

HON. J. N. CASANOVA IN THE NEWS-PAPER BUSINESS. From the Havana, Cuba, Daily Journal we take the following account of a departure lately made by the Hon. J. N. Casanova, lately of Philadelphia.

Mr. J. N. Casanova, proprietor of Havana's new American daily newspaper, is one of the best known gentlemen in commercial as well as social circles of Havana.

His education and business experience peculiarly fit him for a practical business man.

He graduated early in life from the Raly Technical College of Engineers of New York in the same class with Mr. A. J. Cassatt, president of the Pennsylvania railroad and has the distinction of having been a classmate of Gen. John B. Brooke, former military governor of Cuba, at the college at West Chester, Pa.

When only twenty-one years of age he was on account of his knowledge of the English and Spanish language as well as the mark he had made that early in life, selected by President Buchanan as United States consul at Guayaquil, Ecuador, which position he filled with credit for several years.

In business Mr. Casanova has met with success. At present he has a large interest in the San Miguel sugar estate which was destroyed during the war.

He has a claim against Spain guaranteed by the United States, amounting to several hundred thousand dollars.

Mr. Casanova, since the army of occupation arrived in Cuba, has been of much value in advising the American officials. His services have been highly appreciated by the Americans from General Wood down.

FOSTER'S WEEKLY WEATHER FORECAST.—My last bulletin gave forecasts of the storm wave to cross the continent about May 4th to 8th and the next will reach the Pacific coast about 9th, cross the west of Rockies country by close of 10th, great central valleys 11th to 13th, Eastern States 14th.

Warm wave will cross the west of Rockies country about May 9th, great central valleys 11th, Eastern States 13th. Cool wave will cross the west of Rockies country about 12th, great central valleys 14th, Eastern States 16th.

Temperature of the week ending 8 a. m. May 14th will average about normal in the great central valleys, about in the Eastern States, about on the Pacific slope.

Indications are that May temperature will average above normal in the Northern States east of meridian 90, below in Northern States west of meridian 90, above in Southern States.

Rainfall will be above in the Northeastern States and eastern Canada, below in middle Canada, lower Ohio valley and Southern States, above in western Canada and Northwestern States, about in Southern States, below on northern Pacific slope and above on southern Pacific slope.

Mr. E. C. Reber, brother-in-law of our townsman, Mr. Jerre Nolan, died at his home in Butte, Montana, on Thursday, the 27th ult. In speaking of him a Butte paper says: "Mr. Reber was born near Reading, Pa., 56 years ago. He is of a well known and time honored family, antedating the revolutionary period, who have been prominently identified with commercial enterprises, the professions and the development of the great industrial resources of that great State.

When a young man with a hardihood worthy of the pioneer Mr. Reber emigrated into the then distant and sparsely settled Nebraska. Here he became prominent in business and was a very active factor in civil and political affairs. In search of a more healthy climate, better adapted to his ill, he came to Butte 10 years ago. This change for a time alleviated his distress but it did not effect the result hoped for and during all this time he bore his lingering illness and suffering with a patience and fortitude that was marvelous until the end came.

He leaves to mourn his loss a family that is highly esteemed and respected in Butte. The widow, W. H. Reber, Edward A. Reber, Charles A. Reber, Miss Carrie Reber and Miss Helen Reber.

Resolutions on the Death of Mrs. Maggie Beck.

WHEREAS, Death has removed from us our beloved sister Mrs. Maggie Beck, and, WHEREAS, she has been a member of our W. F. and H. Missionary Society ever since its organization, therefore be it

Resolved, that we humbly bow to the will of our Heavenly Father in this bereavement, trusting him whose love is boundless and whose wisdom is supreme

Resolved also that we record our high appreciation of her as a member of the Sunday school. Her interest was deep and constant and her seat seldom vacant. She often expressed a desire to become more Christ-like in her life.

Resolved, that we as a society and school extend our heartfelt sympathy to the bereaved family in their great loss and pray the Heavenly Father to grant them the consolation of his present love.

