A request for a crossing over Ridge street, on the south side of Curtin, was referred to the Street committee. The walk on north Allegheny street, known as the "elevated boardwalk" was reported to be in course of repair and several other improvements were reported.

The Water committee reported the pumps running 24 hours a day and everything in good repair except the water pump, which has been stopped until new gates can be put in the fore bay. Supt. Rine reported that the meter on the C. R. R. of Pa. water tank at the Central station showed that 55,874 gallons of water had been used through it since Nov. 28th. That company had refused to sign a special contract for \$100 tax and upon motion it was decided to cut the water off urless the contract is signed by Feb. 1st. In 1894 the Central railroad paid \$150 for their water after that they paid \$75 up until '99, when they were exonerated.

The following bills were approved and council adjourned:

Police pay roll. Bfte Fuel & Supply Co., coal.. 69.91 H. B. Pontius salary and stationery...... 13.27 Street pay roll .. 29.09 Water pay roll ..

### James Schofield States His Position.

EDITOR DEMOCRATIC WATCHMAN :-Dear Sir :- I see by the WATCHMAN of the 18th that my name is mentioned in connection with others for the office of Overseer-of-the-Poor. It does seem two me that two Demcratic applicants for this office in views and wishes of the voters and I certainly didn't authorize you to place my name before the public.

I beg leave to say I am not a candidate, as I have no time to make a canvas of the borough to discuss the matter with my

friends. It so happens that there are already two candidates in the field, and now that I belong to that class which is absolutely opposed to invading another candidate's matism somewhat of an inflammatory charhome for the purpose of soliciting votesnotwithstanding having been asked on all quarters to enter the field-I can't see my way clear to make a contest. It is not surprising that I should have had many such requests from the South ward because I have been in business in that ward for thirty

I wish to be frank with the citizens of the Borough and if the conditions had been a little different I might have made a canvas for the office. At present, however, I don't believe in having a dispute among Democrats for office, as it is particularly impolitic in a Republican stronghold like this.

Now that this question is before the people I will take the liberty of presenting a few facts for their consideration. I have often wondered if the taxpayers have stopped to think what it costs to run the poor department under the two-over-seer system. We find by looking up the amount of taxes assessed in each year from 1894 in 1900, for poor purposes, to be appalling. In the year 1894 we collected \$7,298, or 5 mills. In 1895 it was \$11,588, or 7 mills. In 1896 it was \$11.-597-85 or 7 mills. In 1997 it was \$9.925 or 6 mills. In 1898 it was \$7,930 or 5 mills. In 1899 it was \$7,930 or 5 mills. In 1900 it was \$8,140 or 5 mills; making a grand total in 7 years of \$64,406.85.

If to this is added three more years, making a total of ten, we have about \$90,000.00 collected from the taxpayers. In examining the statements I don't find any increase of people receiving aid within the past ten years over the number in the preceding decade. It may sound like a fairy tale, but it is a fact, nevertheless, that there is no more use seers have collected in the last ten years for having two overseers acting than for having three wheels to a cart. It has cost over \$7,000 in salaries in the past ten years, when \$3,000 would have done just as good work and I am convinced that a 3 mills levy will produce more money to-day than 6 mills did twelve years ago.

Will we cut our expenses down so that our town may grow? Respectfully yours, JAMES SCHOFIELD.

It is cold and storming in the Valley and there is lots of timber skidded to the roads waiting for snow to take it to market.

The next event on the program is the The next event on the program is the election. The Valley has not decided, as yet, to take a hand in it. Be careful to select men in whom you have confidence and not the kind who have no regard for their word, such as the discredited Legislators who made Quay's election to the Senate possible. For instance, if our sister townships had done the same as old Penn and Haines Mr. Thompson would never have had the chance to break his promise.

The Georgetown scribe has called attention The Georgetown scribe has called attention to the tons of sausage he has on hands, which he wishes to sell cheap to the Ingleby and Rankeltown lumbermen. As like as not the High Valley scribe will buy one or two barrels, as the acorn crop may fail next year and then there would be a failure in this important part of our winter's menu.

#### Spring Mills.

We have several cases of la grippe in our village, but apparently in a slight form.

Mr. and Mrs. Charles Miller left here for Lewisburg, on Tuesday last on an extended visit to their daughter, Mrs. W. T. Steely. We had several visitors here during the week, among them were J. Ross, of Missouri; L. B. Kerlin, and Howard Berg, of Kansas;

Edwin Rhule, our genial landlord, says that business with him is improving. Commercial agents having made settlements and arrangements with their respective firms for another season, are again on the move. Immediately after the holidays, business on the road down these valleys was extremely light, travelers, similar, to the visits of "angels and ministers of grace" were far between.

The railing on the bridge over Penn Creek which had broken down and remained in that dangerous condition for several days has been patched up. I suppose it might be called repaired, if one is not very particular about what he says. The fact is the entire bridge is all patch work and odd a Republican borough ought to suit the jobs, and it's high time for the pike company to rebuild a decent crossing for the present one is a little better than a nightmare.

> W. P. Alexander, manager and chief miller in the milling establishment of Allison Bros., of our village, had a severe attack of quinsy last week, confining him to the house for several days, but has recovered and is again able to resume his duties at the mill. A. J. Graden the village shoemaker is also on the sick program with a severe case of rheuacter. Mr. Graden remarked that it "sticketh closer than a brother."
