Alabama.

press give forth a sound on the Alabama election, have you? We have not and we have waited for it most patiently. Some of them do not seem to know that there was an election. Others, and but a few of them, in the smallest type and fewest words, have made the announcement that there was an election and that the Democrats as usual elected their ticket.

The truth is there was a big election and a big Democratic victory in Alabama on Monday. An entire new set of State Officers and Senators and Members of the Legislature were elected, as well as the usual county officers. Republicanism and Populism fused and made common cause against the Democracy. Full tickets were voted for in every district and a strenuous effort was put forth. by the friends of McKINLEY, to prove that the Republican party is stronger in that section than it was before he became President.

"Prosperity" and "expansion," the high price of cotton and the opportunities for young men to become famous as soldiers, were exploited for all they were worth. ings for support.

They didn't seem to work.

The result shows a Democratic majority of over 65,000 as against majorities of from 20,000 to 35,000 heretofore. Of the 133 members of the Legislature the Democrats secured all but 12 and of the seven counties that have heretofore given majorities against the Democrats four went Democratic this time

In place of the opposition to the Democracy being stronger than at former elections there was a falling off of over 50 per cent. in the Republican and Populist vote, and a corresponding increase for the Dem-

Altogether it was an exceedingly bad day for McKINLEY and McKINLEYism.

A Candidate Who Would Win.

In declaring for the nomination of Hon. J. HENRY COCHRAN, of Williamsport, for Congress the Clinton county Democrats have done themselves great credit as well as started a movement that promises to wrest the 16th district from the control of Republicanism and the state ring. It is with the condition of political affairs in that district that Mr. COCHRAN can carry it. We have this not from Democrats alone, but have been assured that such is the case by intelligent and conservative Republicans. He does not desire to be made the candidate, that we know, but there are few citizens like HENRY COCHRAN -few men as loyal to the general welfare of the public and to the demands of his party as he is-and for this reason we have every faith that he will not refuse the nomination, if it is thought best by the

The difficulty in the way of Mr. Coch-RAN becoming a congressional nominee is the fact that the State would lose his great influence and usefulness at Harrisburg. It is men like him that the party needs and girl who was born in Tien Tsin. Dr. Clifshould keep in the Senate, and it is a matter of serious doubt as to whether the loss of his services to the Democracy in this position, would be compensated even by the gain of a member of Congress. This is a matter that needs the best political judgment to determine.

-The Pittson Gazette, which has the distinction of being the oidest paper of continuous publication in the anthracite coal fields, celebrated its fiftieth anniversary on Thursday with a special sixteen page edition that is highly interesting to the craft because of its mechanical excellence and to the public for its historical potpourri. The Gazette's fifty years have been fraught with events of interest to the State, as well as to Luzerne county, and though the first of them were fitful enough the field of that journal has become fixed and it is now one of the established institutions of that region. It has been remarkable in the number of able men who have been connected with it, but of them all none made the success of it that the present editor, Mr. THEO. HART, has and the future must hold even more in store for such energy and brains as he puts into it.

Has Struck a Bad Streak.

His honor, Judge Love, must have got his first view of the new moons of the past few months over his left shoulder. At | least luck seems to be running against him of late at a great rate, or in his efforts to be a political boss he is forgetting how to be a Judge.

Six months ago it was his boast that he had never been reversed by the Supreme court. Some people thought it was luck more than the knowledge of law that made such a record for him. What it was we do and Recorder, H. T. Jarrett; Associate not know, but whatever it might have been seems to have gone amiss. That "unreversed" record has two ugly blotches up- chairman. on it now and both within the past six month. The one, the Jackson bank case; the other the case of David Bly vs. the White Deer Mountain Water Company, which was handed down last week. This latter case was tried in the Union county court, while Judge Love was presiding and the State paying him \$12.00 a day extra

We are sorry for Judge Love. We understand how these set backs grate upon his ambitious soul, and appreciate how little of success he will have to point to if HAST-INGS keeps on knocking the political conceit out of him in the county and the Supreme court continues to emphasize his inefficiency as a Judge, by reversing his rulings and advertising how poorly he You have not heard the Republican applies the principle of law to such cases as

come before him. Possibly if he could look at the new moon from some other position, or give less thought as to how he can control the Republican politics of the county and assist QUAY within it, the streak would turn. As it is both politics and the Supreme

court seem to be against him.

-If "war is hell," as General SHER-MAN asserted it is, Republicans must have hells to spare in nearly every section of the State. Scarcely a county can be heard from in which a war between the factions is not going on fiercely. And that they may continue, even if it makes a hell of a time for all of us, until those responsible for the conditions that exist in Pennsylvahonest desire of every good citizen.

--- Candidate ROOSEVELT, it is officially announced, will "go forth to fight the Democratic Philistines, beginning his campaign on the 1st of September." Strange The good was squeezed out of them and as it may seem, with all our boasted progistines of centuries ago-the jaw bone of of the capacity of the factory.

> Butchered by Soldiers of the Czar

Women and Children Slain in Cold Blood at Tien Tsin -City Looted by the Allied Troops.

sioner of Customs at Tien Tsin, who arrived from the Orient on the transport Logan. She says: "During the bombardment we lived most of the time in the cellar of our house. Our house was partially wrecked by big shells. Sleep was out of the question most of the time, and so unstrung were we that but little food satisfied us. There was ever present the haunting fear of the Chinese triumphing and slaughtering every foreigner and convert.

Some, probably all, of the women were prepared to act in case the Chinese effected an entrance. But, aside from the unpleasant recollection, it appears that the allied officers were prepared to act. I did not know it at the time, but learned later that ten or twenty men had been detailed to kill all the foreign women in case the Chi-

nese were the victors." Mrs. Drew with much indignation then spoke of atrocities committed by Russian the general belief of those best acquainted troops, saying: "They pillaged, looted, with the condition of political affairs in tortured and murdered right and left. There were many infants and children killhavonet thrusts. And many were tossed from bayonet points only to be caught and again tossed time and time There is ample evidence of these

unspeakable occurrences.
"Out from Tien Tsin along the Pei Ho lages. The Russians swept through the villages, destroying life and property. The Russians also drove women and children into the Pei Ho and Yellow rivers, where they were drowned.
"There was no attempt at concealing any

of the remarkably barbarous conduct. Democracy of the district that he should and children were butchered by the Russians. I never heard the number estimations. ed save that a great number had been bayonetted and some shot."

> Professor O. D. Clifford and his wife also came home. They bring with them a baby ford, who was one of the last to leave the besieged city, says:

"Looting by the allied forces began as soon as they got the upper hand. The Russians led in this and went to extremes. They are naturally cruel and, expecting no mercy they show none. I was an eye witness to eight cold blooded murders by them. The victims were old and infirm Chinese. The Russians stole everything in sight, looting the houses in the settlement as the Chinese would have done.'

Death of Consul Irwin Shaw.

Expires While En Route Home on Leave of Absence from His Consulate in South America

Word has reached Clearfield to the effect that Irwin Shaw, a prominent citizen of Clearfield county and United States Consul at Baranquilla, South America, had died while on his way home on a leave of

Mr. Shaw was 39 years old, a lawyer by profession and a leading member of the Clearfield county bar. He served several terms as chairman of the Republican county committee. Mr. Shaw was well known to many of our citizens, his political and legal duties frequently requiring a visit to Bellefonte. He was a nephew of Col. E. A. Irwin, of Curwensville, and Hon W. C. Arnold, of Du Bois.
