

The heirs of Dr. Stewart's estate have leased the ore right on the George Matter farm in Patton township to J. W. Gephart, Esq., for the Bellefonte Furnace Company. The lease extends over a period of twenty five years and for which Mr. Gephart agrees to pay eight cents a ton royalty, and take out not less than 800 tons per year. The executor of the John I. Thompson estate also leased to Mr. Gephart 430 acres of iron ore land, adjoining the Dr. Stewart property, for which they are to receive 16 cents per ton for all ore mined and washed and eight cents per ton for every ton shipped.

MARRIAGE LICENSES.—Following is the list of marriage licenses granted by orphan's court clerk, G. W. Rumberger, during the past week:
Ober Bumberger, of Mt. Eagle, and Sarah A. Farl, of Runville.
Wm. Jackson and Lettie Fravel, of Philipsburg.

Dr. Thomas C. VanTries, of Bellefonte, and Ellen Sydney Oliver, of Graysville, Huntingdon county.

John O. Orbison, of Greensburg, and Maude M. Pennington, of Bellefonte.

THE FIFTH.—On next Tuesday the Fifth regiment in which our people are always interested will have only one field officer, Col. Theodore H. Burchfield, of Altoona. In July last, while the regiment was in the volunteer service, the commission of Maj. John P. Kennedy, of Blairsville, the ranking major, expired. On next Thursday the commissions of Lieut. Col. Rufus C. Elder, of Lewistown, and Maj. Robert C. McNamara, of Bedford, the junior major, expire. Maj. Kennedy and McNamara will not be candidates for re-election. Lieut. Col. Elder will be re-elected. Capt. John A. Fare, of Huntingdon, and Capt. Louis M. Slatte, of Lewistown, will be elected majors, if former practice be carried out, but there is talk of opposition on behalf of Capt. A. H. Woodward, of Clearfield, and Capt. Hugh S. Taylor, of this place. If a third battalion be formed Capt. John H. West, of Holidaysburg, is likely to be chosen its major.

A WORTHY OBJECT.—Our town has always prided itself on the beneficence of its inhabitants, whether wisely is sometimes a question for in these latter days it seems as though each man provides for himself and any little surplus after this is generously (?) bestowed on a worthy object; it is so hard to believe that it is only true charity when we give until we feel it!

Now when every manufacturing plant is running full speed and the hum of industry is heard on every side we ought to feel the time most propitious for doing munificently towards such a worthy cause as the Lock Haven hospital. We cannot yet hope to support one of our own and as it has been thus far very successfully carried on and is within such a short distance of Bellefonte, what more sensible outlay could be made than putting money where we will be constantly needing a share of its skill and care. We should not look on it as a charity but investment for future returns. Mrs. Simons, of the Ladies Aid society of Lock Haven, has quite thoroughly laid the matter before the public and has placed mine boxes in the Postoffice, Bush House, Brockerhoff House and in the stores of Montgomery & Co., Joseph Brothers, J. Zeller & Son. They will be opened every three months by a representative of the society. Don't fail to do your part toward filling them.

VAN TRIES-OLIVER.—The wedding of Dr. Thomas C. VanTries, the well known physician of this place, and Miss Ellen Sydney Oliver, took place yesterday (Thursday) at one o'clock at the residence of the bride at Graysville, Huntingdon county. The ceremony was performed by the Rev. John C. Oliver, brother of the bride, assisted by Rev. D. H. Campbell, in the presence of some twenty-five or thirty invited guests. It was a family wedding, all the guests being relatives or near friends of the contracting parties.

The maid of honor was Miss Marguerite Oliver, a niece of the bride and a student of Wilson College, Chambersburg. The best man was Mr. Geo. B. Porter, of Tyrone, an old-time friend of the groom. Mr. Porter is quite popular with the ladies, and is consequently somewhat sensitive as to his age. He admits, however, that he was past seventy some time before the war with Spain began.

After spending a pleasant season with the invited guests, the bride and groom departed on the evening train on a trip to the sea shore, Philadelphia and Washington. Upon their return they will make their home here, where the groom owns several good properties and has been a familiar figure in Presbyterian circles for many years. He is equally well known in Spruce Creek valley, Tyrone and Blairsville, where he has resided at different times. His bride is a member of the Campbell-Oliver family, who have been prominent in Mifflin and Huntingdon counties since their settlement. She is a woman of intelligence and culture and her devotion to her invalid sister is proof of her gracious disposition and practical ways.

