Neither Dare Do It.

Rumor has it that ex-Governor HASTINGS has determined to institute proceedings for ress we have made toward subduing them, the impeachment of "his honor" Judge LOVE, and has promised that the people of the county shall be given an opportunity to next presidential election, we will be found elect some one to take his place upon the bench in 1901. This would mean the ousting of the Judge at the earliest possible moment, or his removal from the bench three years before the expiration of his regular term.

Whether the ex-Governor entertains any such purpose or has made any such promises we do not know. It is possible that in the heat of the campaign and stinging under the ugly charges and worse insinuations that were made against him in the contest, he may have so expressed himself. In fact he may have fully concluded to do so, but we rather imagine that when the mad of this fight wears off a little, and he begins to think of all the difficulties that might grow out of such action, and takes time to consider the make-up of the tribunal before which impeachment proceedings would have to be brought, that intention and talk will be about all there will be of it.

That there is ample ground for such action no one doubts and that it would equally certain. But that such a movement would succeed, when the Senate

The Philadelphia Press, for one, takes it up and would have its readers believe that the Michigan Senator knows nothing about what he is talking of, or he would not have even intimated that the Philippine war will not be victoriously ended long before the next presidential campaign. BLOOMSBURG, August 2.- A terrific wind, hail and electrical storm visited Blooms burg and vicinity this afternoon. Rain fell in torrents, and in a short time the streets were overflowed and many cellars flooded, doing great damage. Hailstones as large as hickory nuts fell for twenty minutes, stripping apple trees of their fruit and

The United Brethren church roof was blown off and landed some distance away. As far as known now there were no fatalities, although many persons escaped in a most miraculous manner. Barnett May Be Governor.

His Friends Believe He Aspires to an Office Higher Than State Treasurer. Acheson is Fighting Him.

PITTSBURG, Aug. 2.-The death of Col. A. L. Hawkins, it is claimed, will not clear the way for the nomination of Lieutenant Colonel James E. Barnett for State Treasurer. Representative E. F. Acheson is still opposed to Barnett, and with him is State Treasurer James S. Beacom and other western leaders. State chairman John P. Elkin, who was in Pittsburg yesterday said that Col. Hawkins' consent was all that was necessary to secure him the nomination for State Treasurer. Now that Col. Hawkins is out of it, some of Barnett's friends, it is claimed, think he will have easy running if he wants the nomination, but in this they may be mistaken. Acheso and Beacom and their friends, who are after Barnett's scalp, will, it is claimed, double their efforts to keep him out. The fight is a personal one between Congressman Acheson and Barnett, and the present condition of affairs will make no difference. Acheson's friends say.

MAY BE CANDIDATE FOR GOVERNOR.

As it seems to be settled that the candidate for State Treasurer on the Republican ticket will be a military man, it is likely that the strength of Congressman Acheson will be thrown to General John A -Wiley or General Willis J. Hulings, the other military men so far named as candidates. It is reported that friends of Colonel Barnett will advise him not to run for State Treasure, but announce himself as candidate for State Senate to succeed Colonel Hawkins. From this, it is claimed, he could try to go to Congress as the successor of Mr. Acheson This would narrow the fight down to the district.

It is said Colonel Barnett has written friends here that he does not want to be State Treasurer, but aspires to something higher. A few people believe he may be a candidate for the gubernatorial nomination.

There were two sides to the Republican fight, out of which this matter of impeachment sprung. And many on both sides-with Judge LOVE at the head of one and the ex-Governor at the head of the other-allowed themselves to be lead into the very shadow of the county jail. LOVE, it is said, has asserted that he intends bringing libel suits against those and the Utah light artillery to-day gave who charged him with using the hotels and San Franciscans a second opportunity to treating at their bars to secure votes, and welcome returning soldiers from the Philipis determined to prosecute for bribery, many of the leading HASTING'S supporters throughout the county. If such proceedings were begun the county jail would not hold the number who have earned an entrance to it, nor is there any telling where or when these prosecutions would end. Governor HASTINGS understands this side of the question just as well as does any one, and it looks to us much more plausible that the rumors of impeachment are intended more to frighten Judge LOVE and to prevent any further action on his part, than as an honest effort to get rid of him and his political plottings.

Under any circumstances the humiliation of these two prominent citizens must be complete. The one knows the other has disgraced his position and deserves impeachment yet he dare not move in the matter; the other has every evidence that open and unblushing bribery was resorted the Utah boys, a little chap of perhaps 13 to to accomplish his defeat and disgrace, years, attired in a uniform of the regiment and yet he dare not make the effort to punish the guilty.
