The third robber got awake then and went through exactly the same performance as the other two, finding one apple over which he threw away. After hiding his pile he rolled the other two together and went to sleep. In the morning all three robbers got awake and divided the remaining apples into three equal piles, when they found that there was just one apple over.

Question—Now how many apples were there in the pile in the first place?

Insectivorous Insects.

HARRISBURG, March 17.—Dr. B. H. Warren, state economic zoologist, has been making some investigations with regard to the destructive insects now giving farmers so much unusual annoyance. He finds that the white grub worm, which is the larva of the June bug, are doing immense amount of harm among potatoes and from one hill a prominent farmer took thirty-six grubs. German potash is recommended as a remedy for this trouble.

WICHITA, Kan., March 17.—Mrs. Mary E. Lease to-day announced herself a candidate for the Populist nomination for attorney general of Kansas. She has been engaged in a fight on Jerry Simpson, whom she charges with having traded Populist principles for the "loaves and fishes."

How can a tariff raise the wages of the 15 men as long as 85 other men are willing to work for the same wages paid in unprotected industries?—*Es.*
