

**Misrepresentation.**

EDITOR WATCHMAN.—Permit me, through the columns of your paper, to correct a mistake. Certain dairy-men have left the good people of Bellefonte under the impression that Mr. Barnes is buying his milk from different parties. This is not true. He gets his milk from Mr. Elmer Swartz and I can truthfully say to my friends that I visited Mr. Swartz and found he had the same plan for taking care of his milk as I used. He has the Cooley creamer for setting his milk and I am confident they will get the same quality of milk they got from me and would ask my old patrons to continue taking milk from him.

**Pine Grove Mention.**

Amos Koch is suffering the torments of grip.  
Miss Mary Gardner, who has been seriously ill with pneumonia for the past ten days, is improving.  
W. J. Myers spent last week in Alexandria, preparing for the rush he expects in the spring.  
The venerable Mr. Piper and his wife, two well preserved and happy mortals, are visiting their son Jesse, on Main street.  
Mrs. Lulu Armstrong, as charming and graceful as ever, was down from Tyrone to take part in the bean sale.  
Miss May Condo, daughter of ex-sheriff Condo, has been visiting friends here, ere she starts to her new home in Millheim.  
Mrs. Andrew Lytle has been so sick with pneumonia that her husband has been obliged to miss all the sales, a great sacrifice for him.  
Wesley Decker came very near handing in his accounts, last Monday, when a tree he was dislodging struck him on the head. It took several stitches to sew up the gash and at this time he has not fully recovered.

James and William the two younger sons of the late Wm. Musser, left this place, last Tuesday, for Orangeville, Ill., where they will remain for a time with their uncle Emanuel Musser, who is not enjoying the best of health. Their intention is to secure employment if possible and establish homes for themselves.  
On the 29th, the P. O. S. of A. banqueted themselves at the home of T. A. Frank, at Rock Springs, and besides being loyal to the stars and stripes they staid faithfully by the table much of the evening. The feast was in keeping with the organization, full and up to date. The membership is large and their entertainments are always worth attending.  
The public sales are fairly well attended but so far the bidding has not been lively. Farming implements are selling very low, hogs, sheep and fresh cows bring fair prices, but owners of young cattle are not realizing what they should on them. Horses are a drug on the market, those that would have brought \$150 or \$200, a few years ago, are selling at from \$10 to \$50.

The bean sale was a perfect success. Stewart McAuley as auctioneer kept up a lively cry until the scene was like unto a stock exchange. Claud Aikens welcomed the guests so cordially and the music, recitations and little drama were rendered so entertainingly that the occasion was one of pleasure as well as profit. Mr. Aikens, Misses Sadies Danley, Alka Musser and S. E. Goss created much amusement with their humorous recitations and the refreshments were certainly appreciated and bountiful for the 150 who partook of them. Mr. and Mrs. D. G. Meek succeeded in giving their guests a royal good time and the missionary society of the Lutheran church twenty-seven dollars and sixty-nine cents as the proceeds of the evening. The missionary collections taken last Sunday at the different churches were \$32.25 at Pine Grove, \$18.19 at Pine Hill and \$13.81 at Gatesburg.

**Hublersburg.**

Many of our people are still attending the revival services held at Nittany.  
Sup't. C. L. Gramley visited the Walker township schools last week.  
The Hublersburg grange will meet tomorrow, Saturday, evening.

Miss Bertha Miller, the possessor of a fine alto voice, is the guest of her sister, Mrs. Geo. Hoy.  
Mrs. Losh, Mr. and Mrs. Johnston, and George Beirly attended the funeral of the latter's brother, John Beirly, at Tylersville, last Saturday.  
H. E. Beirly went to Milesburg, last Saturday, and addressed the teacher's institute held there in the Presbyterian church, on the subject of child-mind study.  
The song service in the Reformed church, was very well attended last Sunday. Miss McCune had a good essay, it being read by Mrs. J. H. Carner. Selections were read by Miss Ethel Miller, Miss Jennie Vonada, Mrs. William Markle, Mrs. Walkey, Mr. Charles Lee, and remarks were made by John Hoy Jr., Jared Lee and Rev. Runkle.

