THE DOINGS AT COURT THIS WEEK-The regular January term of quarter sessions court convened on Monday morning with an unusually large attendance. While there were not many important cases on the calendar the court was kept busy until Wednesday evening, when the jurors were all discharged and yesterday's session was given up to argument cases.

The session opened with the regular routine of business such as reports, constables returns, etc. After that had been completed the rest of the morning was devoted to a memorial meeting out of respect to the late John Blair Linn, who had long been an honored and able practitioner. The committee of the bar association, composed of Col. J. P. Coburn, Hon. A. O. Furst and J. C. Meyer Esq., read a minute in which the deceased barrister was highly eulogized, and it was adopted.

At the Monday afternoon session the trial of cases was begun. They were disposed of as follows:

John P. Harris, use of Marion Petriken and George F. Harris, vs John M. Dale, administrator of Eliza I. Curtin, deceased. and A. G. Curtin Jr. Verdiet for plaintiffs in the sum of \$691.65.

Charlotte C. Burd vs Elijah Burd, administrator of Wm. R. Burd. To revive a judgment; verdict for plaintiff in the sum of \$972.50 and costs-total, \$1,092.50.

The prosecutor ——The State College band will furnish alleged that Chambers struck him with a music during the basket ball game between black-jack while the latter was standing peaceably by molesting no one. STATE VS BUCKNELL.—On Saturday night, Jan. 28th, State will meet Bucknell in basket ball for the first time this year, and if the future may be judged by the past, State will again be victorious, for Bucknell has never yet succeeded in winning from State at State College. Yetek comparison of scores, although this does not always prove to be an infallible cilterion, indicates that the teams will be well matched. State defeated Clover Wheek men by a score of 12 to 10; Clover Wheelmen defeated Williamsport Y. M. C. A. by a score of 16 to 14, and Bucknell by a score Bucknell by a score of 12 to 8. CAUGHT BY A FLIMSY INSURANCE COM-PANY.—There are about one hundred and twenty-five residents of Centre county, all property holders, who are just now on the anxious seat because of an experience they are having with the defunct Iron City Mu-

tual Insurance company of Pittsburg. During the year 1895 a traveling agent of the above company found fertile fields in the rural districts of this county and wrote a large number of policies. Of course those who were applicants thought they were getting a good thing cheap and laughed at the insured in regular, old line companies, who were apparently paying more for the same insurance. How cheap it was remains to be seen.

Those holding policies in the Iron City paid their premiums right along until it became noised abroad that the company was not paying its losses. Some of the men sent their policies in for cancellation, while others stopped paying premiums. In 1897 the company passed into the hands of a receiver, Elmer M. Moore, who was open. appointed to settle up the business. Immediately all the policy holders in this an end of a bad job.

Such has not been the case, however, for it has developed that everyone of them is to be sued for all back premiums. Mr. Moore has sent a list of one hundred and twenty-five names to Reeder & Quigley, with orders to prosecute claims against everyone of them for amounts ranging from \$1.54 to \$320.

On Wednesday of last week the first party of victims appeared before justice Keichline in this place in answer to the summons. He gave judgment against them for the amount below. They were mostly Ferguson and College township people as follows: Jesse B. Piper, James A. Decker, Catharine Smith, J. B. Ard, P. F. Bottorf, Sam'l A. Dunlap, Jas. L. Murphy, Chas. H. Martz, Jas. R. Smith, trustee, Jacob Krumrine, Jacob Keller, W. D. and Mrs. Lide Port, Wm. B. Ward, Jacob N. Everts, Adam H. Krumrine, Geo. E. Harper, Jacob D. Wagner, John F. Gray, J. N. and S. Krumrine.

They were represented by Hon. A. O. Furst and J. C. Meyer Esq. and while their attorneys hope to be able to fight their cases through in the court, to which an appeal will be taken, they admit that the predicament the policy holders are in is a rather serious one.

The whole trouble lies in the nature of the application they made. Besides including the usual survey of the premises it contained a promissory note, as follows: contained a promissory note, as follows:

FOR VALUE RECEIVED, and in consideration of a policy of insurance to be issued to me by the Iron City Mutual fire insurance company, upon the approval of my application for insurance in said company, of this date, 1 promise to pay said company such sum or sums of money, and at such time or times, as the board of directors of said company may require and assess for losses and expenses, to be paid to the company at its office in Pittsburg, Pa., or to a duly authorized collector, within thirty days after notice is mailed.

News Purely Personal.

