IRVIN FOUND GUILTY .- The most interesting and sensational criminal case that came to an end at 4:20 last Friday afternoon, when the jury rendered a verdict of guilty on the fifth count of the indictment. Or in other words "of using unknown instruments to produce an abortion, death of woman ensuing," in the case of Commonwealth vs. E. L. Irvin. Immediately the defendant's attorneys, Messrs. Reeder & Quigley, moved for a new trial, reasons to filed within ten days and the motion to be argued at the June argument court. The judge then raised the bail bond from \$1,000 to \$4,000 and the following people became his surety : S. T. Irvin, Isaac Woomer, W. S. Ward and W. H. Irvin.

The history of the case was published in full in the last issue of the WATCHMAN, as well as the result of the trial up to the time of the adjournment of court on Thursday

On Friday morning Dr. Geo. F. Harris was the first witness called. His was expert testimony, stating upon hypothetical questions that the wounds found on the various organs could not have been made with the instruments found in the possession of the defendant. He explained the different kinds of convulsions and the causes of each. He was also of the opinion that the young woman came to her death from puerperal convulsions.

The defense then closed its case without putting the defendant on the stand.

Dr. M. J. Locke was called by the Commonwealth as an expert in rebuttal to the testimony of Dr. Houser, given on Thurs--Frank Walk, of Taylor township, day, to the effect that death had been caused by "puerbia eclemtia" and that convulsions could have been possible without irritation. Witness said they could not.

Col. W. F. Reeder, senior counsel for defendant then made his argument before the jury, a simple, forceful, logical deduction of facts as best they could be shown from spoke for an hour and fifteen minutes.

E. R. Chambers followed on the part of the prosecution, with an extremely dramat- port ic effort. He had a good case and made the most of it in a speech that appealed to the hearts and consciences of the jury; depending more upon sentiment than points purely technical. He talked for more than

The Judge's charge was short and impartial. He merely reviewed the main points of the case reciting that Ella Bailey McWilliams, died at the home of her father, morning and evening, on Sunday, May Wm.