**Centre Hall.**

Mrs. W. B. Mingle started for Philadelphia, Wednesday morning, on a visit to her daughter, Mrs. J. Emory Hoy, 2642, North 16th street.  
Elsie Foreman, daughter of F. A. Foreman, while walking through the yard, on Tuesday morning, fell on the ice and dislocated her shoulder bone.  
Your correspondent is vindicated in the statement that the borough's debt is only \$400, by an official notice published in the Reporter. The truth shall prevail.

Miss Emma McCoy is a delegate to the women's missionary convention of the Presbyterian church, in session at Clearfield, and is acting in that capacity at present.

Centre Hall will be largely represented at Prof. Wolf's school, at Spring Mills, next summer. Fully a dozen young men and ladies have pedagogism in view.

In recognition of C. F. Deining's great efforts to have the town own and operate its own water supply he was unanimously chosen president of the town council.

Miss Florence Rhone went to Kansas, a few days ago, and will be absent until the June days come. She is the accomplished daughter of Hon. L. Rhone, living a short distance south of town.

A large circle of young people about Tusseyville deeply mourned the death of Marion Rosman, which occurred last week, in the interment taking place Saturday. She was the daughter of Michael Rosman, and just entering the years of womanhood.

Mrs. Eisenberg's Sunday school class will give an entertainment in the Reformed church, Saturday evening, of next week. Mrs. Eisenberg has considerable skill in this line, and having the support of the entire school, without doubt, will be able to highly entertain the hearers.

**THE WATER QUESTION.**—The one topic discussed by the towns people is "water." It is not a discussion so much pro and con, because it is generally accepted that the town in a very short time will own a water plant to be proud of, but the great advantages gained by the borough having ample water supply at all times and for all purposes at a less tax rate is the theme. The initial step to secure this end was taken Monday evening after the organization of the new town council. The organization was effected by electing C. F. Deining, the motion man, president, and E. J. Wolf, secretary. After the routine business was gone through, a measure was passed asking the voters to decide whether or not the sum of \$5,000 should be expended for a water supply. \$5,000 is 0.43% of the entire taxable property of the town. The day set to decide which way the "straw" blows is Tuesday, April 6th, and the result, as indicated above, is a foregone conclusion.  
Did you ever take time to figure up what the borough is paying for the water it now uses? Here are a few figures for a basis to make your calculations upon. Monday was water-tax day and receiver Luse's tax duplicate, as near as can be ascertained, for six months was the sum of \$120, making for the year \$840. This is equivalent to a six per cent. interest on \$14,000! The original water stock footed up \$2,000, and at present the company's plant is worth at a fair estimate \$3,500. It will be seen from this how easy it will be for the town to pay for its own water supply by laying the same rate of tax assessed by the present water company.  
Let us have more water so the present steam manufacturing plants will not be hampered, and that new industries will be enabled to start up. With a first-class water supply Centre Hall will flourish, and thrive.

**Books, Magazines, Etc.**

The most intensely interesting people of the world just at this moment are the millions of famine and plague stricken India. But little is known of this region by the people of the United States. Such reports as come to us are the things seen through British glasses. What has been the effect of British rule in India? Why these terrible famines? Why plagues? Julian Hawthorne has been sent by *The Cosmopolitan Magazine* to India to obtain answers to these questions at first hand and depict the situation as it appears to an American. The *March Cosmopolitan* contains the first of what is probably the most important series of articles ever presented in this magazine. Nothing has been published which gives an adequate idea of the larger operations of business—at least nothing by the class of men fitted for such work by thorough familiarity with the subjects of which they write. The article in the *March Cosmopolitan* on "The Methods of Banking" by the President of one of the largest banks of New York—A man of widest business experience—former Postmaster-General James—is one which every person, however humble his clerkship or high his place in the financial world, will find interesting and instructive. This series will constitute a very complete course of business training, and every young man just entering business life and every old man will alike find it of immense value.

