The Chocolate Industry.
Millions of Pounds Used in This Country Every Year.

"The American people are evidently very fond of chocolate, for there are about 12,000,000 pounds of the commodity consumed in the United States annually," said a large wholesale dealer in chocolate beans in Boston to a writer for the Star recently.

"Two thirds of the chocolate imported into this country is purchased by chocolate manufacturers in Massachusetts, and the rest is distributed among the numerous candy firms in New York, Philadelphia and elsewhere. There are three principal grades of chocolate, which are known in the trade as the Caracas, the French and the German. Of these three varieties the Caracas is considered the best. The color of Caracas chocolate is a pale brown. In flavor it is much stronger than the French or German article.

"To test the quality of chocolate it is only necessary to put a piece of it in a pan of water and allow it to dissolve. The better grades will leave no sediment; the others will. This is due to the fact that in the cheaper varieties the shell is ground up and used as a filler. The lighter the chocolate the better the quality. The cheaper grades are dark brown, owing to the ground-up shell.

"One of the largest cocoa plantations in the world is located in Nicaragua. It is owned by a French firm, whose chocolate is known all over the world. Their works at Noisiel turn out about 40,000,000 pounds of chocolate a year, and their employees number 1,500. The tinfol in which the cakes are wrapped costs alone \$100,000 per annum. The possibilities of cocoa cultivation in Central America are not yet fully realized outside of France. When they are there will be a big 'boom' for lands suitable for the purpose."

Dr. Stites.

THE NEW TREATMENT CURES
HE HAS GIVEN PROOF AFTER PROOF.
HE LEADS, OTHERS FOLLOW.

Doctor Stites Has Demonstrated This!
HE HAS GIVEN PROOF AFTER PROOF.
HE LEADS, OTHERS FOLLOW.

Dr. Stites is causing Universal Astonishment by his Wonderful Cures of all CATARRHAL DISEASES.

This Century has been correctly termed the most important in scientific advancement, but no new discovery in any line is at this time attracting such wide-spread attention as Dr. Stites' NEW TREATMENT for the cure of all Catarrhal Diseases and Deafness. In fact, the phenomenal cures made by him during the past years have been so remarkable, astounding and wonderful as to demand the attention of scientific men all over the country; his methods are so simple and thorough—no caustic sprays, no acids, no burning, but they cure thoroughly. Not only does he cure hundreds at his office, No 21 Allegheny St. Bellefonte, but he has the ability to cure at a distance, and equally permanent. There are imitators who profess to have the NEW TREATMENT; they are unworthy of trust, and belief. Dr. Stites is the only man in this country who has proven by hundreds of testimonials from unimpeachable citizens, living right among you, that he can cure, as he advertises; others want their skill and praise themselves; profess to have hundreds of testimonials; but don't advertise them.

Different from anything ever before in use in Bellefonte.

Dr. Stites is restoring the hearing to scores of people. Catarrh, Asthma, Bronchial and Lung Troubles, and all Chronic Diseases also yield to his skill.

DR. J. K. STITES,
THE EAR, THROAT AND LUNG SCIENTIST,
21 North Allegheny street, Bellefonte, Pa.
DR. STITES THE MAN OF THE HOUR,
Has proven that he has hundreds of testimonials, given to him by grateful patients for advertising purposes, but under no circumstances advertising names except when he has written consent.

NEW TESTIMONIALS:
What the New Treatment has Done for Little Lena Rice of Bellefonte:

Our little daughter Lena, who is now 9 years old, has suffered greatly, since quite young, with catarrh. Her nose was always so much stopped up that she had to breathe through her mouth entirely. Then she hawked and spit all the time. Her tonsils became very much enlarged, giving her a great deal of trouble. She would get so choked up, and on taking cold could hardly breathe. After a while her ears got very bad and she grew quite deaf. We did not know what to do for her, as nothing seemed to help her. When we heard of the New Treatment, we went to Dr. Stites, and now we are happy to say that our little girl can now hear almost as good as she ever did. She is much better in every way, and feels bright and happy as a child should feel. We are so grateful to Dr. Stites for he is a blessing to the community. Respectfully,
MRS. JANE RICE.
Suffered Horribly with Head Noises, Bronchitis and Deafness, Before Taking Dr. Stites' New Treatment.

I have been troubled greatly with taking cold, then Bronchitis, and a cough set in. Then worst of all, these horrible shrieking, buzzing and whistling noises in the head worried me constantly, and gradually I became very hard of hearing. I hadn't much hope for myself as I am now 72 years old. Having heard of the wonderful New Treatment I went to Dr. Stites, and though I have been there only one month, I am ever so much better, those horrible noises in the head have left me entirely. I feel, Oh! so much better all around that I do not hesitate to recommend highly Dr. Stites and his New Treatment. Respectfully,
D. C. WALTERS,