—Miss Phoebe J. Tressler, of State College, and Harry L. Brooks, of South Williamsport, were married at the parsonage of St. Mark's Lutheran church in Williamsport last week by the Rev. E. P. Miller. The couple were attended by Mr. and Mrs. Scott and their daughter, Josephine, of Montoursville, Mrs. Scott being a sister of the bride.

—The wedding of Miss Carrie Gross, of Potter street, and James E. Reilly, of Muncie, Indiana, will be solemnized in St. John's Catholic church on Tuesday, August the 29th.

WINTER COURSES DISCONTINUED.—On account of insufficient appropriations of the Legislature, the trustees of The Pennsylvania State College have been compelled, along with other measures of retrenchment, to discontinue for the present the twelve-weeks winter lecture course in agriculture and the cheese-making course. The creamery course will be given as heretofore, beginning January 3rd, and the work of the regular four-years' course and of the special one-year course, will go on as usual. Special efforts will also be made to increase the efficiency of the correspondence courses in agriculture.

WHAT COUNCIL DID.—At the regular session of council, Monday evening, president Gerberich presided with five of his colleagues present, Derstine, Garrity, Triple and Wetzel. The business discussed was disposed of in the following order:

Edward Richards and Henry Vitilini were present to complain respectively of the condition of the side walks on the south side of east Linn street, east of the Woodcock property, and the side walks and streets on Quaker hill. Ben Shaffer, chairman of the street committee, called attention to the condition of the sidewalks on east Curtin street. The council decided that the sidewalks of the town must be repaired and authorized the street commissioner to notify several parties that if they did not repair them within five days the borough would repair them with 20 per cent added to the cost of it, in accordance with the Act of Assembly provided in such cases.

The reports of the different committees disposed of the following business: The guard rail along the pike from Rhoad's residence down past McCoy's is to be replaced; Market receipts to July 8th, were \$19.80; New brick crossings are to be laid across Howard street from the Zellers home to W. P. Humes' and on Linn street across the alley between the Blanchard residence and W. F. Reynolds'; two hundred and fifty feet of hose is to be purchased for each fire company and ten new fire plugs are to be put in different parts of the town; the stone crusher is to be housed in the old Undine house and the building is to be insured for \$300, and the crusher for \$400.

A survey was ordered and the grade to be given to A. Linn McGinley for a pavement on the north side of his Thomas street property. Thomas Barnhart on behalf of his daughter, Miss Fanny Barnhart, served a summons on the council in a suit for damages for injuries sustained in a fall on the pavement in front of one of Joseph Brothers & Co's, houses on east Curtin street. Said accident occurred last November. After approving bills to the amount of \$250.33, council adjourned.

A FAILURE IN SPOTS, AND SOMETHING ABOUT THE FLY.—The wheat crop that has just been housed in this section, will average just about a half yield in straw. What it will be in grain is unknown for little or no thrashing has been done as yet, but the prevailing opinion is that the grain yields will average less than did the straw. The peculiarity about the failure is that it was not a general one either as to location or farms. In the same locality and on the same farms, fields that had been treated exactly alike, had the same soils, and presented the same opportunity for winter freezing, show results entirely opposite— from one an excellent crop was harvested from the other not enough of grain was taken to pay for the cutting; so that the failure, so far as it went, was not attributable solely to any of the usual causes, condition of soil, time of sowing, or winter, alone. What it was that caused the failure on one farm or field, would not apply to another, and the fact is that each farmer must find a reason of his own, for the failure to reap a full crop.

