

AN INTERESTING DIARY OF THE SEASONS IN CENTRE COUNTY.—The weather is the one topic of conversation that is always at the tongue's end. No matter how dull one may be or how much at a loss to know what to talk about when in company it invariably happens that the weather comes to the rescue with a continual offer of food for discussion.

It is a bore, some people say, to talk about the weather. And so it might be under circumstances such as obtain when people have worn out every other subject, but to those who give the matter careful attention, keep an accurate record of their observations, the subject is one of the most interesting that can be followed.

There are plenty of amateur weather prophets who traffic in goose-gone, rag weed and caterpillar theories and who are sure that there is going to be falling weather the instant some one's hair begins to kink up or another's joints to ache, but the really interested observer is the one who keeps a record of daily weather conditions, for comparison.

For years Geo. H. Musser, who farms down in Boggs township, has kept a diary of his life—and entered the events faithfully—with the result that he can tell you to-day almost everything that has happened in his life as far back as 1874. There is one line of observations which he has given attention to that which undoubtedly prove interesting to all of our readers; consequently he kindly consented to compile it for us and you will find it here-with. It is the time he began to plow, to sow oats and to plant corn each year. Any farmer will realize that while the dates set down by Mr. Musser are the ones on which he began to work each season, yet they can be taken as a fair average for all, because such work usually begins about the same time for all farmers in a given locality.

The record shows that the earliest plowing that has been begun during the last 24 years was March 22nd, in 1891, and the latest on April 20th, in 1885. The earliest oats seeding was done on April 11th, in 1889, and the latest on April 29th, in 1875 and 1896. Corn was planted as early as May 2nd, in 1879, and as late as May 22nd, in 1874.

The report for each year is as follows:

**FOSTER'S WEATHER.**—My last bulletin gave forecasts of the storm wave to cross the continent from the 13th to the 17th, and the next will reach the Pacific coast about the 17th, cross the west of Rockies country by close of the 18th, great central valleys 19th to 21st, Eastern States 22nd.

Warm wave will cross the west of Rockies country about the 17th, great Central valleys 18th, Eastern States 21st. Cool wave will cross west of Rockies country about the 20th, great central valleys 22nd, Eastern States 24th.

Temperature of the week ending 8 a. m. on March 27th will average about normal east of the Rockies and below west. Precipitation for the same period will be below east of the Rockies and above normal west.

For the Rocky mountain countries, Eastern Colorado and Texas my records are not the best for winter forecasts, and, therefore, for those districts the forecasts have been a little defective during the past winter. But the weather currents change about April 1st, and then for the summer months my records will be satisfactory.

**THE ODD FELLOW'S ANNIVERSARY.**—The Pennsylvania Odd Fellows anniversary association will meet in Bellefonte on Wednesday, April 26th, 1899.

The officers of the grand lodge will be present on that day and will take the lead in the grand parade which will be over two miles long. Captain H. S. Taylor, of company B, will have charge of the army of Odd Fellows. He will be chief marshal of the parade.

Centre Lodge, No. 153, are united and are working together in harmony in order to make this event one of the largest gatherings of people that has ever assembled in Bellefonte.

The parade will be worth seeing. The music of the bands will doubtless be charming, as some of the best bands of the State will be in line.

John S. Auman moved to this place Tuesday and took charge of the mill purchased of R. E. Bartholomew. Mr. Auman is an experienced miller and those who deal with him will find that he is a gentleman in business.

The building of the Pine Stump school house was let to Ed. Foreman by the school directors of Potter township. The contract price is \$939.00. The building will be 28 x 40 feet, one story high, brick casing. The interior is to be finished in chestnut. The main room will be wainscoted four feet high and the halls to the ceiling.

Hauling over the Seven mountains was practiced largely years ago when Lewistown afforded the nearest wheat and grain market, but the present generation has had little experience with teaming over those mountains. This week, however, about four hundred bushels of potatoes are being hauled to Logan, near Lewistown, for Messrs. Wolf & Crawford.

M. B. Richards who was critically ill with consumption, having been confined to his bed the most of his time since the February blizzard died yesterday morning at 4 o'clock. He was 55 years old and leaves a widow to mourn his death. Burial will be made at Centre Hall Saturday afternoon at 2 o'clock. Rev. Reaick, of the Lutheran church, of which deceased was a member, will officiate.

Mrs. Samuel Ishler's public sale on the 21st was not as largely attended as it would have been if the weather had been more favorable. Stock of all kinds brought fair prices and cows sold almost as well as horses. She retained several horses and cows but the sale amounted to \$638.

The public sale of Mrs. Henry Koch, on Wednesday, was largely attended in spite of the snow and mud. The prices were good and in all, the sale amounted to \$2,500. Mr. Cyrus Brungart, one of Walker township's representative men as well as a true blue Democrat, spent several days among his Ferguson township friends this week. Years ago he selected a good wife from Ferguson township and, of course, she was with him to enjoy the visit which was spent mostly at the old John Homan homestead.

The many friends of Col. J. S. Duff will be pleased to learn of his improvement under the treatment of Dr. Wilson, a noted specialist. The Col. is a private patient in the German hospital, Philadelphia, and his condition was anything but reassuring to his friends, but now the news is encouraging and his life may be spared for his loved ones.

Last Tuesday Jacob Reed moved over the mountain into Mrs. Belle Barr's house, just east of town, and near to his old parental home. His sister, Mrs. Weaver, who years ago, married and moved to the far west, is keeping house for him. Her husband is dead and in the quarter of a century that she has been away great changes have taken place.

**Your Opportunity.**

THIS is only a reminder, if you have failed to take advantage of our offer—good to the 1st of July—to furnish this paper for \$1.00 a year, that the time contemplated by that offer is drawing to a close. Do you intend letting it go by? Foolish, very foolish if you do. You would grasp the opportunity to save 33 per cent on any other purchase. Why not save it in the price of your newspaper? You intend to we know, but you are wasting time, and losing the opportunity. It will slip by before you are aware of it, and then when you are paying \$1.50 for a paper that your neighbors are all receiving for \$1.00, you will wonder how you come to be so neglectful. Remember that if you have an old account standing, that it can be settled at the advance rates charged during the years it accumulated, and that a note will be taken in settlement of it, in order to give you the advantage of the present low price for the coming year. On this you would also save 33 per cent. Do you thoroughly understand what we are offering and what you are neglecting or overlooking.
