-Mrs. William Neese and her daughter Ida sold their farm in Miles township on the 13th of Dec. at public sale and Titus Gramley, of Spring Mills, bought it for his brother, C. L. Gramley, for \$4,005. C. L. Gramley happened to be away- from home and did not return until next day. His father offered squire Carlin, the agent, a note for the amount until the purchaser should return and pay the cash, but the squire, thinking to save the revenue stamps on such an instrument, suggested that it would be satisfactory to leave the payment until next day. When C. L. returned he tendered the check, which was accepted but meanwhile the women decided they hadn't received enough for their property and sold it, themselves, to J. H. Reifsnyder at a slight advance and executed a deed in his favor. As the farm is 135 acres in area and a good one the two purchasers are now going to law to see which one is the rightful owner.

A FAMILY REUNION.—The comfortable home of Mr. and Mrs. Peter Lauck, of near State College, was the scene of a very unique family reunion on Saturday, Jan. 21st. It was in the nature of a surprise party. The homestead was filled with children, grand children. neighbors and friends to the number of sixty or more. Andrew Corman and Jefferson Heckman are our present supervisors and candidates for renomination. No doubt we have had supervisors equally as good, but superior. While placeing our roads in a most excellent condition never better, on a tax of three and one-half mills, these gentlemen have saved the taxpayers ever seven hundred dollars, simply by their thorough knowledge of road building and a sound judgment where and how to economize without impairing any of the work. And then, too, they gave everyone an opportunity to work out their taxes if they so desired. These are considerations well worth remembering at the caucus on Saturday next. We know how efficient our present supervisors have been, would it not be wisdom to let well enough alone?

> DEATH OF AMOS CLEMSON .- On Friday. the 20th, Amos Clemson, one of the most respected and estimable citizens of this community, died at his home in Baileyville after a long illness with heart disease. Mr. Clemson was widely and favorably known throughout the whole valley and no man was more revered or loved. Gentle and affable in manner, kind and courteous to everyone and with the greatest sense of honor he was indeed a man of the noblest type.

He was born in Milton, June 9th, 1823, and came to this county when quite young. After learning blacksmithing with Henry Goss he succeeded his former employer and carried on the business for 18 years, 'til he sold out to S. P. Irvin and engaged in the C. C. The shot was not from the rear but entered the eye and destroyed the sight.

The Democratic caucus will be held Saturday evening in the council room. The retiring councilmen are Clement Luse, Dr. John Rider and C. F. Deininger. It is probable that the first two will be renominated, on account of the good services rendered the citizens in making borough water a reality. The last named is not a resident, which will necessitate a new man. Messrs. W. W. Boob, W. O. Rearick and E. M. Hewitt's terms expire school directors. The latter was appointed to fill out the unexpired term of Dr. J. F. Alexander, resigned. The only candidates in the field to day are Messrs. Harry Swabb and Capt. THIS is only a reminder if you have failed to take advantage of our offer—good to the 1st of February—to furnish this paper for \$1.00 a year, that the time contemplated by that offer is drawing to a close. Do you intend letting it go by? Foolish, very foolish if you do. You would grasp the opportunity to save 33 per cent on any other purchase. Why not save it in the price of your newspaper? You intend to we know, but you are wasting time, and loosing the opportunity. It will slip by before you are aware of it, and then when you are paying \$1.50, for a paper that your neighbors are all receiving for \$1.00, you will wonder how you come to be so neglectful. Remember that if you have an old account standing, that it can be settled at the advance rates charged during the years it accumulated, and that a note will be taken in settlement of it, in order to give you the advantage of the present low price for the coming year. On this you would also save 33 per cent. Do you thoroughly understand what we are offering and what you are neglecting or overlooking.
