The Coming Centennial.

At a meeting of the executive committee of the Centre county Centennial Commission held in the office of president Reeder, in Bellefonte, Monday night, enough was learned to warrant the assertion that the events of the two days will far surpass any similar demonstration ever undertaken in this State.

The chairmen of a number of the com mittees were present to formulate their plans for final discussion before calling their sub-committees, named below, together for co-operation in the work of carrying them into effect. Without going into a detailed account of what was done at the meeting it can be covered in a general way as follows:

On the question of the parade it was about decided to have two pageants. One to be of an industrial and civic character and the other to include the military and firemen's organizations. It is probable that if something official is ready to be done about the Curtin monument at that time an entire regiment or so of the N. G. P. will be ordered here by the Adjutant General and an effort is also being made to have our sister town, Philipsburg, relinquish her claim on the next meeting of the Central Pennsylvania Firemen's Convention so that it can be held in Bellefonte one day, thereby adding greatly to the attractions of the Centennial. This would be an exceedingly graceful act on the part of Philipsburg and it is not beyond hope that it will be done.

In the way of music, several of the best bands in the county will be engaged for the parades, but one fine professional concert band will be engaged for both days, so that it will be giving concerts, continuously day and evening, in pavilions especially erected for that purpose in various parts of the town. The chairman is also planning a chorus, the like of which has never been heard in this county. He will probably issue an appropriate selection to each one of his sub-committeemen with instructions to have them gather the largest chorus of good voices possible in their respective communities and have the selection rehearsed so that it can be sung properly by the thousand or more voices, in all, when they gather here for the Centennial.

In the amusement line many attractive entertainment features were reported. Among them will probably be a captive balloon, in which all who care can take a trip to the height of 1000 ft in the air, magnificent fire works, racing and athletic sports of every kind, a great open air kinetescope that will show moving pictures and reproduce old and historic scenes in Centre county; grand balls and receptions will be given to the visitors at night and an effort is to be made to secure either the Ringling or Forepaugh circus as an at-

traction too. The Hon. Fred Kurtz, of Centre Hall, the official historian, was present and detailed the plan of his work, which he intends will give to the county a very thoughtfully prepared digest of the incidents and men directly connected with the

march of progress during the last 100 years.

Then the matter of decorations was brought up and chairman Conley announced that as soon as they have adopted an harmonious scheme for street decorations they will place the entire work in the hands of a professional decorator. It is probable that the Diamond will be made a sort of court of honor, enclosed by ornamental columns that will extend for a square along either side of the three principal approaches. There will be arches and columns at other points in town and the North ward school grounds will probably be illumined and ar-

ranged for a great amphitheatre. These are only some of the plans that are being worked out now, but they are enough to show the magnitude of the coming celebration of July 25th and 26th. The subcommitteemen were named and selected as

tions on their timber tract near Linden

--- At the last meeting of the Centre H. Hayes were appointed delegates to the June.

-A paper is being circulated to secure enough money to put a new fence around the old cemetery on the Guise farm near Linden Hall. In it are lying the bodies of few days ago. He had gone to the barn many of the famous pioneers of the county, the Irwins, Potters and Greggs, and some of the tomb-stones standing are over one hundred years old.

PROGRAM FOR COMMENCEMENT WEEK AT THE COLLEGE. - The completed program for the commencement exercises at The Pennsylvania State College, June 10th to 13th, has been published as follows:

SUNDAY JUNE 10th. 10:30 a. m.-Baccalaureate sermon, by the Rev. Lawrence M. Colfelt, D. D., Philadelphia.

MONDAY, JUNE 11th. 3.30 p. m.-Annual Inter-class Athletic contest. 8:00 p. m .- Junior Oratorical contest.

TUESDAY, JUNE 12th. 8:30 a. m.-Annual meeting of the Alumni As

10:00 a. m.-Annual meeting of the Board of 12:00 m.-Alumni dinner (in the Armory.) 2:30 p. m.-Meeting (in room No. 121) of Delegates and Alumni to elect Trustees. 8:00 p. m.-Presentation of "She Stoops to Con

quer," by "The Thespians." WEDNESDAY, JUNE 13th. 10:00 a.m.-Graduation Exercises of the Class Commencement Address, by Bishop John H.

Vincent, D. D., Topeka, Kansas.