In some sections the fly almost ruined the crop, and from present conditions it is probable that this pest will be with us, to annoy and harass the farmer, for a number of years. Last year the WATCHMAN published the suggestions of Dr. Fernald, State Economic Zoologist as to the best manner to get rid of this insect: We do not know whether any one tried it, nor do we know that it would be effective, but as the expense to test it, would be small, in comparison to the loss that may be expected if the fly continues it might be well for farmers to try the remedy. Dr. Fernald says:

There are two broods of this insect each year. The winged fly appears in August and September and searches for the young winter wheat to lay its eggs on, and places them on the leaf blades, anywhere from one to thirty on a blade. In four or five days the eggs hatch and the young maggots crawl down the blade, enter the sheath and pass down to the joint. Here they stay, sucking the juice from the plant until about the end of November, when they turn brown and harden. This is called the wax-seed stage. In this condition they pass the winter. In the spring, about the middle or end of April, they change to the full grown form, the winged fly. These, at once, begin to lay their eggs as before, and the history as already given for the fall brood is repeated: the flies from this brood, appearing in August and September to lay the eggs on the winter wheat. This, in brief, is the history of the Hessian fly.

TREATMENT.
From what has been given, it is plain that there is no treatment of the seed which will do any good, nor is spraying of any possible use. Treatment here must be in other lines. The best thing to do for the protection of the wheat from the fly is:
1. Plant a small piece of wheat early in August so that it may come up early, and be found by the flies when looking for a place to lay their eggs. This place, will, of course, be full of maggots later. About the end of September plow this under, and do not use the ground for wheat the next year. By this method the flies will lay their eggs in this early wheat and as they die after egg laying, few will be left.
2. Do not plant the wheat (except the small piece just spoken of), until about September 20th; by that time almost every fly will have died, and there will be none left to lay their eggs when the wheat comes up.

Pine Grove Mention.
David Miller is sick in bed.
The long looked for rain has done its work at last.
Mrs. Rebecca Ard is visiting relatives in Pittsburg and her grandson, Henry Goss, at Johnstown.

Grandmother Heberling, of Tadpole, is making a prolonged visit at the home of J. G. Heberling on Main street.

We are sorry to hear that Mrs. Harriet Snyder nee Meek, of Altoona, is so seriously ill that little hope of her life is entertained.

Lumberman Ed. Babb is swearing vengeance on the savage dog that took a hunk out of his leg and caused him an enforced rest.

Dr. J. B. Krebs is visiting his relatives in Milton, Watsonstown and Sunbury. He proposes to keep his eye open for a good location to hang out his dental shingle.

Some of our noted anglers N. I. Krebs, Ed. Reed and others are over along the mountain streams getting in their last haul at the fish. A big catch of the speckled beauties is expected.

Roy Walker, son of Isaac Walker, is laid up for repairs having been badly trampled upon by a colt that he was leading. His injuries are not so serious as they were first supposed to be.

Rev. J. Cal. Houtz, of Selingsgrove, and his family of interesting little ones are enjoying their annual outing of a month here. Sunday in company with Adam Felty they were the guests of P. F. Bortor.

Until further orders the B. C. R. R. will run a special train to and from this place to accommodate the workmen employed on the Graysdale and Scotia extension. The train stays overnight at this place.

Rev. Hepler preached a farewell sermon, last Sunday night, preparatory to taking his summer vacation. He will attend Bible school at Ocean Grove for ten days and afterwards visit his parental home near Clarion.

Hon. J. T. McCormick, in addition to farming and managing the telephone company, is putting in part of his time selling his neighbors one hundred tons of fertilizer. The brand he handles is one that needs no recommendation as the increased crops in this valley, where he has been selling it for some years, testify fully to its merit.

Miss Estella May Heberling went to Williamsport, last Saturday, to officiate as bridesmaid at the wedding of her cousin, Miss Mary Hess, and Bert Askey. The wedding was celebrated Tuesday evening at 8 o'clock. The bride is the only daughter of Jonathan Hess, formerly of this place but now of Williamsport, and is a splendid girl endowed with all the domestic accomplishments.

Edward Weitzel, a graduate of the Shamokin High school, is paying a two weeks' visit to his friend J. Herbert Ward. They spent several days fishing over along Stone creek and returned home with a whole (?) tin can full of the finny tribe. He is thinking seriously of taking a course in electrical engineering at State College and in as much as he is delighted with this country as well as the fair sex he will very likely decide to do it.

