HARVEY HEATON DIED IN JOHNSTOWN. Harvey Heaton, who will be remembered died in New York City on March 20th, | that "Abraham Lincoln" is an old subject. as a young man in this place, fell from a 32 foot telephone pole, on which he was working, on Friday afternoon in Johnstown, and sustained injuries that resulted of the Brockerhoffs. in his death that evening. He was in the employ of the Standard Underground Cable Co. at the time and the accident was caused by the breaking of a cross-arm on which he was resting. His left arm was

crushed from the wrist to the elbow, but it was an internal injury that caused death. Deceased was born in Boggs Twp., Centre county, and was aged 27 years and 21 days. He was the son of Green Heaton. During the Spanish-American war he served in Co. B, Penna., Vol. He is survived by his father, mother and several brothers and sisters and his wife and one

child, a little boy 5 years old. Funeral services were held in the United Brethren church at Johnstown Sunday

There is a strange coincidence about the manner in which Heaton met his death and an incident of few months ago. At that time he bundled all his clothes up and sent them to his wife in this place, with the shocking information that he had been killed by a fall from a telephone pole. His poor wife, of course, was in the deepest distress, but was unable to get any information of the death further than was sad note. Her grief was at its highest when in walked Harvey, thinking the joke he had played was a good one. It was singular that his death should actually have occurred such a short time afterward and in just such a way as he had adopted in his joke.

THE SAD DEATH OF MRS. JOSEPH BECK -The death of Mrs. Joseph Beck, which occurred at her home at Wilkinsburg, on Sunday morning, was fraught with the deepest sadness, since there were so many sorrowful circumstances connected with it. She had been a bride scarcely a year when diabetes developed and she returned to her home here last fall, without hope of recovery. But a remedy was accidentally found that improved her so rapidly that she seemed almost entirely restored. Only three weeks since she and her husband left for Wilkinsburg, bouyant with hope and happy in the thought that she was recovering. But a change came almost immediately upon their arrival there and the poor young woman failed rapidly until her death.

Gracia Maud Beck was the daughter of Mr. and Mrs. J. W. Houser, of this place, and was born at Lauvertown, this county, August 17th, 1875, making her age 25 years, 6 months and 20 days. She was a

Probably uo man has been better equipped from a mental standpoint to delve into

the history of the Lincoln period and endowed with more forceful oratory to disclose the rich findings therein than Bishop Fowler who will lecture in the remodeled Methodist church in Bellefonte on the night of April 8th.

It will be an offering to the people of this community, the like of which has never been had before and no one should miss the opportunity to profit by it.

The Minneapolis Times speaks of the lecture in the following laudatory manner :

Bishop Fowler is the recognized leader of Bishop Fowler is the recognized leader of the Methodist Episcopal church, and stands second to none as an orator, in the estimation of the American people. He has frequently distinguished himself on great national occa-sions by his superb efforts, but his lecture on "Abraham Lincoln" in its lofty thought, historic data, diplomatic insight, burning patriotism, sparkling wit, vivid word paint-ing, classic diction and captivating eloquence is the materpiece of his life. It is enough to immortalize him. His genius will live in American literature and his name go down to imperishable fame.

treasurer. The factory is to be put in operation as soon as possible. Six new knitting machines will be added and each operative she can handle satisfactorily. Nothing but white half hose is to made and they will be shipped to a mill at Plymouth, Pa., owned

by Mr. West, to be finished. It is to be hoped that this reorganization will result in establishing the Millheim knitting factory as a permanent enterprise in that town. It is the first real pretentious undertaking made in the more than a hundred years of Millheim's existence and

it would probably have been the last had the petty little difficulties that arose under Mr. Harrison's management to close the factory been permitted to keep it closed. With the Journal of that place, we hope for the best.
