His Bellefonte friends will be pleased to know that he went through the operation very nicely and is recovering as Eagleville. There was a remonstrance fast as can be expected.

THE LATE DAVID M. BUTTS. -- The announcement of the death of David M. Butts, so long a resident of Bellefonte, matory. which occurred in the Pennsylvania hospital, at Philadelphia, last Friday afternoon, was indeed a shock to the solicitous friends here who had believed his admission to that institution to be the beginning

of a way to sure recovery. Mr. Butts had been broken down with nervous prostration since January. At times his condition became so alarming that his boys were all called home and their presence at his bedside seemed to have such a salutary effect that he recovered sufficiently to be taken to the hospital for an operation, which it was thought would give him permanent relief. He was taken to Philadelphia, on the 10th ult. and with-stood the operation very successfully, but just when he began to recover the old nervous trouble reasserted itself and his failure was so rapid that death claimed him almost before the family realized his danger.

Mr. Butts married Eliza Armor, on March 5th, 1863. She died February 3rd, 1892, leaving him with four sons. Funeral services were held in the Presbyterian church and interment made in the union cemetery. He is survived by four sons. Lawrence and William, of Philadelphia; Edward P., Bellefonte.

AN OLD CENTRE COUNTY SURVEYOR .-Samuel Brugger, of Fleming, Centre Co., was a prominent lay delegate to the Methodist conference, which closed its business at this place Tuesday, after a week's hard work. Mr. Brugger figured more perhaps than any other man in Central Pennsyl vania in the construction of the Beech Creek and C. M. railways, which have contributed so much to our development. It would seem that the Beech Creek rail-road was a long time reaching perfection, for away back in 1865 Mr. Brugger surveyed the same route from Snow Shoe to Beech Creek for private parties in Lock Haven. Then, in 1874, he surveyed on up the line which the Beech Creek follows as far as Clearfield bridge, and in 1881-82-83 pushed to Cherry Tree and Carrolltown. In 1890 he traced the route from Patton to Westover. His record in building rail-roads dates back 44 years, when in 1853 he assisted in building the Bald Eagle valley road.—Clearfield Spirit.

It was largely through his efforts that the plant secured the excellent reputation it enjoys for turning out hesitancy in making the following announcement.

H. M. Krebs, successor to W. J. Meyers, of Pine Grove Mills, is ready to take orders for carriages, wagons, buggies and all kinds of vehicles. A FEW HORSE NOTES .- M. B. Garman's pacing mare, Dolly Spencer, will be shipped to DuBois about the 5th inst., where James Chambers will work her preparatory to a season of campaigning. Chambers will take her along with his season's string and as the mare has a record of 2:22, with a trial in 2:16, she will be very apt to be heard from along with the fast ones. Chambers

will drive Hal Pointer again this season. Shem Spigelmyer's "Billy O." will be sent to the track shortly for preliminary work.
