WRESTED FROM HER BLACK HUSBAND ON A CHARGE OF BIGAMY .- The following sad story of a woman's degradation and

crime comes from Shamokin and will be of interest to Centre county readers, because it had its beginning here. Twenty years ago Thomas Carney, an industrious Scotch mason and bricklayer, was married at Snow Shoe to a girl in whom all of his future happiness was centered. She was a bright, vivacious, well developed woman when he married her and they lived happily together for several years, when the wife became addicted to drink and her maudlin condition so dis-

gusted the man who had wooed and won her that a separation followed. She drifted away, but kept the name of

Mary Carney. For awhile she spent her time with friends in Shamokin, but her dissolute habits made it impossible for them to longer care for her and she was

After working as a domestic in several places she returned to Shamokin, where she met and married Henry Tarr, a colored man, on the 12th of last month. On Saturday morning a very stylishly dressed and fine looking woman arrived in Shamokin from Albany, N. Y. It was Mrs. Annie Harris. She is a sister of Mrs. Carnev-Tarr and she preferred charges against the latter of bigamy and adultery. The officers found the unfortunate woman living with her colored husband, but she was so drunk as to be almost idiotic in her answers to questions. She was taken to jail at Northumberland ; the family preferring to have her in prison to allowing her to continue the dissolute life she had been living.

Carney, broken hearted and with all his hopes shattered, went back to Scotland several years ago.

THE GOATS ARRIVED .-- Last week the WATCHMAN published a full account of the departure which Col. W. Fred Reynolds has made with the hope of making otherwise unprofitable land pay dividends. His purpose to raise Augora goats for their fleece, hide and meat is, of course, experimental and will date from yesterday when the goats arrived at this place.

They were five days on the road from Kansas City, three hundred in one car, one dead and one sick when they arrived here. They are all white, not quite as large as a sheep and apparently very lithe. When taken from the car here their actions were such as to leave no doubt in anyone's mind as to their being active foragers. If they had been permitted to remain another hour in town we believe they would have eaten down all the trestles in the Bellefonte Fuel and Supply Co's. yards and then chewed up the coal for digesters. Why, when being driven out along south Potter street, they jumped up on top of the picket fence surrounding the yard owned by P. Gray Meek and ran along it like squirrels, eating the limbs off rose bushes,

-Recorder Nelson Robb went to Philadelphia and Washington on Saturday and will be gone until to-day or to-morrow. -----O. H. Yarnell, of Hecla Park, who has been employed by the Central R. Doc. has proven himself a good trackman and is well liked by all who know him. His neighbors regret very much to see him leave, as he is a jolly, good fellow, a desirable neighbor and citizen.

----- During the year 1899 Centre county had six prisoners in the western penitentiary. The county paid for their keep, the deficiency in their earning capacity while incarcerated, the sum of \$500.25. In 1900 we still had six there; several were released during the year, reducing the expense to \$319.80. Bedford, Cameron and Falton counties were the only ones having a less number of persons in the pen than Centre had in 1899 and last year Clarion county with five was the only one with a smaller list than we had.

-While watching the inaugural parade in Washington on Monday John C. Mulfinger of Pleasant Gap met with a mishap that might have proven far more serious than it did. Only lately a roller process was installed at a cost of \$2,100 and in addition the mill contained a car load of wheat, car of oats, car of corn and some barley and other grains. Against this loss he has \$3,000 insurance.

Mrs. Keller's house was valued at \$3. 000, with \$1,200 insurance. While much of Mr. Cole's furniture was saved, but it was badly broken up and damaged by water. Mrs. Keller's loss on her store building will be several hundred dollars. Robert McClellan's barn contained a quantity of hay and grain and a new self binder. It was valued at \$1,500, on which there is an insurance of \$800. The origin of the fire is not known

The mill had been run until 12 o'clock the night before and everything was right when it was closed up. Shortly before the fire was discovered Perry Cole and Charley Dagle passed the mill on their way to work, but did not notice any fire.

-A lighted gas jet set fire to the lace curtains in room 28 at the Brockerhoff house about midnight Wednesday and had it not been for the timely return of the occupant a serious fire might have resulted. As it was the window casing was badly burned, glass broken and the room generally scorched. Some of these days the Brockerhoff will be reduced to ashes, just because so many of the gas jets are located right where the slightest draft blows the curtains against them.

party of guests. Miss Mable Smith, of Lock Haven, was the maid, while Joseph Thall, of this place, acted as best man. The bride wore a traveling dress of blue serge, her maid being gowned in grav. An informal reception followed the ceremony, after which the bride and groom departed for a tour to Pittsburg, and other points in the western part of the State.

SELFRIDGE-MERRIMAN.-The marriage of Miss Evelyn G. Merriman, daughter of Mrs. Emily C. Merriman, to Mr. Edward A. Selfridge, of San Francisco, which was celebrated in St. John's Episcopal church in this place at nine o'clock Wednesday morning, was charmingly simple and impressive in its utter disregard of formality. Only a few of the friends of the couple were present to witness it. There was no wedding party, music or decorations and the bride wore a simple traveling suit, with a gray automobile coat. She was given away by her mother and after the ceremoby there were only a few moments for an expression of good wishes before Mr. and Mrs. Selfridge departed for San Francisco, their future home.

