

If the farmers want friends in the Commissioners office they should vote for MEYER and HECKMAN.

This is not a campaign for complimentary voting. Every man should be looking out for his personal interests.

C. A. WEAVER should be supported by every voter in the party. He is a good man and has a right to expect every vote.

WOMELSDORFF knows what he will get from the HASTINGS people and is going to act accordingly. His friends will even up for him.

WETZEL must be elected county Surveyor. He is eminently qualified for the office, he is a sterling man and should receive a large vote.

Don't forget KEISTER and HESS. We need good Auditors. Both are practical business men and will do their work with accuracy and dispatch.

Are you opposed to the burden the building of a new court house would impose on the voters of Centre county? If so, vote for MEYER and HECKMAN.

CAL HARPER is the man for Recorder. Just the man for the place. Obliging, friendly CAL. Let the voters of Centre county give him a rousing majority.

MEYER and HECKMAN are the people's candidates for Commissioner. Vote for them. They will not increase the valuation of county property or increase the tax rate.

Don't be bamboozled into voting for KLINE because "he is a nice old man." C. A. WEAVER is just as nice and far better equipped to become Treasurer of Centre county.

W. M. CRONISTER is our nominee for Sheriff. He is a clean, straight forward man, sober and intelligent and you will make no mistake by voting for him and working for him.

No more coal oil scandals, no more new office making, no more salary raising Legislators are wanted. Vote for SCHOFIELD and FOSTER. They are opposed to all such extravagances at the expense of the people.

Dr. W. U. IRVIN, of Julian, is our nominee for Coroner. If you want a life long resident of Centre county, if you want a man who knows our people and cares for them, if you want the right man for the place vote for him.

Don't do any complimentary voting at the expense of Mr. WEAVER. The Republicans are resorting to that scheme to elect KLINE and it must be headed off, else they will succeed. Vote straight, Democrats, and you will win.

SCHOFIELD and FOSTER must be sent to the Legislature if the salary grabbing is to be stopped. Send them there and they will vote against QUAY's bill for \$100,000 to pay the expenses of his fake Philadelphia investigation.

It will be plain sailing for popular GEORGE RUMBERGER next Tuesday. The election is over, so far as he is concerned. He will waken up next Wednesday morning and find that he has received one of the nicest majorities ever given any candidate in the county.

Every old soldier in Centre county owes it to CAL HARPER to vote for him. When CAL was Prothonotary he executed all pension papers free of charge and did anything else he could to help the veterans. They have a chance to help him now and we simply want to call attention to the fact that he is a candidate for Recorder and needs the support of everyone.

CRONISTER! CRONISTER! CRONISTER! Let us din the name of the fine young man into your ears until you will all vote and work for him. MILLERITES are resorting to all kinds of stories to down him. See to it, voters of Centre county, that he is vindicated. See to it that he gets the vote his excellent fitness for the office deserves.

Register GEO. W. RUMBERGER is known throughout the county as the friend of the soldier. He has never charged anything for executing papers for them and many will remember his great kindness when he was a justice of the peace. During all the years he held that office in his precinct, in the county, he never thought of charging a cent for the veterans. Mr. RUMBERGER is deservedly popular with them and it is right that he should be.

Some years ago the people of this county entrusted the management of the county finances to the Republicans. There is no tax-payer in the county who does not to this day, remember the result: Extravagance in public expenditures, rotten contracts, increased millage, and higher taxation. What was done then by the representatives of the Republican ring of Bellefonte, should be remembered now, when this same ring is again trying to get control of the county management. The men who should and will be elected commissioners, if the tax-payers have their own interests at heart, are DANIEL HECKMAN and PHILIP MEYER. They are the tools of no ring or clique. They are their own bosses. They are representatives of the people's interests and are both careful, economical men, who will do their best to serve the tax-payers of the county. There will be no such management of affairs, as we had under Republican rule a few years ago, and if the people of the county want to escape a repetition of that costly and disgraceful management of affairs they will vote solidly for HECKMAN and MEYER.

THE TRUTH SHOWN.

Kinsloe's Falsehoods Exposed.

To the Miners of Clearfield and Centre Counties.

In our last week's issue we took notice of the attack made upon Col. Spangler, our nominee for Congress, by Kinsloe, in the *Bituminous Record*. As therein stated, we examined the contract alleged to have been taken at a price below that fixed by the "soft coal agreement" entered into between the operators of the Tyrone and Clearfield and other regions; but containing contracts for coal, where the delivery thereof extends over a period of months, namely, that the price "is subject to any reduction that shall be made from the above price during the period of the contract for coal equal in quality made by reputable shippers, or the purchaser to have the privilege of cancelling said contract."

We also showed that when Kinsloe charged that "Duncan & Spangler" had cut the price of coal and were thereby enabled to obtain a contract from the "Boston & Albany railroad," which had deprived the Clearfield region miners of digging 125,000 tons of coal he stated what was not true and did it maliciously, for the books and contracts of Duncan & Spangler are open for inspection, and he could have ascertained the truth in relation to this matter. But the truth and Kinsloe have long been strangers to each other.

Any miners, or committee representing the miners of the region, can easily ascertain what still more closely shows the malice of Kinsloe's charge, to wit: that the contract Duncan & Spangler are filling was not filled or loaded in the Clearfield region last year, as alleged by Kinsloe, and consequently no injury is done the miners of Clearfield county, but on the other hand Col. Spangler by getting the contract has kept his men at work instead of being idle.

Will Kinsloe tell the miners of this congressional district why he advised them to vote for Col. Spangler in the columns of the *Record*, and only after he went to DuBois he decided that Col. Spangler was unworthy of the support of the miners?

Will Kinsloe tell the miners who in the past has betrayed the secrets of their organization to the man who holds a commission as a coal and iron police in this region and is a salaried employee of one of the biggest corporations in the region.

Why did not Kinsloe tell the miners that Col. Spangler pays his men twice a month in cash and they have the right to buy where they please; that he keeps no company store and is in no way, directly or indirectly, interested in any store?

If Kinsloe wanted to advance the interests of the men, he would urge them to support the man who cheerfully obeys the laws made for their benefit.

The whole purport of this uncalculated and untruthful attack upon Col. Spangler is to advance the interest of Mr. Arnold, who in his speech printed in the *Congressional Record* of the last session of Congress openly advocated the gold standard and is now an avowed advocate thereof.

The miner, workingman and toiler in any business, who believes in free coinage of silver should not allow himself to be misled by the malicious and false attack upon Col. Spangler, but vote for him, for he has shown himself to be one of a very few coal operators who obey the company store law as well as the semi-monthly pay law and is also an able and earnest advocate of bimetalism.

Mr. Kinsloe has promised to deliver the votes of the miners to Mr. Arnold. Does he carry them in his pocket? Can he deliver them? We will see.—Clearfield Spirit.
