----Reports from the sales for which the WATCHMAN did the advertising are most flattering. There was a great crowd at commissioner Heckman's sale yesterday, good prices prevailed and everything was sold.

---In last week's issue we stated that James L. Rote and Wm. Poorman, of Coleville, would start for the Klondyke on the 7th. Mr. Poorman has changed his mind and will not go, but Mr. Rote will start just as soon as he can secure a suitable companion.

----Confer's planing mill will be moved from Millheim to Spring Mills about the 20th of the month. When put in operation at that place it will be known as the Spring Mills planing mill Co., Lim., some residents of that place having bought an interest in the business. Harvey Confer, the former owner, will manage it.

- Detective Geo. W. Vernes, who was here working on the armory, court house and electric light fires, has been transferred from Pittsburg to Cleveland, where he has been made the head of the Perkins' Union detective agency. If he has to superintend a lot of rascals like Gillespie his position will hardly be coveted by respectable men.

-W. H. Hepburn, who lives east of Bellefonte, was in town, on Saturday, with a big pumpkin story. According to Bill's version he has a sweet pumpkin that is two years and five months old and still as sound as the day he pulled it and another one from the vine. The other old one was cut up to make Christmas pies and right good ones it made.

-Theodore Haupt left his home in this place, on last Wednesday, and no one seems to know whither he has gone. It is Dr. Dr. R. G. H. A GOOD OLD MAN GONE TO HIS RE-WARD.—The venerable Michael Fishburn. of Benner township, one of the kindliest old gentlemen, and conscientious, died at his home one and one-half miles south of Bellefonte on Sunday evening. Though 70 years, 2 months and 14 days old Mr. Fishburn, assisted by his nephew, Winfield Summers, was able to attend to the work on his farm up until last Wednesday, when he began to suffer seriously from a rupture. The day before he had complained of feeling unwell, but Wednesday morning got up and undertook to start his day's work. It was too much for him and til death released him from suffering.

Deceased was a member of the Reformed church and was a thrifty, honorable old gentleman who regarded his home with almost a sacred love and rarely spent any of his time elsewhere. He is survived by his widow, two brothers, Henry and Wil-

> MRS. EMMA C. DALE.—The death of Mrs. Emma C. Dale occurred at her home, at Dale's Mills, near Pleasant Gap, on Monday afternoon at 1 o'clock. She had been sick for scarcely more than a week when the rheumatic fever, with which she had been suffering, settled in her brain and caused death. Deceased was 38 years old and had been a life long member of the Lutheran church. She was a daughter of Mr. Amos Clemson, of Rock Springs.

Mrs. Dale is survived by her husband her daughter Grace, 10 years old, and three brothers and one sister. The latter are D. M. Clemson, of Pittsburg, president of the gas department of the Carnegie steel and iron company; Frank H. Clemson, resident manager for the same company at Benore; C. C. DIED IN WISCONSIN.—On last Thursday, February 24th, Joseph Reesman, of Sharon, Wisconsin, died in the 82nd year of his age. Mr. Reesman was born near Millheim, Centre county, and spent the early part of his life on a farm near Mackeyville. For five years during the civil war he was interested with his brother-in-law, Robert Mann, in the ax business cents admission to the Lock Haven mid- at Mill Hall. He never recovered from the shock of his wife's death, which occurred a few years ago, but continued to grieve for her as if life had lost its charms. Mr. Reesman leaves a handsome fortune to

> ---Heart disease was the cause of the very sudden death of W. W. Caldwell, at Salona, early Sunday morning. He had retired in his usual good health, but shortly after mid-night was awakened by a strange sensation in his heart. He got up and went down stairs calling his daughter to assist him, but before she could get him into a chair he had expired. Deceased was a veteran of the 7th Penna. Cav. and was 58 years old. He is survived by three children. Burial was made at Cedar Hill, on Tuesday afternoon, the pall bearers having been James Conley, Wilson Miller, I. C. Stoner, Robert Krape, George Krape and P. H. He was a dealer in coal, lime and builder's supplies, with yards on the Schuylkill river front, and was a 32nd degree mason, having been connected with Lu Lu temple, Mystic Shrine, in that city. Mr. Fairlamb was the husband of Mrs. Ada Weaver Fairlamb. who will be remembered as the eldest this place.

-Benj. Harrison Reed, the 10 year old son of John Reed, of Coleville, died at the home of his parents, on Tuesday night. The boy had suffered for nearly a year with heart trouble, but was thought to be on the way to a permanent recovery when the disease became acute and killed him. His remains were buried in the new iron worker's cemetery at Valentine's iron works, yesterday afternoon. Revs. Mc-Ilnay and Wren officiated.

-John Spanogle, aged 73 years, died at the home of his sister, Mrs. Wesley Mc-Kinney, at Port Matilda, last Saturday. Burial was made on Monday.

CHESTER SPRINGS AND COL. CURTIN .--The annual report of the Pennsylvania commission of soldiers' orphan schools is just out and through the courtesy of Col. Austin Curtin, superintendent of the Chester Springs school, we have one before us. It is a very interesting publication and contains a complete resume of the work that is being done at the four schools in which 945 orphan children are being

trained. In view of the fact that Col. Curtin is its superintendent and that Miss Daisy Brisbin has just left here to assume her new duties as an instructor in the school, the one at Chester Springs is naturally the most interesting to us. There they have 268 scholars, 21 of whom will complete their terms this year. For the year ending May 31st, 1897, it cost \$28,784.19 to maintain it and though it had within sixeen of the largest number of children to care for its expenses were \$7.36 per child lower than the school with the lowest number of children, which was the Harford, with 105 less than Chester Springs.

