Dr. J. F. Alexander had rather an exciting experience Tuesday while across the valley to visit a sick patient. A school friend of his daughter Grace accompanied him on this trip, and as they were driving along near Centre Hill the front axle of the buggy broke, throwing the top forward so that it struck the horse. The animal took fright and started on a run. The doctor and his companion cooped in the top were taken over the pike at great speed for a considerable distance until the horse broke loose from the vehicle. The occupants were not injured more than receiving a severe shaking up, but it is miraculous that both escaped with their lives.
