-A. R. Alexander, who moved from Penn township, this county, to Missouri last fall writes home that he is in the midst of a very fine farming region. He says they have their stock in pasture already, the wheat and grass are both growing splendidly, oats is well along, corn planted and one man can do as much as two in Centre Co. He states that the prices of horses and mules are advancing rapidly, owing to the demand for them for service in South Africa.
