THINGS ABOUT TOWN AND COUNTY

WHO WILL BE THE FIRST?—Of the hundreds of subscribers who will read this issue of the WATCHMAN there are a great many who owe something on their subscription. It has been our custom to be as lenient as possible with our subscribers, but while thinking over the matter yesterday we wondered who would come to our assistance first should it be necessary to call upon subscribers for immediate remittances.

We became so curious to know this that we have decided to try and find out and now ask you, whether you owe much or little, to make a remittance of some amount as quick as you can. We want to see which one of our subscribers, in arrears, would be the first to make some return for our leniency.

—Stewart Fleck and family will move back to Bellefonte, from Tyrone, next week.

—Plans are being laid for a reunion of the students of the old Academy at Pine Grove Mills on June 17th.

—There will be a wedding in June that will set the society tongue of Bellefonte to wagging furiously.

—Mrs. Jennie M. Fisher, of Millheim, died very suddenly on last Sunday afternoon. Mrs. John Keeler of this place is a daughter.

—The fifth annual district convention of the firemen of Centre, Blair and Clearfield counties will be held at Houtzdale, August 17th and 18th.

—As brother Al is still laid up with rheumatism Jas. C. Noll is helping proprietor John Neubauer look after the comfort of Brockerhoff house guests these days.

—Miss Lena Callahan, of Linden Hall, was married to John Raymond, of Lock Haven, on Tuesday evening. The ceremony took place in the united Evangelical church in the latter place.

—The United Brethren in Philipsburg have purchased a site for a church and parsonage. The lots are at the corner of Tenth and Pine streets and a neat church is to be begun the coming summer.

—Miss Lodie Musser was the recipient of a fine lot of roses. She gave one to "the man about town," which was highly appreciated. She received them from ————; You know who.—The Millheim Journal. Why should this paragraph interest Bellefonte? There's a riddle for you.

—W. L. Daggett has re-leased the Bush house for another term of five years. This is good fortune for Bellefonte and the traveling public as the Bush house has been made a first class hotel by Mr. Daggett and his family have formed friendships in town that need not be severed without regret.

—A. G. Morris, of Tyrone, extensively interested in the lime industry in this county, is building a barn on his 400 acre farm, near Tyrone, that will be about the largest in this part of the State when completed. It will be 160 ft. long by 70 ft. wide and will be entered from the ends instead of from the side, as is customary with farm barns. The "barn floor" will run the entire length of the mammoth structure.

—Mr. and Mrs. S. M. Buck are breaking up housekeeping. They are storing their goods in the Arcade and will try boarding for awhile. Mr. Buck's new work as salesman for a large anthracite coal company will keep him away from home so much of the time that it will doubtless be pleasant for Mrs. Buck to board. F. H. Thomas will move into the house they are leaving.

—Mrs. George Cathcart, of Bush's addition, has again invoked the strong arm of the law to protect her and her harmless children. This time it was a man who smote them and, on Wednesday, Milesburg justice hauled him up before Keichline for a hearing. Poor Mrs. Cathcart is compelled to go to Milesburg for her law now, but then that is largely her own fault since she liked Bellefonte law so much that she wanted it all the time and the authorities finally became chary with it.

—A very delightful event to those who were fortunate enough to have been there was the surprise party at the home of Philip Haynes, near Snow Shoe Intersection, on last Friday. There were fifty or more friends of the family gathered there as a surprise and a right joyous one it was for all. Had the weather not been so inclement the number would have been much larger, but as it was every one had a pleasant day of it. The big dinner that is always a feature in such events was an unusually good one at the Haynes' surprise.

—Early last Friday morning the Philipsburg brick company's store and office, at Steiner's, one mile from Philipsburg, were discovered to be on fire and before the flames could be stopped three dwelling houses were involved. There being no water service at that point and the mud being so deep the Philipsburg engines were not taken to the scene so the flames licked up everything combustible about the five buildings. The total loss is estimated at about \$15,000, nearly the entire amount being covered by insurance. The origin of the fire is supposed to be incendiary. It is believed it was robbed, then fired to cover up the traces of the crime.

COUNCIL DID NOT SETTLE THE POLICE QUESTION.—Council met, on Monday night, but because member Brachbill of the Fire and Police committee was not present nothing was done in the matter of appointment of new officers for the ensuing year. It is generally believed that there will be one change on the force and several of the councilmen are very much in favor of experimenting with new officers altogether. A number of candidates are in the field and when council finally does get down to work on the question you need not be surprised if A. M. Grenninger, ex-sheriff W. Miles Walker or Col. Amos Mullen are wearing the blue and looking after the place of Bellefonte.