-Miss Hettie McClow, manager of the Bell telephone business here, was called to her home in Shamokin, on Tuesday afternoon, owing to the serious illness of her mother.

-Ross S. Pillsbury, just honorably discharged from Co. K., U. S. Inf. at Huntsville, Ala., passed through town on Monday on his way to visit his brother at State College.

-Miss Helen Hastings is expected home this week and until their new home is finished she will be the guest of Miss Adaline Harris. Her sister Sarah and nurse are with Mrs. Rankin, on

-The venerable Jacob Leathers, of Mt. Eagle, s one of the few men who have reached his age who are still active in life. Notwithstanding his 81 years he cut five thousand hoop poles and shipped them last fall. He was in town on Saturlay, moving about as if a score of years younger.

-Martin Viehdorfer Esq., of Pine Glenn, was n arrival in town on Saturday evening in order to be here on time for duty as a juror at court this week. Mr. Viehdorfer is one of the men who has done much toward cleaning off the great timber tracts in Snow Shoe, Burnside and Ru townships. He says this winter has been a hard one on the lumbermen because it has been so

-F. D. Lee, who farms the Israel Kauffman farm down near Zion, was in town Saturday aftersection, being at a loss to know just what business. As Maj. Bill Fry would say "he wears noon talking "shop" and looking after a little to do, ceased paying and thought there was the belt" for corn raising down in Nittany. His crop averaged about 165 bushels to the acre and he isn't simply a corn farmer, either, for his other harvests are not behind the best of them.

-Hezekiah Ewing Esq., of State College, whos occupation, where he to be drawn as a court juror, would be marked down as "gentleman," was in town on Saturday. He didn't say whether he liked life at State College better than he did on his picturesque farm up at Fairbrook, but as he looked both well and happy there was no reason for thinking that the change has not been a satisfactory one to him.

-Cyrus Brungart, of Millheim, spent Tuesday in Bellefonte, looking up his old friends and making new ones. He has decided to be a candidate for sheriff again and hopes to make it this time, though he says he is a good enough Democrat to respect the wishes of the majority and if they reject him he will turn in for his successful opponent just as heartily as he would expect him to work, were the tables turned.

-E. S. Shaffer, the Miles township aspirant for shrievalty honors, has been in town all week making hay in both sunshine and snow storms. Mr. Shaffer is not a stranger to Democratic politics in Centre and says he expects to mark out a good pace for the candidate who wrests the nomination from him. He is making an active canvass and pases a portion of his claims on the fact that Miles has had no share of the county offices since John Wolf was given a commissionership.

-Mr. R. D. Ardery, of Martha Furnace, a brother of E. E. Ardery, of this place, was in town until yesterday doing duty as a grand juror. While he would not like to be detained for a very long time from his pleasant home up in Huston town ship, he enjoyed the few days outing in this place. The weather was unsuitable for farm work and he didn't feel as if he was falling behind his neighbors, as so many of the farmers do who are called to the April and August sessions.

-"Hast" Leyman, of Boggs township, with voice that sounded as if it was coming from the soles of his shoes, was in town on Saturday. It was his first day out for a week, owing to an at ack of grip and while he tried to keep up his proverbial jovial manners anyone could see that t was costing him an effort to do it. With one lung perforated by a rebel bullet and a constitution so nearly worn out as his was by that recent attack of inflammatory rheumatism the grip is not a laughing matter.

-Talking about hog cholera and other diseases to porkers Mr. John Ishler, of the southpayment in full. The trial of the cases ern precinct of Benner township, thinks that as much depends on keeping the animals in a healthful condition at all times as anything else. He has had but one experience with the cholera in all the years he has been farming and not once since he has taken to putting a little poke-berry root in his swill barrel have the animals been troubled at all. Mr. Ishler is a brother of former sheriff Wm. A. Ishler and is one of Centre county's most practical farmers.

-It is not often that the subscribers of any paper make a journey of twenty-five miles for the exclusive purpose of paying, yet that is exactly what Mr. Samuel Garner, of State College, did on Saturday. He said he had been intending to do it for some time, but he procrastinated until Saturday, then decided he would put it off no longer. Mr. Garner's farm runs up to the southern limits of State College borough and he has spent so many happy years in the old farm house that it will take him some time to become accustomed to the fine new home he has built on "the hill" and into

which he will move in the spring. -Mr. John Thomas Dunkle, of Mingoville, was a visitor in Bellefonte on Monday. He drove up from his home down in the valley; not to attend court, but to look after a little business of his own. He lives about three-quarters of a mile below Hecla park, just far enough away not to be much annoyed with the daily stream of visitors to that resort during the summer, yet near enough to get there without much trouble when there is any extra attraction. He is an expert carpenter and many a Nittany valley house and barn has he had a hand in building, but when work at that trade is slow he finds ample employment on the little spring for teachers who wish to prepare for Colfarm about his home.