Washington Camp No. 506, P. O. S. of A., of Pennsylvania Furnace, will hold a basket picnic at Baileyville driving park, one-half mile north of Pennsylvania Furnace, Saturday, July 22nd. There will be plenty of sports and amusements, including base ball, bicycle races, foot races, military fantastic parade, festival and cake walk. Both vocal and instrumental music will enliven the day. The track at Baileyville is the best in Centre and Huntingdon counties, and wheelmen and drivers are enthusiastic over it.

Robert Gibson Esq., one of Cincinnati's legal lights, is spending his outing at the home of his uncle J. B. Mitchell, on Main street. It is some years since Bob was the famous pitcher of the State College nine and in that time he has seen considerable of the world and its doings. His record on the field was not more notable than his brain work and after graduating at Washington and Jefferson college he studied law and is now practicing in the Queen City, as the Cincinnatians love to call it. His wife, a charming woman, the daughter of a Methodist presiding elder, is with him and they will spend the most of their time with his mother, Mrs. Elizabeth Gibson, of State College.

Centre Hall.
Grandmother Booser and her niece, Miss Annie Keller, are visiting among friends at Osceola.
Clyde Bradford will go to Hubersburg shortly and work in the creamery at that place.
Miss Romie Van Pelt entertained Miss Jennie Harris and Daisy Brisbin, of Bellefonte, over Sunday.
F. M. Crawford, of the firm of Wolf & Crawford, made a business trip to Union county the beginning of this week.
Mrs. Derstine and daughter Rebecca, will spend several weeks with Rev. M. S. Derstine, located at East Waterford, Juniata county.
Mrs. Jennie Heckman, of Lock Haven, is home on a visit. Miss Tracy Kreamer, also returned from that place where she had been for some weeks.
David L. Kerr lost a valuable driving horse last week. Philip Amman was also a loser in having a work horse die for him. Both animals had lung trouble.
Miss Evans, of Pottery Mills, is the guest of Mrs. W. W. Book. Miss Evans thinks of going to Hacketstown mission home with a view of studying for mission work.
Dr. J. F. Alexander removed a cyst from the arm of Mrs. W. E. Fisher. The growth had formed a number of years ago, and was gradually enlarging. The operation was very successful.
A letter to Dr. Riter from state chairman Pearson states that the brain of the cow sent from Buffalo Run shows proof of rabies. Another animal was shot and killed on Sunday, at the same place, to put it out of misery, and the brain of it will also be sent to the state department. The farm has been quarantined for some time.
Oliver P. Gromley, wife and two children—son and daughter—are the guests of D. Y. Meyer in this place. Mr. Gromley came east from Cedarville, Ill., recently, where he just sold his farm at \$80 per acre. He is a native of Rebersburg, and went to Illinois thirty-

two years ago, married a western lady by name of Dippen, engaged in farming and was very prosperous. Mr. Gromley had his driving horse shipped here, and will shortly make a trip overland to Lebanon and the eastern counties together with his family.

Books, Magazines, Etc.
THE LETTERS OF CAPTAIN ALFRED DREYFUS to His Wife—The letters of Captain Dreyfus to his wife during his captivity, are to be published immediately by Harper & Brothers. It is said that they furnish absolute proof, if proof were needed, that Dreyfus is innocent. No guilty man could possibly have written them. Their second and greater value is that they let us see deep into the soul of a brave man, one of the bravest that ever lived.
Of these letters Zola writes: "They will stand like an imperishable monument when the works of us writers shall have passed maybe into oblivion."
Fiction is the leading feature of the August number of Harper's Magazine. Among the short stories which it contains are "Allie Cannon's First and Last Duel," by Seumas MacManus; "The Lady of the Garden," by Alice Duer; "The Tree of Knowledge," by Mary E. Wilkins; "The Angel Child," by Stephen Crane; "The Sorrows of Don Tomas Pidal, Reconocido," by Frederic Remington; "A Duluth Tragedy," by Thomas A. Janvier; and "When Mr. and Mrs. Van Worcester Dines," by Anna Wentworth Sears. The main story in "The Drawer" is "A Compounded Felony," by James Barnes. There are further installments of "Their Silver Wedding Journey," by W. D. Howells, and "The Princess Xenia," by H. B. Marriott Watson. The more serious features are Mr. Sandham's article on "Hayti the Unknown," another chapter of Dr. Weych's "Life of General Forrest," Admiral Beardslee's paper on "Episodes of the Taiping Rebellion," and Lieutenant Calkin's study of "The Filipino Insurrection of 1896." Bliss Carman and Thomas Mann English are the verse writers of the number. The illustrations are throughout uncommonly attractive.