A first prize of \$500 and a number of smaller prizes have been offered by the *Century Co.*, publishers of the *Century Dictionary and Cyclopedia*, for the best answers to a hundred and fifty questions covering a broad range of information. A sample question, which is easier than some of them, is as follows: "What is the approximate difference in altitude between the loftiest Alpine summit and the bed of the greatest depression in the Mediterranean basin?"  
An additional prize of \$500 is offered to any one who can answer 90 per cent. of the questions from any ten published works of reference other than the *Century Dictionary and Cyclopedia*.

**Catarh and Eye Trouble Cured by Dr. Salm.**  
For several years, my daughter Dilla, has had a bad case of Catarh accompanied by all the usual symptoms attending the disease. Catching cold continually. At last the eyes became afflicted, they became weaker and weaker from inflammation, then we became alarmed, and brought her to Dr. Salm. After a course of treatment, she is now, thanks to his skill, entirely cured.

**A Fearful Case of Rheumatism Cured by Dr. Salm.**  
I have had a fearful case of rheumatism for over 3 years, so bad that I could not lift my arms to my head, and at every change of the weather the pains were most excruciating. Any one having suffered with rheumatism, can only appreciate what I mean. I have only had 3 months' treatment from Dr. Salm, you might almost say, I am cured, and I am happy once more. I was 71 years old at my last birthday.

**After Having Tried Buffalo, Pittsburgh, Greensburg and Indiana Co., Physicians, Her Suffering Grew Worse, but Dr. Salm Cured Her at Last.**  
For more than 10 years I have been leading a miserable existence, on account of illness. I had tried at least 10 doctors in Buffalo, Pittsburgh, Greensburg and surrounding towns. My suffering grew worse and worse. I became thin, too weak to work, and passed many sleepless nights. Couldn't eat, my stomach was out of order, and my nerves seemed all unstrung. I don't want to live through another such a time, for anything in the wide-wide world, and often I have prayed to die. After I had given up all hope of enjoying health again, I decided to consult Dr. Salm, and thank the good Lord, that I did so. After a course of treatment, I once more enjoy fine health, eat, sleep and work once more, as heretofore. I am truly grateful to Dr. Salm. He certainly understands his business, as my case is not the only wonderful cure he has performed in this county.  
MRS. S. E. MCCREARY,  
Tunnelton, Indiana Co., Pa.

**After Having Tried 8 of the Best Doctors in the Country, Without Avail, Dr. Salm Cured Her.**  
For more than 12 years I have suffered a good deal of pain, in fact, I was in distress and misery nearly all the time, particularly on sitting down. The misery was in my left side, in the region of my heart. It was very seldom that I could attend to my labors. I tried 8 different doctors, so said, the best in our country, but I got worse instead of better, at last I went to Dr. Salm, who makes regular visits to Sunbury and thanks to his skillful treatment, I am now entirely cured.  
MRS. L. B. MURRELL,  
Dewart, Northumberland Co., Pa.

**Every Body Ought to Know What Dr. Salm did for Me. He Cured Me of a Painful Skin Disease.**  
For more than 4 years I have had a most terrible skin trouble. I seemed to be covered, like a fish with scales all over my body, even to my face not excepting my eyes. The pain was almost unendurable, and I walked the floor many a night, on account of my agony. To work, was out of the question, nor could I wash myself. I tried 6 of our best doctors, spent money on patent medicines, such as Cuticura, Golden Medical Discovery Ointments, etc., got treatment from Pierce Medical Institute, Buffalo, but it went from worse to worse. Then I heard of Dr. Salm's wonderful cures in his neighborhood, took his treatment, and to-day, I am a new man. No more skin trouble. I am working again, and as well as ever. Every body ought to know this.  
FRANK RICHARDSON,  
Dunlo, Cambria Co., Pa.

**Bad Case of Sore Eyes Cured by Dr. Salm.**  
Ever since I was a babe, I have suffered with sore eyes. They became very painful, and with every cold I took, and that was often enough, they became worse and worse. Little scales had to be removed from the lashes every morning, and the margin of the lids began to look like raw beef; of course all this didn't enhance my eye-sight, nor improve my appearance. The doctors around here didn't do any good, my eyes got worse and worse. I am now 20 years old, I went to Dr. Salm, and he has done wonderful work. No more redness, no scales forming, soreness has almost entirely left, and my eye-sight is better. I know I will be cured in a short time.