The business transacted by council was as follows: Geo. T. Bush was granted permission to lay a 3 in. water pipe from Dunlop street into Cox's livery stable at the rear of the Bush house. Liveryman Cox has rigged up a motor and will run his horse clipping machine with water power.

Mart Cooney requested that council look after the condition of east-High street, repair the highway and place another electric light there. The request was referred to the Street committee for investigation and report at the next meeting.

William Walker and Wallace Keeler both presented petitions for permission to sprinkle Allegheny street during the coming season. Both referred to the Water committee.

W. W. Montgomery was granted permission to connect with the sewer pipe in front of his Allegheny street property.

The resignation of Col. William Shortlidge as president of the board of health was accepted, president Hillibish having appointed Mr. S. H. Williams to serve the unexpired term. In connection with this business secretary H. C. Quigley Esq., appeared and asked that the annual appropriation of \$100 be made. Council took action and made the appropriation.

The Street committee reported the cleaning of Spring, Allegheny, Bishop and parts of other streets.

The Water committee reported the needed repair of the walls around the big spring and was instructed to act in the matter.

The Nuisance committee reported that a stable has been built within 15 ft. of the street on south Potter street. It is a pretty time for such a report, after the building is up. What should have been done was the prohibition of building it there.

The Fire and Police committee reported two fires since the last meeting and six sections of bursted hose repaired.

The Building committee reported that after consultation with architect Robert Cole it had been found that a suitable building for an engine house and council chamber could be erected on the borough's Howard street lot for \$4,000. The plans for the building were submitted to council but no action was taken, the committee having been instructed to look into the matter further until the next meeting.

Burgess Naginy called the attention of council to the disreputable condition of the lock-up and also suggested the establishment of police headquarters. The idea is a good one and could be carried out at a small expense. Such a proceeding would make it possible for the public to know just where an officer could be found at any moment and the nuisance of having to hunt for one until his services are not needed, as is often the case, would be done away with.

Bills to the amount 145.89 were approved and ordered paid.

THERE WERE RAZORS IN THE AIR.—The coffee colored population of Lock Haven was stirred up, on Saturday night, by a cutting affray that occurred at the Zion A. M. E. church in that place. As is usually the case one fellow got the worst of it and he sports the name of "Rastus" Sage. Frank Henson, Wilbur Henson and Peter Peterson were the assailants and it reports be true they cut poor "Rastus" almost to mince meat.

Of course the minions of the law were called upon to arrest the culprits, all of whom were scooped in Lock Haven, except Wilbur Henson who made tracks for this place just as soon as he heard that they were after him. In all the resplendent glory of a brown sweater with a collar wide enough to have been pressed into service as a vest, had Wilbur but cut arm holes in it, he arrived here and was sunning himself on East High street, Tuesday morning, when one of our sleuths swooped down upon him and he was escorted to the lock-up.

Constable Probst, of Lock Haven, arrived on the 1.05 train and took the prisoner back to that city.

T. FRANK ADAMS MAKES A SUCCESSFUL START.—The WATCHMAN having previously announced that ex-county commissioner T. Frank Adams contemplated engaging in the bridge business, as agent for the Havana, N. Y., bridge company, it will be gratifying news to his friends to learn that his first bidding has been successful. The first contract he has secured for his firm will be the building of two bridges over Bald Eagle creek, in Union township, at Unionville. The award was made on Tuesday in competition with three other old bridge men.

One bridge will be a 124 ft. single span, high truss structure with a 14 ft. roadway. The other is an approach to the larger structure and will be 54 ft. in length with low trusses.

The township will be required to build abutments for both bridges.

—Post master J. C. Smith, of Millheim, has rented a room in Gephart's brick block, in that place, and will open a general merchandise store.

—Mr. Jacob Bower, aged 76 years, a respected resident of Altoona, died at his home in that city on Sunday morning. Deceased was the father of Mrs. Albert Owen, of Milesburg, this county.

—The Du Bois Courier is trying to excite enough enthusiasm to have a base ball league formed that will include Du Bois, Clearfield, Patton, Johnstown, Altoona, Tyrone, Bellefonte and Philipsburg.

—If the special train is run over the Central next Friday night to carry Bellefonters to "The Drummer Boy of Shiloh," in Lock Haven, it will stop at all points along the line to take on and leave off passengers.

