County Committee Meeting

The Democratic County Committee will meet in the Arbitration room in the Court House, Bellefonte, Pa., on Monday afternoon, April 22nd, 1901, at 1 o'clock sharp. The object of the meeting is to confirm the apportionment of delegates and to arrange for holding the Democratic Primaries. We would urge that every member of the committee be present either in person or by a

An Impending Danger.

At the Fellowship club dinner in Philadelphia, the other evening the boom for ANCONA, of Berks county, for the chairmanship of the Democratic State committee was revived. The Fellowship club is composed of the worser element of the Republican party of Philadelphia. Its principal promoter is IZ DURHAM, the insurance commissioner of the State, and it is the political home of ASHBRIDGE, the disreputable mayor of the city. The dinner in question was in honor of Governor STONE, and the only Democrats in attendance were the Senators and Representatives in the Legislature who have been in the habit of betraying the party whenever the chance of making profit out of the operation presents itself.

It is not surprising that at such a meeting, under the mellowing influence of copious drafts, the ANCONA boom would copious drafts, the Ancona boom would assert itself. No man present wanted Democratic success at the coming election or any other time. What they want to or any other time. What they want to achieve is the complete demoralization of the Democratic party, and the natural course that would suggest itself to their minds is the most treacherous one conceivable. Under the circumstances they naturally turned to the Berks county boodler. GALVIN, GARVIN, HAINES, HIGGINS. NEELEY and Hoy would naturally grow enthusiastic over ANCONA because he had been with them in the QUAY

But it is not probable that the rank and file of the Democrats of Pennsylvania will join in this movement to compensate a man for his treachery. The sturdy Democrats of the several counties untainted by the virus of treason and unspoiled by the The QUAY heelers are getting the work in Democracy will prevent it.

No Yellow Fever in Havana

HAVANA, April 1.—For the first time in the history of Havana the month of April begins without a single case of yellow fever in the city. Major W. C. Gorgas, chief sanitary officer, is so confident that, with the sanitary measures now being any with the sanitary measures now being en-forced and the valuable information gained during the recent investigations of the yellow fever committee, there will be but few cases during the coming season. The marine hospital service is also taking pre cautions against bringing into Havana infected persons or baggage from Mexican or

Aguinaldo Took Allegiance Oath.

Aguinaldo Will Be Held for the Present, But Will with Existing Conditions—During the Time He Has Been a Prisoner He Has Made a Favorable

WASHINGTON, April 2-The War Department to-day received information from General MacArthur that Aguinaldo has taken oath of alligance to the United States under the terms of amnesty offered by General MacArthur by the direction of the President. The dispatch conveying the information contained much more than was given to the public. The portion withheld related to the future disposition of Aguinaldo, and made suggestions as to what the insurrection might accomplish. No official statement could be obtained as to what finally would be done with the prisoner but it was stated that he would be held for the present, but would be granted all possible immunity consistent with existing conditions. General MacArthur has hoped that a great deal may be accomplished through Aguinaldo. During the time he has been a prisoner he made quite a favorable impression upon General MacArthur. PRECEDING AMNESTY PROCLAMATION.

It has been suggested that under the terms of the notice of amnesty the prisoners should be set at liberty at once, but there is a prec eding amnesty proclama-tion which says that those who have violated the laws of war are excepted from its terms. Whether or not General MacArthur has satisfied himself that Aguinaldo has not violated the laws of war cannot be stated, as the prisoner would be permitted to take the oath pending an investgation of his past conduct. Aguinaldo, having been the head of the insurrection, undoubtedly can be held until the circumstances which surround the situation in the Philippines make it advisable to release him outright, or otherwise dispose of him.

RECEIVED WITH EVIDENT SATISFACTION. The news of Aguinaldo's action was received with evident satisfaction by the War Department, and the opinion was expressed that good results would follow among those who have been still holding out against the United States.

The taking of the in oath itself is regard-

ed as giving Aguinaldo a status of loyalty to the United States quite different from those still in arms. The Department's instructions for the government of armies in

the field recites as follows: The army regulations make no distinct provision that the taking of the oath shall insure complete liberty to a person.

tions. Only recently five Filipino officers were executed for such offenses. It is not known here whether Aguinaldo was responsible in any case for such offenses, though, from the fact that General Mac-Arthur allowed him to take the oath of allegiance, it is assumed that the commanding general does not hold Aguinaldo to be chargeable with a violation of the articles of war. It is believed that General MacArthur will keep the ex-leader under his eye and avail himself of the good offices of Aguinaldo in loyalizing the remnant of the insurgent forces.

Three Free Trips to the Great Pan-American Exposition at Buffalo.

The Watchman's Unparalleled Offer of a Summer Outing.

Opportunity Open to All, Young and Old, Rich and Poor. The Chance of a Life Time to See Buffalo, the Great Exposition and Niagara Falls Without a Cent of Expense.

The great Pan-American Exposition which will open at Buffalo on May 1st is expected to surpass, in many ways, the marvels of the Columbian Exposition at Chicago in 1893. Already the attention of the entire civilized world has been directed toward it and millions of people from all parts of the globe will gather there this summer to enjoy the wonders of this grand show that is being especially designed to usher in the New Century.

Are you going? If not, why not? The trip need not cost you a cent. The WATCHMAN will send you as its guest for a week and guarantee you one of the most delightful times you have ever had.

The only conditions are these: You must get a few new subscribers to the WATCHMAN between now and July 1st. At that time the three persons who have secured the greatest number will be awarded the WATCHMAN's trips.

There is no trickery by coupons in this plan. All we want to know is the names of the persons undertaking to secure the trip. As they send in new subscriptions they will be credited with them and on July 1st the announcement of the winners will be made, with the number secured by each one. This will show to all contestants that the award has been fairly made.

No matter how many new subscribers are secured, the prizes will be awarded just the same. If a person sends in only two new names, with the accompanying \$1 for each one of them for a year's subscription in advance, and if nobody else should care to enter the contest he or she will be sent to Buffalo just the same as if hundreds of new ones had been secured