-A wreck on the Beech Creek railroad, near the town of Beech Creek, Sunday morning at 4 o'clock made one of the finest "mixups" that has been seen in many a day. It was a collision between sections one and two of train two. Nobody was hurt. Section one was going east over the "straight track," when the air brake attach ment gave away in some manner, the air was automatically applied and the train came to a standstill. A few minutes afterward section two came along and crashed into the rear end of No. 1. Engineer Russell King, of section two, saw the lights of the caboose ahead, but the momentum of his train on the down grade prevented him from stopping it. Fireman Frank Russell jumped when he saw that a collision was inevitable. Engineer King stuck to his post until the very last moment when he, too, leaped from the cab. The engine plowed into the train ahead and then toppled over on the bank, where the wreckage of six cars and their contents of soft coal covered it completely. The wreck crew from Jersey Shore was sent to the scene of the accident, but it required ten hours to clear the tracks.

A CHANCE FOR YOUNG MEN .- Congress man HALL furnishes us the following, with his firm. the request that it be published for the in formation of young men who are given an opportunity to enter one of the pleasantest branches of the public service.

Cadet Revenue Cutter Service. The United States Civil Service Commission announces that on May 17-18-19, 1900, examination will be held in any city in the United States where it has a board of examiners for the position of cadet in the Revenue Cutter Service: The examination will consist of the sub-

jects mentioned below, which will be weight-

jects mentioned below, which will be weighted as follows:

1, Spelling (first grade); 2, geography of the United States; 3, history and constitution of the United States; 4, grammar, composition, and rhetoric; 5, arithmetic (first grade); 6, algebra; 7, geometry; 8, trignometry; 9, physics; 10, chemistry (inorganic only); 11, general information.

Three days of seven consecutive hours each will be allowed for this examination, as follows: The first five subjects will be given on the first day, the 6th, 7th and 8th subjects on the second day, and the remaining subjects on the third day.

ing subjects on the third day.
Under the regulations of the Treasury Department, applicants must be not less than 18 nor more than 25 years of age, of vigorous constitution, physically sound and well formed, not less than 5ft 3in in height, of good moral character, and unmarried. Persons who desire to enter this examination should at once apply to the United States Civil Service Commission, Washing-

ton, D. C., for the application form 304, the medical certificate of which must be executed by a regularly commissioned surgeon or assistant surgeon of the U.S. Marine Hospital service, which should be properly executed and promptly filed with the Commis-Applicants are advised that if they will

communicate with the Commission, either by letter or telegraph, in sufficient time to ship examination papers, arrangements will be made to examine them conditioned upon the subsequent filing of their applications

THE UNITED BRETHREN CHURCH RE-OPENED.-The last beautiful spring Sunday was a providential realization of the hopes of the members of the United Brethren church in this place who had been looking forward to it for some time as the day on which their pretty little house of worship, at the corner of High and Thomas streets, would be reopened and rededicated to the service of the Master.

During the time it was closed, new paint brightened up the exterior, artistic frescoing lent an additional charm and sacred significance to the inside and a new carpet was laid; giving the entire church an appearance of inviting comfort that speaks volumes for the energetic, modest people who compose its membership.

The services of the day were conducted by Rev. W. W. Williamson, of Altoona, who preached the opening sermon in the the day by Rev. G. W. Sherrick of Tyrone, presiding elder of this district; Rev. J. F. Tallhelm, Julian; Rev. B. J. Hummel, of Runville; Rev. C. C. Miller, of Bellwood, and the pastor Allen Rhen. In the evening infant baptism was performed by presiding elder Sherrick.

The entire amount necessary to pay for the repairs to the church was raised, with a balance over at the service during the day. During the first two years of Rev. Rhen's ance of original debt of \$400.00. The re-County Medical Association Dr. Edith cent repairs and improvements all told cost Schad, Dr. James Thompson and Dr. R. G. \$402.00 making a total debt of \$802.56. About \$400, had been provided prior to the meeting of the National Association which reopening. At the meeting Sunday they meets in Atlantic City the first week in asked for \$402, and secured in subscriptions and cash \$518.89.

-Former county register John Rupp had a narrow escape from being torn up by a cross hog at his home near Shingletown a yard, when he was unexpectedly attacked by the brute, which knocked him down and went for him in a vicious manner. He was unprepared, but finally succeeded in beating it off with his fists before he had been seriously hurt.

Millheim.

