Black Diamonds.

The only two regions from which black diamonds are taken seem to be the Cape of Good Hope and the province of Bahia in Brazil. The black diamonds are divided into two varieties, known as carbons and bords. The first of these is a variety of diamond which occurs in irregular crystals having somewhat granular structure without possessing a distinct cleavage. Its hardness is at least as great as that of the diamond, although its density is inferior an account of a slight porosity; it has a resinous luster and is grayish or black in color. The "bords," on the contrary, is somewhat spherical and does not present the irregularities shown by the "carbons"; it is grayish or black and somewhat translucent, taking the form of round masses with a rough surface or one presenting a confused crystalline structure. It is only within the last ten years that the black diamond industry in Brazil has assumed any considerable importance; it is utilized in the manufacture of rock drills, etc. The demand is constantly increasing, and for this reason the price remains high. The region where the black diamonds are found is about one day's journey from Bahia, by boat to San Felix and by railroad to Baudeira do Mello; this is also a somewhat producing district. The most productive region is found beyond the river Paragonas, about two days' journey by mule. It is probable the black diamond is to be found in all this region, but on account of the primitive methods of extraction the only places from which they are taken are the bed of the river and its tributary the Serra Antonio, and from the sides of the Sierra de Levas. The carbons are found in a kind of gravel consisting mainly of quartz pebbles mixed with ferruginous clay and resting on a clay stratum.

A spot is chosen in the bed of the river where it is not more than 30 feet deep and where the current is not too rapid; a long pole is planted, down which the native descends, being provided with a sack whose mouth is stretched open by an iron ring. The clay is scraped from the bed of the stream and the sack filled with gravel; it is brought up and taken to the shore, the sacks being stored out of reach of high water. This operation is carried on each day for the six months of the dry season. At the commencement of the rainy season, when the current and the great depth of the river, the gravel is washed and examined for carbons. The divers are quite skilled and can remain under water for more than a minute and a half. The part of the river having a great depth are not worked; here dredges or diving apparatus could be used to advantage. Another method of extraction consist in perforating the sides of the mountain along the shore, and a number of tunnels have thus been made for the extraction of gravel containing diamonds and carbons. The work is carried on during the dry season, and in the rainy season the gravel is washed in cradles or by similar methods. The carbons are found in dimensions varying from a grain of sand to crystals weighing 975 carats; the largest was discovered in 1894 and sold at Paris for 100,000 francs. The size preferred is that weighing from one to three carats, as the large masses must be broken with considerable loss. The carbons are used principally in the construction of rock drills, being disposed on a steel crown in circles or rows; their price is naturally high, this resulting in part from the imperfect methods of extraction employed. The buyers are found chiefly at Bahia, but have considerable natives in the mining region; the price is variable, and averages \$22 per carat.

Ancient Peking.

Described as a Place of "Dirt, Dust and Disdain." Peking lends itself to nickname and alliteration. An English minister described it as the place of "dirt, dust and disdain." Others have found it, like Lord Amherst, a city of despair. Mr. Henry Norman says that the two moments when one appreciates it are the first sights of its frowning gates and the last. Whatever it is or is not to the "men of long views," it must always be the mercenary center of human greatness and international relations. During the dynasty of those Mings whose name was the wary of the Taipings, and is today in the mouths of many of the secret societies that form the great difficulty of Chinese rule and management, it was a city of but second rank importance. Their attention was given to the embellishment of the now half wasted city of Nankin, often called "the national capital," but Peking has been the imperial capital since the Ta-Tings seized the throne, and those who are qualified to speak are of opinion that any notion of degrading it from the pride of place to suit the convenience of European diplomacy is foredoomed to failure. It is not only the capital of Manchus; it is the capital of the mandarins. The official world is of the Pekingese stamp, and the Pekingese is the official language, the tongue of the graduate and educated man. To the ear in a pleasant and softer sound than the rough dialects of the provinces, and it has been developed and molded to the elaborate and ornate phrases of polite society. The "sh" is often heard instead of harder and more unorthodox conjunctions.

Millions Perish in Indian Empire.

Louis Kloppsch, proprietor of the *Christian Herald*, of New York, after spending a week in Paris, on his way home from India, has arrived in New York. Mr. Kloppsch said the mortality during the wet season in India was just commencing, and must assume stupendous proportions, outnumbering the total of the deaths during the past six months from all causes. Unless 30,000,000 blankets are quickly provided the monsoon, India's greatest blessing, will prove appallingly disastrous, and the mortality will exceed 2,000,000. He further asserts that 99 per cent. of the cattle in the richest farming districts have perished. Mr. Kloppsch is thoroughly satisfied with the methods adopted in the distribution of the American relief. One of his last acts in India was to buy 100,000 blankets for the sufferers.

WHITE MAN TURNED YELLOW.—Great consternation was felt by the friends of M. A. Hogarty of Lexington, Ky., when they saw he was turning yellow. His skin slowly changed color, also his eyes, and he suffered terribly. His malady was Yellow Jaundice. He was treated by the best doctors, but without benefit. Then he was advised to try Electric Bitters, the wonderful Stomach and Liver remedy, and he writes: "After taking two bottles I was wholly cured." A trial proves its matchless merit for all Stomach, Liver and Kidney troubles. Only 50c. Sold by F. P. GREEN druggist.

Saying Grace.

