

How About the Murder of Prof. Roy White in Sober, Quaker Philadelphia?

From the Philadelphia Inquirer. The Chester Republican is right. The foreign element which was introduced into the population of the anthracite region twenty-odd years ago has made that region an undesirable place of residence for many people.

Not that many of the people living there are not as intelligent, enterprising, progressive or refined as those of any other people in the world; nor that they are not as law-abiding and law-fearing, nor as patriotic and progressive. We are speaking of the question of the recently imported foreigners now. No one who either frequently visits that region or makes a study of its conditions as these are portrayed in the dockets of the criminal courts could fail to reach the conclusion that the Chester paper is right.

Crimes of every known character are on the increase. The Sabbath is in many localities a season of drunkenness and debauchery. Attacks upon women are growing in number. Murder walks red-handed through the night. The very men, the operators who imported this element into the region where they then made their homes, no longer regard it as a desirable place of residence. They unclenched the tiger, possibly not knowing that their act would mean but they cannot curb him now that he is loose.

These are the facts, and they are known to every resident of that territory. It is impossible under the laws of this country to expel those who have taken up their abode there, but it is possible, and it is necessary, that others of their kind should be kept out.

Books, Magazines, Etc. PADEREWSKI AN ENFORCER.—Paderewski sailed for Europe on the sixteenth of May after a wonderfully successful season in America. During his travels he has been working upon "The Century Library of Music" which the Century Co. will soon begin to publish with Mr. Paderewski as editor-in-chief. It will appear in twenty volumes containing richly illustrated articles upon the great composers of the world, written by other composers, and with music which will include Paderewski's entire repertoire, each piece newly fingered, phrased and pedaled, according to the latest and highest standards. The work is being prepared under Mr. Paderewski's personal supervision. The first volume will appear in September.

The June Century will have some political bearings, including an essay on Reformers by Governor Roosevelt; Hamilton's estimate of Burr, as shown in unpublished documents, and accompanied by new portraits of the two antagonists; "The Business Man and the Consumer Service," the "Origin of the Lincoln Rail," Three short stories dealt variously with phases of political life: "The Mouse," the scene being in Washington official life; "Conlon," a novel character-sketch of a healer's devotion to his boss, and "The Stained-Glass Political Platform," a satirical sketch of current events are likely to attract special attention.

Remarkable Success of a New Freezer. For many years it has been supposed that the only way to freeze cream was by the old process, which consumed a great amount of time and patience. A new process has been recently discovered by which the very best ice cream is made in less than one minute by our celebrated "Up-to-date" Freezer. This we absolutely guarantee, and if freezer does not make ice cream as above stated, we will refund your money. Our representatives are making \$18 to \$30 per week. Don't you want to enjoy our success? See what some of our customers think. This is the universal opinion of all who try it.

Dear Sirs:—Berlin, N. J., Aug. 1st, 1899. At the Ice Cream Festival held Saturday evening, July 29th, of Centenary M. E. Church, under the auspices of the Epworth League, one of your "Up-to-date" Cream Freezers was used to great success. We have been paying 80 cents per gallon for cream; now we make a better quality at one-half the cost. In fact, we were so well pleased with the freezer that we purchased two of them for the use of the League, having more than cleared the cost of one at the first night. We heartily recommend them to all who contemplate purchasing an Ice Cream Freezer. Yours truly, Jennie M. Monroe, Pres.; Martha A. Clark, 1st V. P.; May McCall, Sec.; Flora Wright, Treas. TO THE PUBLIC. A word to the wise is sufficient. Selling well made, new, stylish honest goods at honest prices, since I have established, has been my aim, delight, and principle.

A child is as much at home with us as a grown person, pays the same price that a father or mother would pay. We try, we think, we are square dealers. The people of Centre County know our motto which is "Fairness and Squareness" and "Money Back for the Asking." You are not asked a dozen questions when you desire to have your money back, but with a smiling face we refund your money. Our policy, is and ever will be, "Failure with Honesty rather than Success with Perfidy."

We have lived here and expect to remain here as good, liberal citizens and advocate and adhere to the policy of honest goods at honest "Live and let live prices. Our future will show this. Its our style of laying a solid foundation so that it will not fall and crumble but stand by us in the future.

After reading the above statements you must certainly come to the conclusion that THE BEST TO ADOPT IN BUYING is to come here and see that everything is just as represented. We have more at stake in every transaction than the buyer. Goods must satisfy you, wear well, in fact give satisfaction in every detail. Otherwise they would reflect on us.