—Lock Haven home talent will produce the war drama, "The Drummer Boy of Shiloh," on the 25th, 26th and 27th of this month and it is likely that nearly the entire caste of the Bellefonte production of the play will go down to see the play.

—Next Wednesday, March 24th, the Northern Pacific railroad land department world's fair product car will be in Bellefonte for public inspection. The car is a moving museum of the flora and fauna of the north-western States and is well worth seeing. It will be side tracked near the Pennsylvania passenger station for one day only and admission will be free.

—While returning from a funeral near Tyrone, one Monday afternoon, a colored driver lashed his team indiscreetly as he was descending the Birmingham hill. The horses ran away and jumped into a buggy in the road in front of them. Mr. and Mrs. William Johnston and their little grand-son were occupants of the buggy and all were thrown out backwards and seriously injured by being trampled.

—Rev. George Zehner, of the Bellefonte Evangelical church, having been relieved of pastoral duty by the recent conference of his church, has decided to move to Lewisburg, there to make his future home. Rev. Zehner requested to be relieved of work and the Bellefonte charge regrets that his health has forced him to withdraw from active ministerial service. He has decided on Lewisburg as a home because the water there agrees with him better than our hard limestone water and then he served the Lewisburg charge for many years. They will leave Bellefonte on the 22nd.

—The departure of W. T. Achenbach from Bellefonte and the closing of his pretty diamonds jewelry and rare bric-a-brac store on the Diamond has deprived Bellefonte of a place where the latest and daintiest novelties could always be found. Mr. Achenbach's taste in the selection of his stock was such that his show windows were a constant source of interest to those who appreciated smart things in his line. He has gone to Glen Falls, N. Y., where he will engage in the same business but even on a larger scale than in Bellefonte. If the people of that city but appreciate the opportunity Mr. Achenbach will undoubtedly offer in the way of a fine store his success will be assured. During the six years he was in business in Bellefonte he made many friends who regret that he has left yet are glad that he has located in a city where a larger field is afforded him.

WOODRING—GALBRAITH.—Ex-sheriff D. W. Woodring surprised his many friends by getting married, on Wednesday evening, and was away with his bride almost before anyone knew that he contemplated such a step.

Rev. E. E. Hoshour of the Lutheran church, married Mr. Woodring and Miss Mary Galbraith, at the bride's home on east Howard St., at 7 o'clock on Wednesday evening. The only witnesses of the ceremony were Miss Kate Hewes and Miss Ida Weaver. The couple left on an evening Central train for a short wedding tour.

Mrs. Woodring is a daughter of the late Bartram Galbraith and has always enjoyed the esteem of the people of Bellefonte. The friends of both bride and groom will unite in wishing them a life of happiness.

PUBLIC SALES DURING THE WEEK.—During the coming week there will be five public sales that we want to call particular attention to because at every one of them there will be articles offered that you might have need of.

First comes the sale of horses, harness, buggies, robes and livery equipment at John Corrigan's, at State College. His sale will begin at 1 o'clock. Saturday afternoon, March 20th.

On Monday, March 22nd, the farm stock and implements of the late John G. Hall will be sold at the homestead, 1 mile west of Unionville. This sale includes fine horses, cattle, pigs, grain and other articles and will begin at 1 o'clock in the afternoon.

On Tuesday, the 23rd, J. H. Miller will have a sale on the Col. Ayre's farm near Rock Spring, in Ferguson township. This will be one of the big sales of the season and will begin at 10 o'clock in the morning. Mr. Miller is the owner of much fine stock and improved implements all of which will have to go under Goheen's hammer.

On Wednesday, the 24th, D. L. Dennis will dispose of his stock, 2 miles north of Pine Grove Mills. The articles he has to sell are all in good condition and you will find excellent bargains awaiting you there. The sale will begin at 1 o'clock.

On Thursday, the 24th, Charles Wright will offer his stock and implements at public sale. Mr. Wright has good stock and says it must be sold. He lives 1 1/2 miles west of Pine Grove, where his sale will begin at 1 o'clock.

NOT MUCH BUILDING THIS SUMMER.—Inquiry among the Bellefonte contractors has elicited the rather discouraging news that there will not be much building done in Bellefonte during the coming summer. At present very little is in prospect and unless things brighten up in the building line carpenters, masons, plasterers, painters, plumbers and laborers will have to depend on whatever can be gotten to do in the way of repairing and remodeling.

