-Miss Mary Rhone, a daughter of Hon. Leonard Rhone left Centre Hall on Wednesday for New York, where she has accepted a very profitable position in a large publishing house. In fact it is a better one than she was asked to give up at Harrisburg, so that there would be room for some politician.

-St Paul's A. M. E. church in this place celebrated its fortieth anniversary with special services on Friday evening. They were in commemoration of the emancipation of four million slaves. Addresses were delivered by D. F. Fortney Esq., Rev. Dr. H. C. Holloway, Rev. H. C. Woodson, Rev. Chas. Asbury, of Williamsport, Abram Jackson and William Mills.

-According to general orders No. 48 issued from the Adjutant General's office. Co. M, 21st Reg., N. G. P. stationed at this place will be mustered out of service. Along with it Co. F, Hollidaysburg, and Co. L, Huntingdon, will also be mustered out of the 21st. The regiment was one of the provisional organizations after the old Guard entered the federal service and now that it is back again all the new companies mental concentration are being cut off. F. L, and M, are the only eastern companies

A LARGE MATCH FACTORY FOR BELLE-FONTE.-Basing the statement on present calculations that seem to warrant it we in Williamsport. want to announce that by January 1st. 1900, the plant of the Pennsylvania Match Co., located at Bellefonte and employing seventy-five hands, will be in full operation, turning out a daily product of 400 gross of boxes containing 200 matches each.

The factory will be located on the ground that lies along the B. N. and L. railroad tracks between the old "fish pond house" and Spring creek. Work was begun on the site on Monday. It will have to be drained of several small springs before it can be used and this will be accomplished by conducting their overflow into the race from the Phœnix mills.

The factory will be 260ft. long by 60ft. wide in the main building, with a boiler and engine house and chemical building separate. All will be of brick, one and two stories high, with slate roof. Architect Robert Cole is working on the design now. The company will get the site in shape and put up the foundations, but the structure above will be let to contract.

The Pennsylvania Match company is made up of several of Bellefonte's leading business men: Among whom are Col. W. Fred Reynolds and Joseph L. Montgomery, S. A. Donachy, formerly superintendent of the Hanover and York match factories before they were gobbled up by the trust, and owner of valuable patents in match making machinery, came here with a proposition that looked business like and the gentlemen took it up; preferring to make the venture themselves to having the factory go elsewhere. It is claimed that matches can be made just a little cheaper here than most anywhere else, because the wood mostly used for them is second growth pine of cattle arrived in this place Tuesday morn- which large quantities can be procured in this section

The factory will be under the direction of S. W. Donachy, an experienced match move back to State College from Centre maker who will bring enough skilled workmen with him to run it properly. In the wood department, where there will be a full saw mill out-fit all men will be employed. In fact about two-thirds of the seventy-five hands will be men, while the balance will be boys and girls.

Jos. L. Montgomery will have complete charge of the business end of it and he assures us that the venture is a bona fide business undertaking out of which the projectors expect to make some money; owing to the superior advantages of Bellefonte as a location for such a factory.

SNOW IN LOWER BALD EAGLE.-While we are ready to acknowledge that they do have some things in the Bald Eagle valley that are to be found no where else on earth Hastings, Jas. A. McClain and C. F. Frazer we're afraid there must have been a fly roostin' on the specs of the man who reports that they had a snow squall down there Tuesday night.

It felt almost cold enough for snow and barn being erected on the Stewart estate on Wednesday and yesterday mornings the property at the rear of this office was begun | mercury took a very decided tumble from the high and mighty elevation it has had since early in the spring. About Bellefonte there was a heavy frost yesterday morning, but not quite enough to nip a few straw hats that are still wandering around and look as though they ought to be laid away to get ripe for duty as rabbit's nests about Easter time.

If this weather is seasonable we're per feetly willing to accept it without a murmur, but how in the world is the question of seasonableness to be determined when it is recalled that on September 26th and 27th, 1881, at the time of the obsequies of -George Shaffer, one of Madisonburg's the martyr President Garfield, the thervery oldest residents, is reported to be in mometer registered 107° and 105° respec-

STATE-GETTYSBURG.-To-morrow afternoon The Pennsylvania State College foot ball team will play the Gettysburg College centian fathers in St. John's Catholic eleven on Beaver field. The game will be called at 3 o'clock sharp.

This will be State's second line up against an outside team this season and will serve to show what effect the game with Mansfield Normal last Saturday had on the blue and white players. While the scrub team could have defeated Mansfield quite handily the game had its good results as a practice and at several phases came within an ace of costing State the ignominy of being scored on.

At the very opening of the game Mans-Hewitt's fleetness. Again, near the close of the second half, the visitors undertook a field goal from the 35vd line and so beautiful was the attempt that the ball struck the cross bar and only missed going over by a bound the wrong way.

