Quay Case Must Await Its Turn.

The Senate Has Many Matters of Much More Importance to Deal With -- Penrose Cheers Himself. Insists that the Case Will be Taken up To-Day. Idle Vaunts Made.

WASHINGTON, Feb. 12-Senator, Penrose started this morning that the Senate would take up the Quay case on Friday of this "Quay will be seated, all right,"
"The Senate will vote on the financial bill Thursday evening and will probably take up the case of Mr. Quay the next day and dispose of it without delay. I do not think it will take more than two or three days."

Mr. Penrose evidently outlined this program without consultation with any of the leaders of the Senate. The idea of disposing of the Quay case in two or three days is not entertained by many Senators, neither does it seem to be the plan of the leaders to take it up to the exclusion of much more important matters. The administration and the Republican managers of the Senate are impressed with the necessity of immediate action on the bill providing a government for Hawaii. Senator Bollum stated that he would push that measure to the exclusion of all other business, and if he could prevent it not even the Quay case, which is priviledged, should interfere. Mr. Collom is reckoned as one of the Quay supporters, but he does not deem the question of giving the latter a seat on Governor Stone's appointment so important as relieving distress in Hawaii.

PENROSE'S ABSURD ARGUMENTS. Senator Penrose is reported as saying today that nobody is opposed to the seating of Colonel Quay except a few disreputable persons and Mr. Wanamaker. This is a fair sample of the arguments he is using to influence votes in the United States Senate. The great question involved in seating on a Governor's appointment is ignored and Senator Penrose, with one or two of Quay's old associates in the Senate, is pleading for Quay's admission because the latter is a 'good fellow' and there is a "conspiracy" against him. This method of campaigning has not aroused any enthusiasm, as is shown by the indifference exhibited every time the case is mentioned in the Senate. There does not seem to be any disposition to bring the case up in the near future. The Hawaiian bill will probably be co next in the Senate and that will be followed by the Puerto Rican bill.

To Amend the War Tariff Law.

WASHINGTON, February 14 .-- Representative Levy, of New York, has introduced a bill amending the war tariff act by reducing tax on beer from \$2 to \$1, fixing the duty on tobacco at six cents per pound: cigars and cigarettes, \$3 per 1,000, repealing the tax on teas and reducing the stamp taxes. Mr. Levy says as to his bill. The Secretary of the treasury has stated that the surplus from the revenues of the government will amount to between \$30,000, 000 and \$40,000,000 this year. The report of the commissioner of internal revenue for 1899 shows that the estimated revenues from the special war tax (100,000, 000) was exceeded by over two million and

The daily expenditures of the government are decreasing and will continue to days near Colesburg, the Boers making decrease, now that the war with Spain is over. He Tells of the Movements During Last Tuesday Gen. French Seizes a Crossing.—Commander-in-Chief Says the Movement Was a Brilliant One. Three of the Boer Laagers Captured With Sup

RENSBURG, Tuesday, Feb. 13.-Before dawn yesterday the enemy opened an attack on Slingersfontein, with musketry the hills on the northeast held by three companies of the Worcesters under Captain Hovel. The artillery attack be gan at sunrise. The Boers approached in great numbers estimated at seven to one. The British, under good cover, sustained

the attack throughout the day. Meanwhile two big guns on the west opened upon the British at daylight and fired for half an hour, when a British how-itzer silenced them with lyddite, the British artillery firing precision. Then another Boer gun, to the north, opened on the royal Irish rifles, but rather ineffectually, as the rifles had good cover.

THE SHELLING WAS LIVELY. The shelling continued all day, and last evening the Boers brought up a fortypounder in order to bombard the camp rom a hill to the north. The attempt was plainly visible as the gun could be seen drawn up by eighteen oxen. With the Boers surrounding the British in over-whelming numbers and having artillery, it then became evident that it would be mpossible to retain Slingerfostein, which the British evacuated under cover of darkness, falling back upon Rensburg. The British casualties were lighter than might

GENERAL SUMMING UP. LONDON, Feb. 15, --4:20 a.m. - The British army, for the first time since the war began; is inside the Boer frontier. Lord Roberts, with at least 40,000 infantry, 6,000 cavalry and 150 guns, has turned Mageersfontein lines, before which the British forces have been encamped for ten weeks, and, with half of his corps, he is already operat-ing on Free State territory. A battle has not yet been fought, but large tactical advantages have been gained. The relief of Kimberlev is within measurable reach and the way to Bloemfonstein is appreciably

THREE DAYS' MOVEMENTS. The dispatches of Lord Robert's sketch three days' work. The forward movement began on Sunday, when Col. Hannay set out with a brigade of mounted infantry for Ramah, on the Riet, eight miles from Jacobsdale, one of the Boer supply bases.

On Monday, General French with the cavalry division, seized the crossing of the Riet river, at Dekiel drieft, south of Honeynest kloof. He skirmished with the Boers and cleared the way for 20,000 infantry, who followed across.

On Tuesday, with his three cavalry brigades and the horse artillery General French rode to the Modder river, a distance of twenty-five miles, and took three fords, with high ground beyond the river and five Boer camps. He had a few casualties in bushes with the Boer horse. General French has now fixed himself on General Cronie's main line of communication with Bloemfonstein and has 20,000 infantry with guns pushing up.

VERY FEW BOERS FOUND.

Lord Roberts' dispatches, wired from inside the Free State and on the Riet river, left him Wednesday midnight. His advance has not been opposed by the Boers in force. Their patrols melted away as the British moved forward. The Boer army is likely to be felt in a day or two, and a battle is consequently imminent.

As to what forces General Cronje has now at his disposal and as to where he proposes making a stand against the invaders. no one here connected with the war office knows anything. The data for conceptions are wholly wanting.

THE BRITISH CASUALTIES The total British casualty returns up to last night are: Officers, killed, 152; wounded and John Barber.