Town Forestry.—A western congressman recently received the following note from one of his rural constituents to whom he had sent a consignment of garden seeds:

"Kind sir, and esteemed friend, I have the seed. They came this morning and suit very well, specially the cabbage seed which grows well in this soil. Please send me 2 loads of fertilizer and a new harrow and if you could send me a man for a couple of days I would be obliged." With this help I know the garden stuff will turn all right and I will send some to you and the president. Your grateful well wisher and Supporter."

A FAST BICYCLE RIDER—Will often receive painful cuts, sprains or bruises from accidents. Bucklen's Arnica Salve, will kill the pain and heal the injury. It's the cyclist's friend. Cures Chapped Hands, Sore Lips, Burns, Ucers and Piles. Care guaranteed. Only 25c. Try it. Sold by F. P. Green druggist.

How You Spend Your Life.

The Time Expended on an Average in the Daily Routine.

An ordinary man would laugh away as preposterous the suggestion that he was likely to spend 20 years of his life in sleep. But that is because he does not conduct his life according to a schedule and really has no idea of how he does spend it.

By a painstaking study of averages a skilled statistician has recently arrived at the conclusion expressed in the following figures. They apply to the average American man of 60 years of age. They do not accurately represent his life today, because his years of infancy and childhood are included in the computation. They will apply only to the man of leisure nor to the laboring man who both works and plays will recognize himself in them:

Twenty years in sleep. Three years nine months in eating and waiting for the waiter. Seventeen years six months in working. Seven years six months in pursuit of pleasure.

Six years and three months in walking and other exercise. Two years six months in making one's toilet. Two years six months doing absolutely nothing.

The item of toilet may be subdivided into seven months for shaving, 11 months for washing, one year for dressing. Most men walk about three years and six months and spend two years and nine months in their other exercises.

The little table becomes more intelligible if less comprehensive when it is reduced to a scale of days, in which case it stands as follows:

Eight hours sleeping. One hour 30 minutes eating. Seven hours working. You may retort by telling him that it is doubtful whether he spends seven at work, but in his youth he slept more and worked less, and all this is taken into account in estimating averages.

News of the Railways.

Rock Island Announces Special Excursion Rates.

The Rock Island's proposition for cheap rate excursions to and from Colorado during this summer has been negatively by the Western Passenger Association.

In consequence notice was served yesterday on Chairman McLeod by general passenger agent Sebastian, that the Rock Island will take independent action and put in effect a rate of one fare plus \$2.00 for the round trip from Chicago and all intermediate points east of the Missouri river to Denver, Colorado Springs, Pueblo, Salt Lake City and Ogden. Tickets at this rate will be sold on June 20th, July 9th and 17th and August 1st.

From Missouri river points the same rate will be made on the days following these dates. Tickets at this rate also will be sold from Missouri river gateways, Kansas City to Omaha, inclusive, on July 7th, 8th and 9th. Four special excursions also will be run by the Rock Island from Colorado common points to Chicago and intermediate stations on June 23rd, July 12th and 20th and Aug. 4th. These excursion tickets, both east and west bound, will be limited for return passage to October 31st.

The Rock Island announces its intention of placing in service special trains for these excursions, leaving Chicago at 5 p. m. and making the run to Colorado with only one night on the road—Chicago Tribune.

Sheep Killed by Gaddies.

Another sheep ailment has been discovered in Tioga county.

During the past few months quite a number of sheep in that county have died of a peculiar disease which baffled the farmers. A few days ago Veterinary Surgeon S. Nicholas, of Wellsboro, was notified by the state department to investigate the cause of death in several sheep lost by E. D. Heise, of Delmar, Dr. Nicholas found that the sheep died from the effects of irritation in the head caused by the development of the larva from the eggs of the gaddy.

On dissecting the heads he found the pupae in the air passages in every case, and concludes that they had developed from the eggs laid by the gaddy in the animals' nostrils last summer.

The sheep gaddy deposits its young in the nostrils of sheep, and the larvae develop in the frontal sinuses. The common species which interests cattle deposits its eggs upon or in the skin where the larvae or bots live and produce sores called worms.

The Right Way to Toot.

If you toot your little whistle, and then lay aside your horn, there's not a soul will ever know that such a man was born. The man who owns his acres is the man who plows all day, and he who keeps a planting is the man who makes it pay.

