Our Friend the Snake.

This is the season of snakes and snake is considered good. There are thousands of country newspapers that do not like to go to press at this time of year without one and no matter what may be the dearth of and no matter what may be the dearth of

A Fatal Flash.

During an electric storm last Tuesday afternoon Miss Maggie L. Yont was killed a short distance from Rainsburg, Bedford county, while washing a churn under a wire clothes line. During the storm very little rain fell, the sun was shining in most parts of the valley but the lightning was terrific.

Miss Yont was at the east side of the James house, where she was working, under a wire clothes line, washing a churn. One end of the clothes line was fastened to a pear tree. It appears that the lightning struck the house somewhere about the east gable; it also at the same time struck the pear tree. The stroke shattered the tree and sped along the wire to a post, which it splintered. Miss Yont was killed instantly. There were no marks on her body, but her bair on one side of her head and an eyebrow were singed. Mr. James and John Perdew were in the yard. The latter was near Miss Yont. His team was at the gate and one of the horses was felled to the ground by the stroke.

By reason of the excitement caused by the death of Miss Yont the fire which the lightning had started in the house was not discovered until the two sons of Mr. James, who were plowing in a field some distance away, noticed the smoke. They probably plowed a round and a half after they heard the report which followed the flash before they saw the smoke.

The house and all its contents with several of the out-buildings were completely

His Widow Declares that He Left no More Than \$10,000.

Mrs. Eva D. Ingersoll, widow of the late Robert G. Ingersoll, filed a petition in Westchester county, New York last week reciting that no will had been found, and asking that she be appointed administratrix of her late husband's estate, which she declares is not worth more than \$10,000. She gave a bond for the faithful performance of her charge, which was signed by herself, Mrs. W. H. Brown, her daughter and Mrs. Farrell. The latter was private secretary to the late Col. Ingersoll.

WIFE'S

BURDEN

Mrs. Ada M. Herr, of 439 N. Charlotte St., Lancaster, Pa., suffered terribly from female disorders. Her nerves became unstrung, she endured intense pain, the slightest labor wearied her and household duties became a burden. Frequent fainting and dizzy spells would come upon her and she would fall prostrate in a swoon. After trying several physicians without success Mrs Herr began taking Dr. Williams' Pink Pills for Pale People. She says:

There is only one medicinal preparation on the market which gives local testimony as positive proof of the representations made for it, and only one interviews its endorsers two or three years after their public statements have appeared in the newspapers, and finds that during all that time the medicine held its ground; that its endorsers in place of weakening touching the original statement, strengthen it by reiterations—that preparation is Doan's Kidney Pills. Read this. It is only one of a score in Bellefonte.

Mr. George Gross of Water street, says: "Some years ago I used Doan's Kidney Pills for backache. I procured them from the Bush Block drug store. Accompanying the pains in my back was an annoyance from the kidneys secretions. Doan's Kidney Pills cured me after I had been troubled for years. I thought I was never going to have backache again, but recently I was fishing and got soaked through and this ended in effecting my back. I again resorted to my old cure. Doan's Kidney Pills, and they did me good immediately, although in the meantime I had taken other Doan's Kidney Pills, and they did me good immediately, although in the meantime I had taken other remedies but without obtaining relief.
