

Bellefonte, Pa., Sept. 24, 1897.

FARM NOTES.

Never send old geese to market as they are unsaleable; but keep them for breeding purposes...

The use of Paris green as a preventive of the depredations of the cabbage worm is general, the claim being that the poison is thrown off by the leaves...

There is nothing better than frequent cultivation of cabbage to make it grow. Every time the soil is stirred, and especially in warm, wet weather...

To secure currant and grape plants take the new growth, after the leaves fall, and cut into lengths of eight inches...

Corn will fatten a hog quickly, but if weight is desired, and a carcass containing both lean and fat is preferred...

Red raspberries differ very much from the black varieties. To propagate black raspberries the tips of the canes must be bent over and buried in the ground...

Dr. C. Keller, of Zurich, asserts that spiders are doing most important work in preserving the forests by protecting trees against devastations on the part of insects.

There is in cities comparatively little demand for clover hay, the idea being that it is good only for cows, and should never be given to horses.

The best time to water plants is just at evening or at sunrise. Water may be given to the roots at any time, but should never be sprinkled over the leaves in the hot sun...

Considering its nutritive value flaxseed is now a cheaper feed than almost any other grain. But it is concentrated a food that only a little can be fed with advantage at any one time.

As precautionary measures to prevent the introduction of the San Jose scale into new districts, Professor Forbes suggests the following: No orchardists should admit a single young fruit tree or a single cutting from a distance into his orchard...

Pure, rich blood feeds the nerves. That is why Hood's Sarsaparilla, the great blood purifier, cures nervousness.

Is Filled With Boulders.

SEATTLE, Wash., Sept. 19.—Sylvester Scovel, the newspaper correspondent, is now in the city, having arrived from Skaguay to-day on the steamer Rosalie.

From the best information which he could obtain, gathered from all sources, he believes that 2,500 men have gotten over the Chilkoot pass and few had gone on down to the mines.

The Canadian builders had not money for dynamite. To get away from these boulders the miners have throughout the entire length of the pass gone up above the boulders on the side on the hill and made their trail.

Instead of following along the Skaguay river bank where there is an easy grade, though, of course, greatly obstructed by boulders and in places entirely blocked by precipitous points, they cut into the river, the prospectors went off to the side in their great rush to get through in a hurry.

The men who have gone to the Skaguay pass with determination and grit have succeeded in getting over it with their outfits, while those devoid of these qualities have given it up in disappointment.

W. L. Bunker, of Milan, Kan., who is said to have raised the largest wheat crop in Sumner county, is a son of the famous Siamese twin.

When the twins had become rich they settled in South Carolina, bought two large adjoining plantations, and married nuptial girls. About 1886, ten or twelve years after the death of the twins, two of the boys went west and settled near Milan, where they still live.

A single type dropped from one of the forms of the Pittsburg Leader the other day, says an exchange, and it cost the paper \$405. It appears that a Pittsburg firm had advertised in that edition of the Leader a special sale of ladies' wrappers of 95 cents each.

F. I. Smith, the "Borax King," will establish a million dollar refinery near New York to employ 200 men. Mr. Smith will get from Turkey and South America. The borax will be shipped from southern California in a raw state.

Miss Annie Leonard, of Shamokin, fell asleep early Saturday evening and all efforts since to awaken her have been futile. Physicians have tried all kinds of treatment, but the girl sleeps on.

My daughter is very spiritual; she kept up her church work through all the hot weather. "What kind of church work?" "She went to the seashore and came home engaged to a clergyman."—Chicago Record.

Henry Gebeth of Mount Vernon is dying of lockjaw. He was thrown from his wheel on Labor day while racing. His arm was broken in three places. A few days ago lockjaw set in.

—Clerk.—"What can I show you, miss something in an up-to-date bicycle suit?" Miss Twentycentury—"No, I wish to see some air-ship bloomers, please."

Four Consuls Appointed.

WASHINGTON, D. C., Sept. 18.—The President to-day made the following appointments: Silas C. Croft, Surveyor of Customs for the port of New York.

Charles M. Dickinson, of New York, Consul at Constantinople. Mr. Dickinson is editor and proprietor of the Birmingham Republican, one of the most prosperous daily papers in the interior of the State.

James W. Ragsdale, of California, Consul at Tientsin. C. C. Manning, of South Carolina, Consul at St. Michael's, Azores. Benjamin F. Clark, of New Hampshire, Consul at Pernambuco, Brazil.

ITHACA, N. Y., Sept. 18.—Henry W. Sage, widely known for his donations to educational purposes, died here to-day, aged 83 years. Mr. Sage's gifts to Cornell University were as follows: Sage College, \$266,000; Susan E. Linn Sage Chair of Philosophy, with the Home for the Sage Prof. of Philosophy, amounted to \$61,000; for the establishment and endowment of Sage School of Philosophy, \$200,000; University Library Building, \$360,000; and an endowment of \$300,000 for the Archeological Museum, \$80,000, and the floating indebtedness of the University, \$30,000.