A preacher at New Kensington was called upon to "say grace" at the table the other day. After he got through the little girl of the family blurted out: "That isn't the kind of grace papa says sometimes." "What kind does he say, my little girl?" inquired the minister. "He sometimes says: 'My God, what a supper!'" Her father at once had a fit of coughing and the minister choked, while the mother flashed all kinds of steel lightning out of her blue eyes at the little innocent.

If you don't feel quite well, try a bottle of Hood's Sarsaparilla. It is a wonderful tonic and invigorator. It will help you.

David City, Neb., April 1, 1900.

Genesee Pure Food Co., Le Roy, N. Y. Gentlemen:—I must say in regard to GRAIN-O that there is nothing better or healthier. We have used it for years. My brother was a great coffee drinker. He was taken sick and the doctor said coffee was the cause of it, and told us to use GRAIN-O. We got a package but did not like it at first, but now would not be without it. My brother has been well ever since we started to use it. Yours truly, LILLIE SCHORER.

Medical.

WHY IT SUCCEEDS. Doing one thing well brings success. Doan's Kidney Pills do one thing only. They're for sick kidneys. They cure backache, every kidney ailment. Here is Bellefonte evidence to prove it: Nothing can be good for everything. Doing one thing well brings success. Doan's Kidney Pills do one thing only. They're for sick kidneys. They cure backache, every kidney ailment. Here is Bellefonte evidence to prove it: Mrs. J. Cowher, of Bishop street, says: "I was very bad with my back and head, I suffered pain, in both, and was very restless nights besides being so tired all the time that I could hardly keep myself about. I was very lame across my kidneys and bending over or being on my feet much was extremely painful. Reading about Doan's Kidney Pills and seeing them so highly recommended for these troubles I procured them from F. Potts Green's drug store. They gave me positive relief, caused me to sleep well, stopped the pains, removed the lameness and invigorated me generally." For sale by all dealers. Price 50 cents. Foster-McIlburn Co. Buffalo, N. Y., sole agents for the U. S. Remember the name Doan's and no substitute. 45-12

Dr. Stites.

WAR ON CATARRH, DEAFNESS, BRONCHITIS AND ASTHMA. DR. STITES' LATEST DISCOVERY. Eminent doctors admit the truth and heartily indorse the New Discovery of DR. STITES. He has for years studied night and day perfecting his wonderful cure of those diseases. The public is invited to investigate the cures already made by his inventor at No. 21 North Allegheny Street Bellefonte. Thousands of people will be glad to tell what this wonderful treatment has done for them. During the past years DR. STITES has treated thousands of cases, and their success can only be told by their results. You have seen testimonials from reliable citizens. If they prove to you that his treatment is positively successful would it not be cowardly, and criminal almost, if they did not make these means known to the suffering public. DR. STITES has devoted a lifetime to deep, searching study of all lung diseases, Catarrh, Deafness, Bronchitis, and Asthma, and numerous patients sing his praise.

NOW IS THE TIME For Treatment of Catarrh, Deafness and the Air Passages, such as Asthma, Bronchitis, Etc. One month of Dr. Stites' New Treatment for Catarrh and Deafness is worth two months of the most careful treatment of any other treatment, and if all who suffer from Catarrh were wise enough to defer a little time to the new treatment as only is given by Dr. Stites there would soon be few cases of Catarrh to treat. Deafness would become rare, Head Noises a curiosity, and Chronic Coughs, Asthma, Bronchitis and Consumption would be reduced to a minimum. Hence we can only repeat: NOW IS THE TIME. Catarrh of the Head, Nose and Throat Absolutely cured, and the poisons of the disease completely eliminated from the system by the new and better treatment administered by Dr. Stites. No injurious medication, no painful operative treatment, no acid sprays, no caustic burnings, no experimenting. Deafness, all forms of Catarrh, Asthma and diseases of the stomach successfully treated. All correspondence strictly confidential.

DR. J. K. STITES, EAR, THROAT, AND LUNG SCIENTIST, No. 21 North Allegheny Street, Bellefonte, Pa. DR. STITES, THE MAN OF THE HOUR. Has proven that he has many testimonials, given to him by grateful patients for advertising purposes, but under no circumstances advertises names except he has written consent.

NEW TESTIMONIALS. Declares His Cure Almost a Miracle Since Under the Care of Dr. J. K. Stites. When I consulted Dr. Stites I was one of the most wretched of men. In fact, I was in despair. My head was a regular hurricane, whirling, buzzing and roaring continually. This with a terrible cough, hawking and spitting and my nose always stopped up was enough to drag any one into this world of grief. I now feel that Dr. Stites has given me a new head; in fact, I am a new man. I can scarcely realize that I am the same wretched man that called on Dr. Stites a few weeks ago. It is indeed remarkable and if the age of miracles had not passed I should consider this the greatest of the age. Respectfully, Mrs. MARY JOHNSTONBAUGH, Oak Grove.

Care of Hay or Rose Fever—A Well-known Lady of Oak Grove Cured by Dr. Stites. For some time I have suffered greatly with Hay or Rose fever. My head was in a terrible condition, I was sneezing constantly, my eyes were weak and watery, while my head was continually aching. I was generally weak and was feeling very badly indeed. Since going to Dr. Stites all this has passed away. I am entirely cured of the Hay Fever and feel so much better in every way. I take pleasure in recommending Dr. Stites and his NEW TREATMENT to all sufferers. Respectfully, Mrs. MARY JOHNSTONBAUGH, Oak Grove.