Such a report must certainly be very gratifying to Col. Curtin and his friends. One of the full page illustrations in the report shows a portion of the grounds at Chester Springs and "old Doc.," the Colonel's famous sorrel horse, is posing with as much military dignity as if he were lamp rolled out of her hands and the oil honoring the division staff at a grand review of the Guard.

ANOTHER BOY SENT TO THE REFORMA-TORY FOR CATTLE STEALING .- On Wedbell to the Huntington reformatory where he will serve a term for having been implicated in the stealing of several cattle from the fields of Jacob Woodring, a farmer near Port Matilda, one night last September. He makes the third boy convicted for having helped steal those cattle, which they sold to dairyman McClain, at Bald Eagle.

Edward Woodring was convicted at the last November term of court and sent to the reformatory. Shortly afterward Ardell Campbell was arrested at Bellwood and was tried at the January term. He got two years and three months in the penitentiary. At his trial he implicated his brother Dave, who was then arrested and brought to jail. Not wishing to prolong his time in jail he pleaded guilty at a session of argument court and was promptly sent to the reformatory.

The way they have been hustling the boys off for this cattle stealing job is evidence that it is considered almost as grave a crime in the East as it is in the West.

WHY NOT AN OLD TIME CELEBRATION daughter of the late Geo. W. Weaver, of that brought the matter to mind, but we have heard considerable talk of it and want and other children. to ask your opinon as to the advisability of having a glorious old time Fourth of July celebration in Bellefonte. There has'nt been a big disturbance in the town since Al Dale got the post-office and it behooves us to have a general shake up before our bones get so dry and dusty that they might collapse at the crack of a cannon or cast no shadow in the glare of a red light.

Let us have a good old time, one of those times when everybody bumps into everybody else, when fire-water and firecrackers get mixed in a glorious pandemonium of patriotism and the police don't cut any ice, because nobody cares whether they are police or not. That is the kind of a time we ought to have; something big Lutheran church, on Sunday, March 6th, and glorious and effervescent.

The horses were turned loose onto the streets and the carriages hauled out onto Lamb | Aid society of western Pennsylvania. street. The only things that were not saved were the nickle-ware and the boots and odd harness.

It was fortunate that the Garman stable had a tin roof on it, for that kept the flames confined and probably was the cause of the saving of adjoining property.

Mr. Hamilton carried \$300 insurance on his building; M. B. Garman had \$1,000 on the contents, but all of the amount was specified and on articles saved except \$200. Dr. Seibert's loss is estimated at \$900, on which there is sufficient insurance to cover the amount; the George Tate stable was damaged to the extent of \$150, the loss being covered by insurance.

Both the Logan and Undine companies had their new hose in use and not a break occurred during the fire.

A HOUSE BURNED DOWN AT COLE-VILLE.—About four o'clock Wednesday morning the frame dwelling house of Abram Switzer, at Coleville, caught fire and was totally destroyed, with most of its contents. Mrs. Switzer discovered the fire first. She had been ill and had a lamp burning in her bed-room and when she first saw the flames they were located about the flue in the second story, so she thinks. She sprang from her bed to give an alarm, catching up the lamp at the same time, but unfortunately she tripped and fell, the burning ran over the floor, making what was at first an incipient blaze a fire in which her own life was in great danger.

The people of Coleville were aroused and kept the flames from spreading to adjoining property, though no alarm was sent in to this place.

Mr. Switzer carried \$400 insurance, an amount hardly sufficient to replace the loss that he has suffered.

--- The home of Daniel Sherlock, near Hollidaysburg, was totally destroyed by fire, on Saturday morning. Mr. Sherlock had gotten up early in the morning and after building a fire in his stove started for the stable to do the morning chores; leaving his three sons and two daughters asleep in the house. When the fire was discovered the entire lower floor was enveloped and the only escape the children had was cut off. They had to be taken from an up-stairs window in their night clothes and even then several of them were painfully burned. The unfortunate man lost everything he had and is left in utter destitution. To add to the affliction one of Mr. Sherlock's daughters is lying at the point of death at the home of Mrs. Louisa Bush, in this place, where she is employed as a domestic. ---The Logan engineman who got so excited when the fire alarm sounded, on Sunday afternoon, that he got his one gum boot on over top of his shoe, had his own time getting it off again, after the other firemen had all left the house for the scene of the conflagration. While it is to be regretted that Bellefonte is to lose such estimable residents as Mr. Bell's family have been, yet they are to be congratulated, for this move has the significance that Mr. Bell's position is to be a permanent one. They will leave Bellefonte on the 14th inst.

-Watson Struble, of Axe Mann, was in town Monday making arrangements for moving from his present home to the Mrs. Reuben Valentine farm, just south of Bellefonte. Mr. Struble has lived in the vicinity of Axe Mann for ten years, or more, and has farmed the John Olewine farm so long that it will seem strange for him to live anywhere else, but happily he is a man who can adapt himself to any surroundings and will doubtless soon grow to like his new home.

-Mr. D. B. While here he was purchasing some clover seed which leads us to believe that he is going to settle down and spend the rest of his days farming. He is considered one of the pest men on a lumber job that can be found and he has bossed many a big one, but for a few years eack he has been gradually leaving go of his contracts in the woods and we infer that henceforth he expects to spend his time at home with his interesting family.