William Humes will build a new stone or brick stable on the rear of his Allegheny street home.

Mrs. James Stickler is consulting with a contractor with a view to erecting a three story brick building on the Howard lot on Bishop street. Mrs. Stickler purchased the site and intends improving it. If the plans in prospect are carried out a very creditable building will soon be put up on that street. It will be three stories high, a store room with fine glass front on the first floor and dwelling apartments in the rear and above.

Mrs. Evelyn Rodgers will remodel her new purchase, the Townsend Moran house, on North Allegheny street. It is her intention to raise the roof, making rooms on the third story, add a new back porch, a conservatory and change the interior arrangement on the first and second floors.

The borough's new public building is in prospect. If council decides to erect one this summer there will be a \$4,000 job for some contractor. According to the plans now under consideration it will be a severe plain stone and brick structure 60x48 ft. with a 55 ft. centre tower. The first story will be of blue lime-stone, the second of brick, with brick cornice and iron roof making the structure as nearly fire proof as possible. On the Howard street front there will appear three large double arched doors, a large window and small entrance way at extreme right. The large doors would enter to tracks for a hook and ladder truck, hose trucks and engine respectively. Immediately in the rear of the engine track are two box stalls for horses, with a feed room, 12x17, to the right, and an 8x12 sleeping room for the driver. In the north west corner is the mayor's office, 12x16, and election room for the North ward. The stair case runs up the west end of the building to the second floor where a council chamber, 22x24, with a large vault, is provided for. The rest of the second floor is divided into an assembly room for the Logan engine company, 26 1/2 x 45 1/2; an ante room, 16x16, a wash room, 8x14, and a bath, 8x14. The borough lockup is provided for in the basement. Entrance to it would be made from a 5 ft. alley way that would be left along the west end of the building. In the basement arrangement there is also planned a boiler for heating the building and keeping hot water in the fire engine.

A HAPPY WEDDING.—On Tuesday at noon, a joyous wedding took place at the home of Mr. and Mrs. A. Baum, on East Bishop street, when their daughter Rosa, was united in marriage to Jacob D. Hassel, of Syracuse, N. Y. Although a quiet family affair on account of the recent death of the groom's mother, it was a most happy and pleasant event. The hackneyed idea of a happy maid that the sun shone on was certainly carried out in this instance, for the day was perfect and as the bridal party descended the stairs and took their place in the parlor, where a bank of flowers and plants had been arranged, the sun shone brilliantly bright and fair. The bride looked exceptionally well in her handsome gown of cyclamen broadcloth braided in black and after Rabbi Kline, of Altoona, pronounced the ceremony, received the congratulations in a pleasing manner. A breakfast consisting of all of the good things to eat that you could imagine, was served and after much merriment and the young people left on the 2.15 train for Washington and New York.

Rosa was connected with this office for seven years and we know that Mr. Hassel is to be congratulated for she is a most amiable and energetic young lady. The gifts were beautiful and in addition to the out glass, silver, china, linen, rugs and furniture, there was one hundred and eighty-five dollars in gold. They will go to housekeeping in Syracuse, where Mr. Hassel, who is a big hearted, generous, good fellow, is connected with a wholesale jewelry firm. The guests from a distance were Miss Clara Hassel, of Syracuse, a sister of the groom, Mrs. and Miss Goldstein, of Lock Haven, Mrs. Jessel, of Altoona, and Samuel Baum, of Philadelphia.

BE READY FOR THIS FELLOW.—Chief of police Montgomery yesterday received word from Keen & Hagerty, a Baltimore hardware firm, that there is a man traveling Central Pennsylvania territory representing himself as their agent. It is his scheme to offer a lot of handy kitchen utensils at an amazingly low price but in order to insure delivery half cash must be paid down. In case it is done that is the last that is seen of agent or money.

METHODIST CONFERENCE AT CLEARFIELD.—The Central R. R. of Pa., has authorized its agents to sell special excursion tickets from Bellefonte and local points to Clearfield and return at rate of \$2.72 for the round trip on account of the Methodist conference. These tickets are good going from March 13th to 23rd and for return on or before March 26th.

—While coming home from Pine Grove Mills on the excursion train, last Thursday night, Geo. Eberhart, of east Lamb street, got his foot caught between the bumpers of two of the cars and had it badly crushed. The accident occurred just as the train was passing Hunter's park.

—Miss M. R. Graham has gone to Philadelphia and New York to make her selection of spring millinery.