The groom is a young lawyer of San Francisco and is a son of Edward A. Selfridge, a prominent iron manufacturer. It is worth noting that both the bride and groom are grandchildren of Admirals in the U.S. Navy. The bride is the granddaughter of Admiral Craven, U. S. N., her father having been also a Captain in the navy, while the groom is the grand-son of Admiral Selfridge.

JACK THE HUGGER AGAIN ABROAD IN BELLEFONTE.-Miss Roberta Noll was returning to her home on Pine street, about 10 o'clock last Friday evening. She had been out on Willowbank street calling on her grand-ma Hamilton, who is quite ill, and in order to make a short cut she started up Old Town Road from Reynold's mill. She had gone but a short distance, when a man wearing a light overcoat and dark derby hat ran out of the shadow in front

of Jas. Noon's house and pursued her. Miss Noll started to run, but seeing that she could not escape up the road she turned up a flight of steps leading directly up onto Pine. It was quite dark and the fellow missed the steps, but finally got onto Pipe street ahead of her and then she had to turn an run back along that thoroughfare, until she fell fainting against the door of the bouse of the Misses Garret.

BISHOP FOWLER WILL BE HERE.-The Methodists of Bellefonte are resting easy once more. They had been in the greatest state of disappointment ever since they learned that Bishop Fowler bad made an engagement to preach in Grace Methodist church, in Harrisburg, on Sunday, April 7th. It was disappointment that brought dispair of carrying out their plans for the rededication of the church on April 7th.

But the trouble is all over now, Dr. Hill, pastor of Grace church, has relinquished Bishop Fowler from his promise and the great Methodist Bishop, politician and orator will be here. He will preach at the morning service on Sunday and on Monday evening will deliver his famous lecture on "Abraham Lincoln."

The evening service in the church on Sunday will be the occasion of the appearance of another distinguished divine for Dr. W. A. Spencer, D. D. L. L. D., of Philadelphia, secretary of the church Extension Society, will preach the sermon.

HAULED THEIR PLUNDER AWAY IN WAGONS. - Burglars broke into Hugg's store in Milesburg, on Wednesday night and carried off between \$80 and \$90 worth of goods, consisting of dress goods, boots, shoes, corsets, gloves, etc.

They effected an entrance by breaking the glass in the front doors then crawling through and opening them.

The same night Longwell's butcher shop, just across the creek from Hugg's store, was entered and the change stolen from the cash drawer. They also took all of the

smoked meat. While no suspicion attaches to anyone

for these robberies it is quite evident that they were committed by some one in the vicinity.

- Early Wednesday morning burglars gained an entrance to the P. R. R. passenger station at Milesburg and tried to blow the safe. With tools stolen from Charles Peters' blacksmith shop they failed to make an impression, but by filling the cracks with nitro-glycerine and covering it with soft soap they were able to blow the safe with a lighted fuse. Only the outer sheets were blown off, part of the door go-ing through the ceiling. The report frightened the cracksmen away.

-Rote's store at Coleville was robbed on Wednesday night. The burglars entered through the glass door and carried off about \$1 in pennies and a quarter of a cheese. Mr. Rote has not missed any-thing else up to this time.

It is only a short walk from that place to Mr. Coldren's and this plan will afford a good opportunity for those who do not care to drive to go on the cars.

-Morgan Reynolds, one of the oldest employees of the Bellefonte glass works, we mean the oldest in point of service there and not in age, for Morgan is a young man, dropped in on Tuesday for a little call and just as an atterthought sent us away into debt to him. We will have to keep scratching copy, stickin' type, using up paper and ink for quite awhile to get even with Mor-gan, but then, you know, that's our business and we like fellows to keep us at ic.

-A quartet of good sports who were in town on Tuesday were Bill Haynes, George Uzzle and Dave Chambers, of Clarence, and Larry Redding, of Snow Shoe. They were all in on business b fore the license court, but they are so popular in town that a stranger might have imagined them to be here for a public reception in their honor. so profuse were the hand-shakings and "let us have ones," A few people are wondering yet what has become of Haynes' moustache that e used to wear with an Emperor William twist, but it is gone and the wind sighs listlessly through a bristly stubble instead.

-D. F. Runkle, of Spring Mills, was in town or Saturday and tried to preserve his usually pleasant demeanor despite the torments he was suffering with frosted feet. We could sympathize with Mr. Runkle, for we had the same nerve wracking, burning, itching soreness that comes from a visitation of Jack Frost, but we want to tell all of you eaders right here that of all such remedies as iodine, balsam of copabia, running out in the snow with bare feet, soaking them in salt water r sauerkraut, rubbing with turpentine or any other of the numerous remedies for relief, we never found anything that was as prompt and

lasting a cure as "Our Own Linament." One application of it, well rubbed in, invariably gives immediate relief.
