To Be Taken with Allowance.

The election returns as given in detail on this page of to-day's paper is furnished us by the American Press Association. It is condensed and written up by a Republican from Republican sources, and most of it must be taken with considerable allowance. By next week the truth will be boiled out of much of the stuff that is now given the people, and while the victory for Republicans is complete the result will be found to be not nearly so one sided or overwhelming as is now claimed.

## McKinley and Trusts Triumphant.

Four Years More of Republican Control.

This is What the People Seem to Want and What they are Sure to Have.

The Republicans, in addition to reelecting President McKinley, have swept the country in the congressional elections, and will have, during the next two years, a working majority in both houses of the national legisla-

The latest returns indicate the election of 206 Republicans and 145 Demoocrats to the house of Representatives. With the new members to be elected by state legislatures, the senate will stand: Republicans, 48; Democrats, 31. This is a gain of 17 representatives and four senators by the Republicans. The latest returns show that Mc-Kinley will have 284 electoral votes.

The figures give Bryan 163 electoral

The New England States are solid for McKinley. The Middle states all vote for him. The south is probably unchanged from the vote of 1896. It is in the far west, therefore, that President McKinley has made his greatest

DELAWARE REPUBLICAN.

The Legislature May Now Elect Two Republican Senators. Wilmington, Nov. 8.—The Republicans not only carried the state for Mc-Kinley and Hunn for governor, but also secured the legislature in both branches. This means the election of two Republican United States senators. The senate will be composed of nine Republicans and eight Democrats, and the house will have 19 Republicans and 15 Democrats, with one tie district, Red Lion hundred, which comprises the Twelfth representative district of New Castle county. On joint ballot the legislature will stand: Republicans, 28; Democrats, 23, not including the Red Lion hundred member.

Inasmuch as the Republicans will be in control of the house of representa tives, it is practically certain that Theodore F. Clark, the Republican candidate, and who was speaker of the last house, will be seated. The Republicans will have the organization of the senate and authority to pass upon the contest of Howard D. Ross, Republican, against Francis J. McNulty, Democrat, for senator.

The Republicans elected two senators and nine of the 15 representatives in Newcastle county. In Kent county the Democrats elected two senators, and each party elected five of the tearpresentatives. In Sussex county the emocrats elected one senator and the Republicans the other. The Democrats elected five and the Republicans five of the ten representatives.

The general assembly is Republican, but it was of the same complexion in 1895 and again in 1899, and both times senatorial deadlocks continued to the end. History may repeat itself.

MARYLAND FOR M'KINLEY.

The State Elects a Solid Republican

**Delegation to Congress** Baltimore, Nov. 8.—With scattered precincts in various counties of the state to hear from Maryland's plurality for McKinley and Roosevelt in Tues-day's contest was 14,146, with a probability that the official count will swell the total to 15,000 or more. Besides placing Maryland's eight electoral votes in the McKinley column, a solid Republican delegation to the Fiftyseventh congress was elected with handsome majorities. The members-elect, with their probable majorities,

This means a loss of two congressmen to the Democrats, the Fourth and First districts having been represented by Democrats, though Governor John Walter Smith, who was elected in the First, resigned soon afterward to become governor of the state. His business partner, State Senator John P. Moore, was nominated by the Democrats to succeed him, and his defeat was a source of great surprise, it being considered that he was practically sure of election.

Democratic Gains in Massachusetts. Boston, Nov. 8.—President McKinley has carried Massachusetts by about 80,000 plurality, a reduction of nearly 100,000 from that of four years ago. The Republicans have elected ten of the 13 congressmen, a few by an in-creased plurality over 1896, but in the majority of the districts their candidates ran behind those of four years ago. This leaves the present delegation politically unchanged. While the total vote for governor was somewhat behind that given the national candidate in 1896, Crane was re-elected governor by a somewhat larger plurality than that received by President McKinley. The reduction in the Republican plurality was due not so much to the falling off in the party vote, but the return of the so-called Gold Democrats of 1896 to the regular Democratic ranks. The Republican vote showed a net loss of about 15 per cent. The senate of 1901 will stand 32 Republicans and 8 Democrats, while the house will be 178 Republican, 59 Democrats and 2 Social Democrats.

Iowa's Congressmen Republican. Des Moines, Ia., Nov. 8.-It is apparent that Iowa is Republican by 100,-000, and a solid delegation of 11 Republicans will be sent to Washington. Republican Chairman Weaver says: "Iowa is McKinley by over 100,000, and we have elected all the congressmen.' Democratic Chairman Ruffman says: "We concere the state to McKinley by 50,000. We claim the election of Vollmer in the Second congressional district."

The North Dakota Returns. Fargo, N. D., Nov. 8 .- The Republican plurality in North Dakota will be 10,000 to 12,000. There is no question about the election of all the state ticket and the congressmen-at-large, and there have been large Republican legislative gains. In the state judiciary the returns show the election of a Republican to the supreme bench.

Marion Butler's Senatorial Successor Raleigh, N. C., Nov. 8.—The election in North Carolina was very quiet. Bryan's majority will be about 30,000. The whole nine Democratic congresemen are elected. Democratic State Chairman Simmons is elected United States senator to succeed Marion Butler, Populist, by 40,000 over his opponent, Gen. Julian S. Carr.