AN ORDINANCE For the better regulation of the Centre Hall Borough Water Works.
Sec. 1. Be it ordained and enacted by the Town Council of the borough of Centre Hall in Town Council Assembled and it is hereby ordained and enacted by the authority of the same: That when any person or persons shall desire to use water from the Centre Hall Water Works and to convey the same into or upon private property, such person shall first obtain permission from the Town Council, which permission shall be entered upon the minutes of the Council; and all such water pipes, hydrants, etc., laid by any such person or persons shall be subject to any rules, regulations and ordinances that the Town Council may from time to time ordain and enact for the government of said Water Works. It shall be placed as the superintendent of said Water Works, or his employees, or any member or members of the water committee, to enter upon private property for the purpose of inspecting the water used, to see that the same is not wasted and that the pipes, hydrants, etc., are in proper repair, and to do such acts as may be necessary for the proper supervision of the same.
Sec. 2. And be it further ordained and enacted by the authority aforesaid: That all branch pipes leading to any hydrants erected and repaired upon private property, shall be at the cost of owner or owners thereof, the pipe shall be of iron and shall be under the supervision of the Superintendent of the Water Works; and in all cases a stop-cock must be placed as near as may be to the main pipe upon the street.
Sec. 3. And be it further ordained and enacted by the authority aforesaid: That if any person or persons shall in any manner or by any means divert the waters of any reservoir, pipe or hydrant connected with the said Centre Hall Water Works, or shall do any act calculated to injure the same, or shall in any manner or by any means interfere with the proper performance of his duty or shall suffer the water to flow or waste from his or their hydrants, or sprinkle the adjacent streets and lawns, in such manner as unnecessarily to cause a scarcity of water in any part of the Borough, a notice of the same by the said Superintendent being full and sufficient knowledge of the same, he, she or they so offending, on conviction thereof, before the chief Burgess or assistant Burgess, shall forfeit for every offence a sum not less than one nor more than ten dollars, to be recoverable and applicable as in section 2nd of this ordinance.
Sec. 4. And be it further ordained and enacted by the authority aforesaid: That when any person or persons shall refuse or neglect to pay any bills or taxes due from such person or persons by virtue of any of the foregoing paragraphs, or shall neglect or refuse to pay the water rent or rents or taxes that shall hereafter be assessed or charged against him, her or them by authority of the town council, or shall persistently waste the water of the borough after being warned not to do so, these and in all such cases, the Superintendent shall have the right and is hereby empowered to stop off the water from the pipes and hydrants of such person or persons till he, she or they shall pay such fine or fines or such water rent or rents or water tax or taxes or give satisfactory evidence that such waste of water complained of, shall be discontinued.
Ordinance and enacted into an ordinance the 7th day of July, A. D. 1899.
Attest:
R. D. FOREMAN, Secretary.
Approved: SAMUEL SHOOP, Chief Burgess.

THE FINEST EFFECTS
—AT—
HONEST PRICES
ARE WHAT EVERYBODY WANTS
WHEN FIXING UP THE HOUSE, OFFICE OR PLACE OF BUSINESS,
and we were never better prepared than now to supply them. Papers are up in price a little bit, but you can still be suited out of our immense stock at a price that will be satisfactory.

Never before have we been in a position to decorate interiors as successfully and artistically as now. The linocrata-walton, burlap, plastic and stucco designs are charming and can be used to such good effect and so inexpensive that they are proving very popular.

We have all grades of paper, the cheapest and the best. All we ask is for you to call and see them.

Now is the time of the year when a little fresh paint or varnish put on by good mechanics does more than anything else to brighten up for summer. We have a large corps of painters at work, but we are not too busy to give you prompt attention.

In picture and room mouldings there is nothing later than the designs we are showing. Come in and see them. The prices are right.

REMEMBER
We are in the decorating and painting business and are here to please you. Our time is yours. You need but call for it.

S. H. WILLIAMS.
High St. Bellefonte, Pa. 44-15-3m
