of four home-seekers excursions to various points in the west, north-west and south-west on the following dates: March 10, April 7 and 21 and May 5, at the low rate of two dollars more than one fare for the round trip. Tickets will be good for return on any Tuesday or Friday within twenty-one days from date of sale. For rates, time of trains and further details apply to any company ticket agent in the east or south, or address John R. Pott, district passenger agent, 486 William St., Williamsport, Pa. 41-10-31.

A SHORT STORY IN WILKES-BARRE LIFE—INTERESTING TO THE PUBLIC AT LARGE.

For some years I have been suffering very much with various ailments and broke down at last. I suffered most excruciating pain from head to foot all the time. My stomach troubled me a good deal, liver and kidneys as well were out of order. I thought my time had come. The doctors couldn't do me any good; patient medicines had no effect; so I went at last to Dr. Salm, and after a course of treatment, I am now again as hale and hearty and strong as ever. F. L. CONYER, Warriors Mark, Huntington Co., Pa.

Serious Limb of 8 Years Standing Cured. For the last 8 years I have had fearfully sore limbs, which would break open and run; giving me a world of trouble, and making me unfit for my daily labor. I have had many doctors try to cure me, but they couldn't do it. At last I went to Dr. Salm, and made a perfect and complete cure, and I feel as if I could enjoy life to the full. JOHN BROOKS, Hoisoppe, Somerset Co., Pa.

Granulated Lids Cured by Dr. Salm. For the last 4 years I have been troubled very much with granulated eye lids; it partly blinded me. Doctors here did me no good, it also seemed to affect my general health. Dr. Salm has cured me. I can again see splendidly, and feel better than ever. BESSIE THOMAS, Indiana, Pa., Dec. 5th, 1894.

After Total Blindness Made to See by Dr. Salm. About 1 year ago my brother accidentally hit me in my left eye, with a bow-gun. I began to get blind rapidly in that eye, and in a short time, couldn't see anything out of it; total blindness was caused by the hurt. I heard so much of Dr. Salm's wonderful success in his eye operations, that I went to him, and he has once more proven his wonderful skill on my eye. For today, after having been totally blind, I can see splendidly out of the same again. JOSEPH HRYNA, Huston, Somerset Co., Pa. March 28th, 1895.

Case of Stomach and Intest Trouble Cured by Dr. Salm. For some months I have been feeling miserably, on account of stomach and private trouble. I was always afraid to eat, and the pain in my stomach and chest was terrible, and I felt better than ever. I can eat everything again, without trouble, thanks to Dr. Salm's wonderful treatment. THRESE DEYBACH, Dunio, Cambria Co., Pa.

Defness, Ringing Noises and Catarrh Cured by Dr. Salm. For a long time I noticed that I became gradually harder and harder of hearing. Ringing noises came in the ear after a while, and I became very much alarmed. So I went to Dr. Salm and put myself under his care and to-day I am grateful to state, and for the benefit of those who may suffer in a like manner, that I can hear once again as good as ever, and those infernal noises have disappeared, although I am nearly 60 years old. Dr. Salm said all of it was caused by catarrh. M. B. Beck, Spring Mills, Centre Co., Pa.

A Lady 69 Years Old Cured of Catarrh and Defness. Some years ago I contracted catarrh and it went to my ears. Gradually I became worse and my ears began to trouble me very much, my strength began to give out, and I became weaker and weaker so that I was not able to work. I took treatment from several of our doctors in the country, but somehow they couldn't do me any good; so I went to see Dr. Salm. He promised to cure me, and I dare say he kept his word, for today I am again stout and healthy as could be expected of any one of my age, 69 years, and I find that I got value received for the money paid to the doctor. Mrs. JACOB D. FISHER, Brush Valley, Indiana Co., Pa.