Mrs. J. P. Condo is on the sick list. R. M. Foster was in town Tuesday inter-

viewing the voters. E. B. McMullen lost a fine horse last Tuesday. The cause of the animal's death

was colic. Dr. J. F. Harter and his wife, of State College, spent several days at the home of Wm. Miller this week

Jonathan Hess, of Williamsport, and his sister, Mrs. Bottorf, of Pine Grove Mills, visited Jonathan Harter this week.

The knitting factory is being rapidly put into place. It is supposed that within a week or ten days it will be running full blast.

Prof. Blair, of Mifflinburg, has again taken charge of his class in music. He will organize classes in the neighboring towns this

Dr. Edward Miller, of Beavertown, Snyder county, is in town this week having been called from his home by the illness of his father, J. A. Miller.

Francis M. Stapleton, of Carlisle, visited the home of Rev. H. W. Buck several days this week. He is the son of former presiding elder Stapleton of the local district of the United Evangelical church.

Everyone who has gone from Millheim to Coburn has noticed the three beautiful homes opposite the toll gate; of these the first belongs to Oscar Meyer, the other two to the Harter Bros. The latter gentlemen have broken ground for another home, which is to be placed to the west of the one built last summer.

Centre Hall.

C. F. Dinninger is home for a short time from New York. Mrs. Rishel, who was mentioned as being

very ill last week, has not improved. Sumner Hosterman, of Lancaster, came

home to attend the funeral of his grandmother Scholl. He is a law student at Lancaster, but will remain here for a month. Samuel Rowe, agent for the Aultman company at Mechanicsburg went to the head-

pects to go to Maryland to look up trade for Lyman Smith began the frame work on his house Monday. Contractor Ed. Foreman is foreman of the job, and if you watch the

quarters Wednesday, and from there he ex-

building you will see it go up like a mush Al. Krape has been away from home nearly all spring digging wells, but gets back occasionally to look after matters pertaining to

taken the contract to excavate the cellar. Many of the farmers about Centre Hall are using phosphate this season on their spring crops. The results shown by the use of acid goods on wheat are so marked that one must

lay aside prejudice against commercial fertilizers. The severe drought is causing no end of trouble to parties who depend on cisterns for their water supply. Messrs. L. R. Lingle and Samuel Durst have been hauling the fluid for some time, and many others are

guarding their supply very carefully. Dr. George Krumbine, who was graduated at the Baltimore Medical College, is here with his brother John. The doctor will take the state board medical examination as soon as possible. He expects, however, to locate

in Ohio, and will go there in a few days. Rev. Schuyler D. D., of Shelsburg, held his first regular services in the Presbyterian church Sunday. His flock is well pleased with their new pastor, and the attendance at the services was large. The parsonage was renovated and put into first class condition for I am perfectly independent since starting in prior to Rev. Schuyler's arrival.

E. M. Hewett is having a number of buildings put up at his saw mills in the Powders, which are much superior and cheaper Seven Mts. Among them are two dwelling than the liquid extracts sold in stores. Before houses, stables and a large seasoning shed for starting I wrote to the Baird Mfg. Co., Baird staves. From the amount of staves shipped from this station one would almost come to the conclusion that they are used for kindling wood in the cities.

Mrs. Susanna Scholl died at the home of her only daughter, Mrs. G. W. Hosterman, Thursday of last week, at the advanced age of eighty-two years. She had been in good health, although confined to her room, until a few weeks prior to her death. The funeral 45-11-13t took place Saturday a. m., the interment being in the cemetery at this place. Rev. Kerschener, of the Reformed church officiated; the deceased being a member of that faith. Mrs. Scholl was the widow of John Scholl who lived near Rebersburg.

Notices have been posted by chief burgess John Riter demanding that all dogs running at large be muzzled. The burgess thought it wise to take the dogs off the streets before any harm was done, the dog scare Rebers burg had last summer furnishing the warnmorning at 10:30. He was assisted during ing. The idea is a good one, and no one should complain about such regulations. A dog is always to be feared, during the summer months especially. If the stock on hand would be decimated by one hundred per cent. dog heaven would then be full and every man safe from rabbies.

Sidney Royer, a young son of Edward Royer, was kicked on the head by a horse Thursday of last week and seriously injured. Sidney and his playmates were tossing the ball about the livery stable and in some way the ball landed under the horse. pastorate there was collected and paid on In his effort to get the ball the horse kicked debt and interest \$719.55. This left a bal- | the boy on the head about three inches above the eye, breaking the skull. Dr. Lee dressed the wound, and at present the injured lad is doing as well as can be expected. Part of the time the youth is unonscious, but when out of a stupor seems rational. At this writing the boy is much improved and there are prospects for his entire recovery.