THE LAST TWO TEN DAYS excursions of the present season to Niagara Falls via the Pennsylvania railroad will leave Philadelphia, Baltimore, and Washington on September 16th and October 12th.

Excursion tickets, good for return passage on any regular train, exclusive of limited express trains, within ten days, will be sold at \$10 from Philadelphia, Baltimore, Washington, and all points on the Delaware division; \$9.70 from Lancaster; \$8.50 from Altoona and Harrisburg; \$8.25 from Wilkesbarre; \$5.80 from Williamsport; and at proportionate rates from other points.

Are now the two principal gold mining fields in the world. We can give you information about both, but the Klondyke country will be impenetrable until next summer, why not go to Colorado this fall and look over the golden opportunities of that State.

It is cheaper to go to Colorado, and we will receive dollars that more net money can be made in Colorado in twelve months, with less capital, than in the outskirts of the Arctic circle during the same period, at forty times the expense.

Senator Foraker, of Ohio, said he had no intention of challenging Bryan to joint debate. When asked regarding the political situation in Ohio he said: "I do not expect as large a majority as some of the Republicans of my State are counting on. The miners' strike may change the results somewhat, but the labor difficulties in Ohio are being settled satisfactorily to the miners, and I believe we will not notice a falling off of our vote in the mining districts."

The willingness with which both sides agreed to the postponement of the Tuesday shows that the Republicans engaged in the controversy are either afraid to admit the witnesses to be heard, or else are putting up a great bluff to bind the eyes of the people. Surely, if these men value their good names, they certainly would not permit the cloud of suspicion to lower over them so long, if innocent.

Miss Susan B. Anthony's father was seriously warned against marrying his wife, who was Lucy Reed. His family considered her too worldly to be a suitable wife for a Quaker, because she sang and danced and wore pretty clothes. The night before the wedding the young couple went to a neighbor's and the young girl danced until 4 o'clock in the morning. It is said that after her marriage next day she never danced again.

A hearty laugh will often relieve the tension of an overworked brain.

Children Cry for Fletcher's Castoria. Fashionable signature of Chas. H. Fletcher is on the wrapper of every bottle of Castoria.

When baby was sick, we gave her Castoria. When she was a child, she cried for Castoria. When she became Miss she clung to Castoria. When she had children she gave them Castoria.

We are selling a good grade of tea—green—black or mixed at 29cts per lb. Try it. SECHLER & CO.

Medical.

A CHILD'S RECOVERY,

FROM PARALYSIS AND SIX YEARS OF CONVULSIONS. Little Fanny Adams, of Umatilla, cured of a Dreadful Malady A Cure of Unusual Interest—A Reporter Investigates.

From the Lake Region, Easton, Pa. For some time past the Lake Region has been receiving reports from Umatilla, Fla., of an almost miraculous cure that had been effected in the case of Fanny Adams, a daughter of A. J. Adams, of that place, and last Saturday a representative of this paper made a trip to Umatilla for the purpose of determining the authenticity of the same.

The family lives a short distance from the village, where it was found that the people were cognizant of the cure which had been effected, and were rejoicing with the father, A. J. Adams, is a hard working honest farmer from east Tennessee, and the family came to Florida four years ago in the hope that a change of climate would be of benefit to their afflicted child.

Fannie, the youngest child, was born in east Tennessee, and was seven years old on the third day of February, 1897. When ten months old she was stricken with paralysis, which effected the entire left side. This stroke of paralysis was followed by convulsions, and from the time Little Fannie was ten months old until February 1897, there was not a single day or night that she did not have spasms of the most distressing nature. Not a single convulsion, but always three or four, and sometimes as high as ten in one day.

The family was all broken down with care, and Mrs. Adams states that for one year she did not go into her kitchen to superintend her household work. All the fingers of the right hand of the little girl are enlarged and misshapen, caused by her being seized during the fearful suffering.

The case baffled the skill of the best physicians, and they were frank to say that they could not determine the cause or prescribe a remedy to aid the afflicted child. But what a change now in that household; for little Fanny has recently been released from her six years of agony, which brings the light of happiness to the face of the parents.

In January this year, Mrs. Adams, who had purchased some of Dr. Williams' Pink Pills for Pale People for her fourteen year old daughter determined to try their effect upon little Fannie. After three or four doses she noted an improvement and she then told the father what she had done. He at once went to the village and bought another box, and up to this time six boxes have been used.

Dr. Williams' Pink Pills for Pale People are sold by all dealers, or will be sent post paid on receipt of price, 50 cents a box or six boxes for \$2.50 (they are never sold in bulk or by the 100), by addressing Dr. Williams' Medicine Co., Schenectady, N. Y.

Castoria. FOR INFANTS AND CHILDREN. DO NOT BE IMPOSED UPON, BUT INSIST UPON HAVING CASTORIA, AND SEE THAT THE FAC-SIMILE SIGNATURE OF CHAS. H. FLETCHER IS ON THE WRAPPER. WE SHALL PROTECT OURSELVES AND THE PUBLIC AT ALL HAZARDS.