The man who advertises with a short and sudden jerk, is the man who blames the printer because it didn't work. The man who gets the business uses brainy printer's ink, not a cutter and a splinter, but an ad. that makes you think; and he who plans his advertisements as he plans his well bought stock, has the future to his business just as solid as a rock.

Eight Months in Jail.

J. C. Harmon, of Penfield, was sentenced Tuesday at Clearfield to eight months in the county jail for man slaughter. Harmon was a storekeeper at Penfield, and in his place of business brained Ezekiel Hewitt with a weight as the result of a quarrel about the delivery of goods. The judge, in passing sentence, explained his leniency by expressing a doubt as to Harmon's intention to kill his customer.

What Do the Children Drink?

Don't give them tea or coffee. Have you tried the new food drink called GRAIN-O? It is delicious and nourishing and takes the place of coffee. The more GRAIN-O you give the children the more health you distribute through their systems. GRAIN-O is made of pure grains, and when properly prepared tastes like the choice grades of coffee but costs about 1/4 as much. All grocers sell it. 15c. and 25c. 44-50-1y

Medical.

WHY IT SUCCEEDS.

BECAUSE IT'S FOR ONE THING ONLY, AND BELLEFONTE IS LEARNING THIS.

Nothing can be good for everything. Doing one thing well brings success. Doan's Kidney Pills do one thing only. They cure backache, every kidney ail. Here is Bellefonte evidence to prove it:

Mrs. J. Cowler, of Bishop street, says: "I was very bad with my back and head. I suffered pain, in both and was very restless nights besides being so tired all the time that I could hardly keep myself about. I was very lame across my kidneys and bending over or being on my feet much was extremely painful. Reading about Doan's Kidney Pills and seeing them so highly recommended for these troubles I procured them from F. Potts Green's drug store. They gave me positive relief, caused me to sleep well, stopped the pains, removed the lameness and invigorated me generally."

Dr. Stites.

NOW IS THE TIME FOR THE TREATMENT OF CATARRH, DEAFNESS AND AIRPASSAGES, ASTHMA, BRONCHITIS, ETC.

NOW IS THE TIME For treatment of Catarrh, Deafness and the Air Passages, such as Asthma, Bronchitis, etc.

One month of Dr. Stites' New Treatment for Catarrh and Deafness in the spring and summer is worth two months of the most careful treatment at any other season of the year, and if all who suffer from Catarrh were wise enough to devote a little time in the spring to the NEW TREATMENT, as only is given by DR. STITES, there would soon be few cases of Catarrh to treat. Deafness would be cured, Catarrh of the Head, Asthma, Bronchitis and Consumption would be reduced to a minimum. Hence we can only repeat: NOW IS THE TIME

CATARRH OF HEAD, NOSE & THROAT

Absolutely cured and the poisons of the disease completely eliminated from the system by the new and better treatment, administered by Dr. Stites. No injurious Medication, no Painful Operative Treatment, no Acid Sprays, no Caustic Burning, no experimenting Deafness. All forms of Catarrh, Asthma, and Diseases of the Stomach successfully treated.

All correspondence strictly confidential.

DR. J. K. STITES. 21 N. ALLEGHENY ST. DR. STITES' NEW TREATMENT FOR CATARRH, BRONCHITIS & ASTHMA. AMERICA'S GREATEST CURE.

NEW TESTIMONIALS:

Suffered Horribly with Head Noises, Bronchitis and Deafness, Before Taking Dr. Stites' New Treatment.

I have been troubled greatly with taking cold, then Bronchitis, and a cough set in. Then worse of all, these horrible, shrieking, buzzing and whistling noises in the head would come constantly, and gradually I became very hard of hearing. I hadn't much hope for myself as I am now 72 years old. Having heard of the wonderful NEW TREATMENT I went to Dr. Stites, and though I have been there only one month, I am ever so much better, those horrible noises in the head have left me entirely. I feel, Oh! so much better all around that I do not hesitate to recommend highly Dr. Stites and his NEW TREATMENT.

Respectfully, D. C. WALTER, Bellefonte, Pa.