Pine Grove Mention.

Two weddings are soon to take place in this community.

Mrs. Daniel Kustaborder, of Warriors Mark, is visiting friends here and nearby

looking considerably broken in health. For the first time in our history we are without a justice of the peace which tends to show that we are a law abiding people.

The orchards now look like immense bouquets of beautiful blossoms but it is greatly feared that they have suffered severely from the recent frosts.

Curt Musser, Adam Bucher's right hand man in the lumber business in Altoona, made a flying visit to our town on Monday.

Mrs. Elizabeth Gibson, of State College, is in Washington, Pa., enjoying her annual visit with her two sons Robert and William. of that place.

James Koch, of Buffalo Run, spent the fore part of the week with his brother, Amos, who tills the fertile acres of the J. F. Krebs Frank Bowersox has found fifty feet of

water at 107 feet. The well is being equipped with a napthaline wheel and Mr. Krape will next prospect for water at the Baileyville creamery. Squire Keller and his wife went to Pitts.

burg, Monday, leaving Miss Etta in charge of their home. The move is only temporary, however, and the three dollars a day was the inducement to go at that time. Farmer Frank Black got into his frock

coat yesterday and started South. He will stop off at the National Capitol, but his destination is Richmond, Va. He is accompanied by his father-in-law, Mr. Isenberg. M. E. Heberling is home from his hunt for work up at Patton where he failed to find a

job outside of hard manual labor. Musser says Pine Grove is good enough for him and no one can cook compared with his mother. D. G. Meek and W. E. Meek are artistically improving and beautifying their comfortable homes with new paint and paper. Eckenroth and Montgomery, of Bellefonte,

are doing the work at D. G. Meek's and W. B. Ward has the contract at W. E's. Mr. and Mrs. John Porter Lyon, of Tyrone, have repaired and restored the old Lyon homestead at Pennsylvania Furnace and are now occupying it as a summer home. Evidently they intend to keep up the traditions of the house for they are seldom with-

out visitors.

Supt. Frank Clemson is out his fine driving mare Maud, who had to be killed on ac count of a broken pastern joint. It was broken by a kick of another horse and as it was a clean break at the joint it was decided best to kill her, as in all probability the joint would have been stiff. H. H. Goss was also called upon to bury his valuable horse last week.

Gen. Grant Thomas, after a prolonged visit among Centre county relatives, has re-turned to Wyoming, where he intends to set-tle down and make his home. He is a son of Orlando Thomas, of Shingletown, and for the last eighteen years has been sight seeing and prospering throughout the West but now he has a mind to settle down and allow the moss to grow. He is a strong, sturdy woods-man and has had some thrilling adventures on the western frontier.

The Lutheran Sabbath school room has been handsomely improved as well as en-larged which was done by finishing and fit-ting up an unused room. The side-walls and building his new house. Martz & Sons have ceiling were papered in terra cotta, the wood work painted to harmonize and a handsome carpet put down making a very pleasing room. If the windows corresponded with the ones in the upper room the job would be complete, but as it is Mr. Aikens deserves much credit for undertaking and completing a satisfactory improvement. The new room is to be used for the primary department.

-St. John's Catholic church in this place was handsomely decorated for the service of "Forty Hour Devotion," which commenced there on Sunday morning. The altar probably never looked more impressive than it did during this service and the members of the church were enthusiastically zealous in their attendance. Assisting Rev. McArdle were Revs. Sass and Codori. of Lock Haven; Fleming, of Snow Shoe; Kumerant, of Philipsburg; Kelly, of Renovo, and McCarthy, of Lewistown.

Women Get Rich as Well as Men.

How One Woman Makes \$18.00 to \$40.00 a Week. Many women say it is hard to get along in the world because they do not have the chance to make money that men do. I disagree with them, business a few months ago, and never make less than \$18.00 a week, and often as much as \$40.00. I am selling Baird's Non-Alcoholic Flavoring Building, Pittsburg, Pa., and obtained samples which we tried in cakes, candies, custards, and ice cream at our church sociable. Everything was so delicious that I wrote for the agency at once, and had no trouble in establishing a regular trade with my neighbors, which only occupies the time I can spare from household duties. The manufacturers say they will employ any earnest person, man or woman, who can spare all or part of their time, and I can say I never heard of such an easy way to make money. MRS. W-