Kentucky Is Still in Dispute. Frankfort, Ky., Nov. 8.-The Kentucky governorship is still being claimed by both parties at the state capital. The Democrats are claiming advices showing Beckham's election by from 4,500 to 6,000, while the Republi cans claim the election of Yerkes by 2,500. Independent voters charge that the Republicans are holding back the returns in the Eleventh district and that the Democrats have done likewise in the First, the Republican and Democratic strongholds, respectively, each waiting for the other side to make a show down, and this is responsible for the delay in ascertaining the result.

The Close Vote of Nebraska. Omaha, Neb., Nov. 8.—Elections in Nebraska are so close as to be watched keenly. Chairman Lindsey for the Republicans, claims that McKinley carries the state by 7,000 or more, the Republican state to ket wins by 5,000 to 7,000 and that the Republicans have a majority of 17 in the legislature. Against this the Democrats claim Bryan has carried the state, though by a narrow margin of perhaps of not more than 1,000, and that fusion has a safe working majority in the legis-lature. Neville is the only congressman conceded to Democrats by Republicans. Both parties are claiming the lead on joint ballot.

McKinley's Rhode Island Plurality. Providence, R. I., Nov. 7.—Corrected unofficial returns from Rhode Island give McKinley 33,821; Bryan, 19,947; Maloney, 1,883; Woolley, 1,526, a plurality for McKinley of 13,874 in a total vote of 56,677. His plurality four years ago was 22,978, in a total vote of 54,780. He carried every city and town in the state, as he did in 1896. The vote this year is the largest ever cast in the state. In Providence Mc-Kinley received 5,116 plurality, while the city went Democratic for mayor by 1771 plurality. Bryan gained 5,488 in the state, while McKinley lost 3,615 | 35,000, and may reach 40,000. in the total vote.

New Mexico Republican. Santa Fe, N. M., Nov. 8.—Indications are that B. S. Redey, Republican, has been elected delegate to congress. The legislature is Republican.

## The New Congress.

Both Branches Republican by a Small Majority.

The Election of Five Senators in Doubt.

Washington, Nov. 8 .- The next senate, assuming that the state legislatures will fulfill their duty and choose senators to represent their states, will stand, on the basis of Tuesday's elec-tion, 49 Republicans, 27 Democrats and 9 independents, with the legislatures in doubt in three states, with the privilege of electing five senators at this time. The legislatures in doubt are Delaware and Nebraska, in each of which states two senators are to be chosen, and Idaho, with one senatorial chair to be filled. Among those classed in the independent column are Senators Stewart, of Nevada, and Kyle, of South Dakota, who in the last congress acted with the Republicans on all party matters; Turner, of Washington, and Harris, of Kansas, who acted with the Democrats, and Wellington, of Maryland. The representation by states should be as follows:

Senator Clark's Re-election Assured Helena, Mont., Nov. 8.-Fuller returns of Tuesday's voting in this state confirm the preliminary estimates sent out. Bryan's plurality will be from 15,000 to 18,000, and Governor Toole leads the Democratic state ticket with from 6,000 to 8,000 votes to spare. The legislature, which will elect two United States senators, is Democratic by from 15 to 20 votes on joint ballot, and will undoubtedly re-elect Senator Clark and some other Democrat or Populist to succeed Thomas C. Carter and fill the vacancy caused by the resignation of Senator Clark last ses-

Florida's Democratic Plurality. Jacksonville, Fla., Nov. 8 .- The official returns from 338 precincts out of 667 in the state show the Democratic presidential electors received 17.930 votes to the Republican electors' 6,200. This will give Bryan a majority of 23. 000 in the state. Democratic candidates for state house offices have ap-

Shows a Republican Plurality of Almost 300,000.

Philadelphia, Nov. 8.-Late returns indicate that Pennsylvania gave over 300,000 plurality for the Republican ticket, exceeding even the record breaking plurality of 295,072 in 1896. Of this plurality Philadelphia furnishes over 125,000 and Allegheny county, including Pittsburg, nearly 50,000. Bryan carried 15 of the 67 counties in the

In this city the fusion of the Democrats with the Municipal League cut down the Republican county majority, but J. Hampton Moore, for city treasurer, and Jacob Singer, for register of wills, are elected by about 50,000 plurality.

The result of former Senator Quay's effort to secure control of a sufficient number of members of the incoming legislature to insure his return to the United States senate is as yet in doubt. There is no disputing the fact that the attempts of his opponents to defeat him in certain counties by fusion with the Democrats are practically a failure. islature on a joint ballot. Senator Quay himself declares his re-election a certainty. The indications are that he will have 145 votes in joint ballot, 17 more than necessary to elect. The anti-Quay Republicans will probably not muster over 50 votes of the 256 on joint ballot.

In Montgomery and Chester counties, where the fusionists made a strong fight to elect nine anti-Quay members of the legislature, they suffered a severe setback, the regular Republicans

winning by a large majority.
Indications are that the next Pennsylvania delegation in congress will stand: Republican, 26; Democrats, 4, as against 20 Republicans and 10 Dem-

ocrats in the present congress. The following is the Pennsylvania delegation: At large, Galusha A. Grow, Rep., and Robert Foerderer, Rep. First district, \*H. H. The Democrats concede that he has carried the state, and attribute to him but a small majority. The Republicans claim that his plurality will be from 5,000 to 7,000.