DOLLAR WHEAT. The news of greatly shortened crops, or absolutely ruined crops, are the reports coming to us from India, Europe and South America. Heavy orders for wheat are coming from the other side of the Atlantic, and with the receipt of each order the price goes up, which indicates dollar wheat before the crop of 1897 is sold.

Insurance. THE CENTRAL CO. 77 Murray St., N. Y. J. L. M. SHETTERLEY, Secretary and General Manager, San Francisco, Cal.

A LETTER THAT SPEAKS FOR ITSELF!! PLEASANT GAP, PA., Aug. 14, 1897. MR. J. EDW. LAWRENCE, Manager Union Mutual Life Insurance Co. Bellefonte, Pa. Dear Sir: I acknowledge the receipt this day of the Union Mutual Life Insurance Company of Portland, Maine, for two thousand dollars (\$2,000) in payment of the death claim of my brother's life, the late Dr. S. E. Noll. I wish to thank you for the prompt and business like manner that you and your company have shown in the settlement of this claim.

Medical.

Dr. Salm.

A MATTER OF GREAT IMPORTANCE TO YOU

from 10 a. m., to 2 p. m. ONE DAY ONLY.

EXAMINATION AND CONSULTATION FREE TO EVERYBODY. UNSOLICITED TESTIMONIALS.

Liver and Bile Milk for Years. 9 Home Doctors Paid to Cure me, Dr. Salm Succeeded in Curing.

For more than four years I have had a bad case of catarrh, stomach and general trouble. Took cold continually. For one and a half years I could eat only bread and milk. Tried many different doctors, to get rid of my misery, but got worse and worse. So I went to Dr. Salm for treatment, and to-day I am as strong as ever, can eat anything, and don't take any more cold, and consider myself cured of this terrible disease. JOHN H. KAUFFMAN, Matamoras, Minn. Co., Pa.

Catarth and Eye Trouble Cured by Dr. Salm. For more than five years I have had a very bad case of eye trouble and catarth. The eyes continually got sore and grew weaker and weaker. I always took cold. Dr. Salm cured me. CLEVELAND KIMBERLY, Witnessed by A. J. Kimberly, McVeytown, Minn. Co., Pa.

People Think Dr. Salm Has Done Another Wonderful Piece of Work. I have had a very bad case of catarth and sore eyes for more than eight years, and consequently I gave me a world of trouble. I was obliged to see Dr. Salm, under his treatment the change is wonderfully rapid. My friends are astonished, as well as I am, with me that Dr. Salm has done another wonderful piece of work. LOUIS C. SHANNON, Whitesboro, Butler Co., Pa.

A Case of Catarth and Throat Trouble Cured by Dr. Salm. For more than three years our two children have been suffering from catarth and throat trouble, also enlarged tonsils. They were continually taking cold. Could hardly breathe at night. Their constitutions became undermined. After a short course of treatment with Dr. Salm, they have almost entirely recovered from their miserable disease. J. F. HARRISON, Bellefonte, Centre Co., Pa.

Couldn't Walk 15 Years at a Time, Was no Earthly Use to Any One, Thought I Was Going to Die, but Dr. Salm Cured Me. For 2 years or more, I have had a fearful trouble, began to get very weak, my limbs would not carry me any more, couldn't walk a stretch of 15 yards, and my heart would beat a fearful rate, at the least exertion. It seemed my blood was turned to water, I gradually became pale as one dead. I was no earthly use to any one, and all my neighbors and relatives thought I was going to die. Home doctors couldn't help me, so I went to Dr. Salm, and today, I am happy to state, that I am stronger than ever, can eat anything, do a full day's work, and enjoy life as much as any one, and my color, any one may be proud of. Mrs. SARIE DOBBS, Attested by her father, Frank Richardson, Dunlo, Cambria Co., Pa.

Suffered for 15 Years With Nervous, Inward and Ear Trouble, Tried a Half Dozen Doctors, and a Pile of Patent Medicines, but Had to go to Dr. Salm to be Cured. For 15 years I have suffered very much with nervous, inward and ear trouble, and my condition grew worse and worse. I tried a half dozen doctors, and piles of patent medicines, to no avail. I went to Dr. Salm, and thanks to his knowledge as a physician, I consider myself entirely cured. Those pains, which came every month, and the fearful nervous prostration resulting therefrom, has entirely left me and I feel happy once more. Mrs. W. M. JOHNS, New Florence, Westmoreland Co., Pa.

A Case of Ear Trouble Being Cured by Dr. Salm, Complicated also With Ringing Noises and Deafness. My treatment is for the ear and throat, I am rapidly improving, and I know I shall be cured, which I think will be soon. Mrs. MARY E. DALZIELL, Lewisburg, Cameron Co., Pa.

Address all communications to box 700, Columbus, O. OUR ADVERTISEMENT WILL APPEAR TWICE BEFORE EACH VISIT.
