

—There are 461 inmates in the Hunt-
ington reformatory now.

—Irving French and his company will
play at Garman's on Thursday, Friday
and Saturday nights of next week. They
will open with "A Runaway Wife" at
popular prices, 10-20-30cts.

—The Irving French repertoire com-
pany will open at Garman's next Thurs-
day, for a three night's engagement. On
Thursday night they will present "A Run-
away Wife." Popular prices, 10-20-30cts.
will prevail.

—The Dickinson college basket ball
team, which was to have played at State
College on Wednesday night, could not
reach that place, owing to the wreck below
Centre Hall, until yesterday and the game
was postponed until last evening.

—The Commercial telephone exchange
that was burned out in the big Buddinger
fire at Show Shoe last week will be located
in the building occupied by Solomon Con-
fer, owned by John G. Uzzie, in that place.
It is expected that it will be installed with-
in a few days.

—An attractive public sale that is
scheduled to start the ball rolling for the
spring season will be the one at the home
of William Garner, three miles west of
State College, on Wednesday, Feb. 20th.
The sale will begin at 1 p. m. and a lot of
fine horses, cattle, implements and house-
hold goods will be knocked down. It will
take place at the sale, for it will be a good
one.

—When the Bellefonte Central engine
stuck in a snow bank near Pine Grove
Mills Wednesday morning engineer Jerre
Nolan kept the watchers at the station in
Pine Grove informed that the train crew
was still alive by crawling out on top of
his engine and waving his hat. They
have been having "hard sledding," as the
boys say, on the Central for several days
on account of the snow.

—A cow owned by George Tipton
in Howard got loose a few nights ago and
climbed up the steps into the hay-mow,
where she ate herself full and then laid
down. Next morning Mr. Tipton looked
high and low for his bovine possession, but
was unable to find her until she began to
stir around up in the mow. Here is a case
almost as bad as that of the Clinton
county cow that swallowed an alarm clock
and after gave butter milk. The wheels
of the clock kept her milk constantly
churned.

—Paul Brown, a seven year old son
of Edward Brown, of east Logan street, was
very seriously injured while coasting down
reservoir hill on Friday evening. Paul
and another little boy were riding on one
sled, one lying on top of the other, when
they ran into a little girl near the foot of
the hill. She was knocked quite a dis-
tance and was unhurt. Paul flew up in
the air and landed on his head in such a
way as to crush the skull in against the
brain. Drs. Harris, Hayes and Klump-
performed the operation of trephining
and by that means were able to remove
the pressure from the brain.

—On Wednesday county commission-
er Philip Meyer was out in Snow Shoe and
Burnside townships delivering ballots.
He left here early in the morning and
drove by easy stages to the home of the
late Dr. Stuart at Pine Glenn. He had
reached a point near Iddings' at Gum
Stump, on his return home, when the horse
was [driving fell dead in its tracks].
Mr. Meyer said that the animal had given
no previous sign of being sick and when it
dropped over he thought it had merely
stumbled, but before he could get out of
the sleigh it had breathed its last and be-
gan to stiffen up. Mr. Meyer had to em-
ploy Mr. Iddings to bring him to town.
The horse was owned by liveryman Jas.
McCauley.

the local committee to see that every Democrat
is out to the polls and thus insure the election

Harris township, has recovered sufficiently
from his recent attack of pneumonia to enjoy
a sleigh ride to our town, which he did last
Friday.

Cuba, is now with his command at Fort

o'clock.

James Gordon Tyson fitted from the Kim-
per farm on Tuesday to the Mary Krape
farm east of town. The day was a terrible
one but that did not deter the Grangers from
turning out to enjoy a good square meal
which they got. May their stay not be as
stormy as their moving day was their toast.

On Tuesday evening our train stuck in the
drifts between here and State College and
did not get in until the next day. Under-
taker Heberling started to attend the Will-
iams funeral at Scottdale and was obliged to
cut down the fences in a dozen different places
as well as shovel snow for several hours.

J. P. Holmes, of State College, undertook
to break the roads with a spirited team and
a bran new sleigh with the result, that
scarcely a mile west of here, the outfit cap-
sized throwing the young lady out in the
drifts and starting the horses at a break neck
speed. The sleigh was almost demolished and
George Koch who tried to stop the run-
a-ways found that his own team was getting
away from him but fortunately the drifts
were so deep that they were soon tucked out.

In Memoriam.

In view of the fact that the mandate has
gone forth that it is appointed unto man
once to die; and that this decree cannot be
set aside in evidence to us all, since the
responder has called at the door of our

come up higher, therefore be it

Resolved in Grange assembled that we bow
in humble submission to him who cannot be
measured by man's mind and whose heart is
wonderfully kind.

Resolved that our altar be draped in mourn-
ing thirty days and that we as an organiza-
tion convey our respect and sympathy to the
family of our beloved brother in this their
hour of sorrow and bereavement.

Resolved that this memorial be published in
our local papers and that marked copies be
sent to the bereaved family and to the aged
father and mother of the deceased.

Five millions of this came from the Nome dis-
trict. Government officials estimate the output
from the Nome district will be doubled the com-
ing season. The Bluestone, Kogonrak and Pil-
grim rivers have been found very rich. There is
hardly a creek from Port Clarence to Norton
Sound in which the precious metal is not found,
and hundreds of creeks unprospected. A rich
strike has been made on the Yellow River, a
tributary of the Kuskokwim.