-Charley Case, who had been temporarily acting as secretary of the Y. M. C. A. since he has recovered his health, was ordered back to rejoin his command last week. He went out from here with Co. B, which is now mustered out of the service, but Charley got lost in the shuffle at Chicamauga and before he knew it he was attached to the 1st Div. hospital corps and could not get his discharge when his Reg. was mustered out. He went into the hospital work with the hope that the experience would fit him the better for his intended study of medicine. He left for Macon, Ga., Saturday night, not knowing how long it will be before he can get his discharge.

-Ed. M. Griest, who, since his boyhood days has catered to Unionville trade in his father's large store there, bade good-by to that place yesterday and started for Nantyglo, Cambria county, the new coal town. He is going to take charge of a store for M. B. Courtright and expects to remain there permanently. If personal worth and fine business schooling have anything to do with Courtright has secured a manager who will make a success of his business. Charley Griest, Ed's prother, has charge of one of the Courtright stores at Hastings. The veteran merchant Andrew Jackson Griest schooled his boys too well to keep them himself, but he'll be able to keep the business moving at the old stand for awhile yet. -E. C. Fye, of Ferguson township, was in town

on Tuesday, the first time for quite awhile. Mr. Fye is one of those men who believes that no business will prosper unless it is attended to and hat is the reason he stays at home and looks after his tine farm about two miles west of State Friday, evening, January 27th. readily be taken for former U. S. Senator Peffer, was in town during the fore part of the week do ing duty as a traverse juror. He is one of Potter township's most substantial farmers and mixes up in Democratic politics over that way, because l is one of the old fashioned, Jacksonian types. -Mr. and Mrs. Craig Hunter and their dear lit-

tle daughter Florence drove down from Hunter's, last Friday, especially to make their annual visit to this office and incidentally do a little shopping. They are now living in the old home on the hill side near Hunter's park but will move, in the spring, to the back farm of the Ben Hunter estate.

-Mr. James B. Spangler, of Tusseyville, spent Wednesday night in town. He had just finished a trip through Bald Eagle and, yesterday, went up Buffalo-run valley buying cows for the eastern dairy market. He is shipping from Centre Hall with Sam'l Slack. Mr. Spangler is one of Potter township's active Democrats and was chairman of his precinct last year.

-John H. Breon, one of College township's progressive young farmers, was in town part of the week interested in a case at court. Ten years ago he lived out at Axe Mann and was employed in the ore mines, but to-day he is farming one of the Michael Hess farms and is getting along as nicely as good management and thrift can make anyone do. He left for his home yesterday after-

-Quite an interesting trio of Philipsburg Democrats were in town this week, attending court, of course, but talking politics and swapping stories with Bellefonte friends, whenever they had a moment off duty. They were Sol. Schmidt former associate judge Faulkner and H. C. Rice. Judge Faulkner has a notion of being a candidate for treasurer and the other gentlemen were merely bent on finding out a thing or two

-Mike Hazel, whose pork raising establishment on Spring creek yields him a neat profit after his year's business is done, has proven, conclusively, that any business, well managed, is a good one. He does little besides raising porkers and the fact that he has no idea of abandoning the business is evidence that he is satisfied with his earnings. But then there seems to be a natural ability in stock business among the Hazels, Beezers, Steinkerchners and other branches of that family. It must be the Spring creek air that has made them all thrifty and successful.

-Joseph D. Emerick, of Hubiersburg, was in town on Monday sporting clothes that gave him the appearance of a French dancing master. He came up to take a look at Bellefonte and the people he knew would be here at court, but got frightened at the number of candidates who were buzzing around the place so early in the week. You know Mr. Emerick is a pretty prominent Democrat down in Walker township and the way they got after him was a caution. He has been in the field himself, though, and knows what it means to be a candidate. He was just recovering from an attack of grip and wasn't in much of a humor for politics, so he quietly left the place and spent the rest of the day ealling on the many friends he has about the town.

-E. C. Poorman, one of the men much for Tyrone's business advancement within the past few years, was in town on Tuesday. He is so well known in Bellefonte that he seems almost like a resident, and the pity it is that we haven't a whole regiment of such enterprising fellows. Milesburg is his native heath, but that place was too small for anything else than to supply him with a charming wife.