The final score, after the two twenty minute halves, was 38 to 0 in favor of

A SLIGHT BLAZE. - About half past eight Monday night the fire department was called out on an alarm that had been rung in from east Beaver street. The fire was only a slight one, however, and was put out before the arrival of the engines.

It was started by a lamp that exploded in the sitting room of Henry Gault's house and might have been far more serious had it not been for the timely appearance of Paul Sheffer, who was passing along Curtin street and ran to Mrs. Gault's assistance. He beat the flames out with a broom.

THE GRAND JURY RETURNS TRUE BILLS AGAINST MAJOR HASTINGS .- At Philadelphia on Monday the grand jury found four true bills of indictment against Maj. W. H. Hastings, who was arrested here on Sept. 8th, and taken to that city to answer the charge of forgery and false pretense, preferred by Gen. Lew Wagner, president of the Third national bank. Three of the indictments charge him with fraudulently making written instruments, and one with ob-

taining money by false pretenses. The alleged fraudulent instruments were papers purporting to be invoices for goods shipped by the Hastings Truss company, of which the defendant was president, to Elliott & Bros., Rocke, Tompsill & Company, and the Australian Drug company, all of Australia. The invoice called for goods valued in the aggregate at \$5,550.75, and it is alleged that on the strength of the papers, which were bogus, Hastings obtained \$5,000 from the Third national bank. According to the indictments this defendant is confined at Moyamensing jail in default of \$15,000 bail.

The next day Maj. Hastings' case was called in judge Beitler's court and the Governor's brother surprised everyone by pleading guilty. Nothing was done in the matter beyond recording the prisoner's

The defendant was taken up from Moyamensing, where he is confined in default of \$15,000, and when arraigned he admitted his guilt, pleading to all four indietments. The pleas being recorded, assistant district attorney Finletter stated to Judge Beitler that in addition to the specific charges contained in the indictments there were certain other matters which he desired to present to the court, and he would accordingly ask that the hearing of evidence be postponed for the time being.

The judge granted this request, and it is understood that Mr. Finletter and lawver H. A. Morrison, on behalf of Hastings, will agree upon a date to have the matter heard

James Hastings, another brother of former Governor Hastings, is in a critical condition in Philadelphia. He is suffering from a severe malady, which effects both legs. He is 60 years old and resides at 1709 Jefferson street, Philadelphia. He has been admitted to the University hospital.

Dr. Goldsmith stated that Mr. Hastings' case is very serious. "The patient is very ill," he said. "I have not thoroughly examined him, but from what I have seen I believe that both legs will have to be amputated. Owing to his extreme age considerable care will have to be exercised to save his life."

SWEET WEDDING BELLS .- A very pretty wedding was celebrated at the home of Mr. and Mrs. Morris W. Cowdrick, 1815 Sixteenth street, Niagara Falls, N. Y., on Tuesday evening, when their daughter, Mabel S., was united in marriage to Mr. Peter Romeiser by the Rev. R. C. Grames, of St. James Methodist Episcopal church.

the bride's niece, of this place, and among the guests were Mrs. A. S. Garman, Miss Rubie Piper and Mrs. Thos. Rosensteel, of Tyrone, and Morris Otto, of this place. The bride and groom left soon after the ceremony for a visit to Williamsport, Bellefonte and Tyrone, where the bride has many relatives and friends. She is a fine looking girl and so amiable and attractive that she was always a great favorite here, the family home until a few years ago.

Her father and brothers are all doing so well at Niagara that there is no likelihood of them coming back to Bellefonte and now there is one more tie, for Mr. Romeiser is in the employ of the Carborundum works and is a well to do young man, thoroughly identified with the progress of Niagara Falls, where they will make their home.

THE CENTRAL PENNSYLVANIA LUTHER-AN SYNOD .- The forty-sixth annual convention of the Evangelical Lutheran synod of Central Pennsylvania, is now in session at Belleville. The Synod included in its territory partly the following counties: Centre, Mifflin, Perry, Juniata, Union, Snyder and Clinton. It numbers 42 ministers, 90 congregations, nearly 10,000 communicants, 1,402 officers and teachers and 11,054 scholars.

Rev. Dr. H. C. Holloway and ex-sheriff Wm. A. Ishler are present at the convention and represent the Lutheran congregation of Beilefonte.

Because of the absence of the pastor there will be no preaching services in the Lutheran church on Sunday but on the 8th of October at the usual hours and communion on the 15th

-Robert Sterrett, son of Rev. J. Macbride Sterrett, of Washington, D. C., has been appointed a second lieutenant in the Forty-third United States Volunteer Infantry now at Fort Ethan Allen, Vt. Lieut. Sterrett graduated from Lafayette college last June and since that has been with a United States Geological party in Minnesota. He was a corporal in the Signal corps during the Spanish war and has always been very much infatuated with army life, but his appointment was rather a surprise to his friends here who did not know that it was pending.