—The Bucknell university basket ball team will play at State College to-morrow evening. It is probable that a special train will run up from this place if enough people can be secured to warrant it. The game will be well worth seeing.

—If you want to go to Lock Haven next Friday night to see the talent of that town produce "The Drummer Boy of Shiloh" leave your names at this office. The round trip fare will be only 50cts. and the train will leave the Central depot about 6 o'clock, returning after the entertainment. It will only be run providing enough people can be secured to pay for it.

—New spring clothing just opened at Faubles'. Prices much lower than ever. It will pay you to investigate.

FOSTER'S WEATHER PREDICTION.—My last bulletin gave forecasts of the storm wave to cross the continent from 13th to 19th, and the next will reach the Pacific coast about 18th, cross the west of Rockies country by close of the 19th, great central valleys 20th to 22nd, eastern States 23rd. Warm wave will cross the west of Rockies country about 18th, great central valleys 20th, eastern States 22nd. Cool wave will cross the west of Rockies country about 21st, great central valleys 22nd, eastern States 25th.

This disturbance will cause severe storms in many parts of the United States and a cold wave causing blizzards in the north-west will be a part of its closing effects. This will be the "equinoctial storm." but it must not be supposed that storms always occur precisely at the equinoxes. Equinoctial storms may occur at any time within ten days of the equinoxes, the dates being determined by planetary influence. This forecast, as many others in these bulletins, has special reference to the whole United States as an average.

—Bicycles enameled any color. Tires vulcanized good as new. Columbia Agency, Bellefonte, Pa.

MARRIAGE LICENSES.—Following is the list of marriage licenses granted by orphans' court clerk, G. W. Rumberger, during the past week.

Samuel H. Gross and Margaret Stump, both of Linden Hall.

John K. Nichols and Minerva Shinefelt, both of Osceola Mills.

George F. Minnick and Ellen H. Snavely, both of Nittany.

Peter W. Toot, of Bellefonte, and Annie M. Wantz, Blanchard.

Joseph Messmer and Annie R. Sampsell, both of Penn Hall.

Chas. H. Shriner, of Millifinburg, and Fannie L. Funk, of Millheim.

Emanuel Crader, of Penn Hall, and Cora A. Snavely, of Coburn.

Jacob D. Hassel, of Syracuse, N. Y., and Rosa Baum, of Bellefonte.

John Grove, of Lemont, and Hannah Behrer, of Waddle.

W. H. Nyman and Julia Reeder, both of Boggs.

Joseph Reese, of Boggs Twp., and Emma Brown, of Union Twp.

Daniel W. Woodring and Mary Galbraith, both of Bellefonte.

A STRONG FINANCIAL INSTITUTION.—The statement of the First National bank of Philipsburg that has just been published shows that institution to be in splendid financial condition. At the close of business, March 9th, 1897, its books showed a surplus of \$102,296.51 over and above the capital stock and the amount due depositors and other banks. The gross resources of the institution are \$329,753.45.

With such men as William P. Duncan, Geo. W. McGaffey and O. Perry Jones directing it little else could be expected than a report of a most reassuring character to the directors. This is the bank in which Frank Lukenbach, formerly with Wm. F. Reynolds and Co., bankers, of this place, is associated.

SELLING BRYAN'S BOOK.—We desire to call the attention of our readers in Penns and Brush-valleys that Mr. E. S. Bierly, of Lebersburg, is canvassing for William Jennings Bryan's new book, "The First Battle." It is a splendid work and marks the beginning of a new epoch in the political history of this country. It should be in every Centre county home, irrespective of politics, since it deals with a question that is surely coming to be a vital one with all people.

Mr. Bierly will cover his territory thoroughly and will treat all with courtesy and consideration.

AN UNKNOWN MAN KILLED AT POWELTON.—No one knew who he was so the unfortunate, who was killed at Powelton, at 8 o'clock Monday morning, was buried in a pauper's grave by the Rush township poor overseers.

The man was about 35 or 40 years old and is supposed to have been a tramp. He was walking on the railroad track, near Powelton, when he stepped from one track to another until a train passed. He did not notice the approach of another train and was struck. His jaw, one arm and one leg were cut off.

It is said that the Keating wheel Co., Middletown Conn., desire a good agent in Bellefonte. As the Keating is known the world over as one of the finest and easiest running wheels made, it would seem as though some of our business men might open correspondence with the Keating people to good advantage. The wheel is a ready seller. 42-10-5t
