

and Safe Deposit Company, assignee of Robert Hare Powell Sons & Company. The defendants allege that they bought these premises from the assignee at a public sale in the City of Philadelphia on March 16th, 1898, and that the siding in question passed with the realty and that they are the owners of the siding by virtue of the sale of the realty. The case went to the jury yesterday afternoon and no verdict had been returned up to the hour of going to press last night.

S. M. Standliff & Co. use of Thomas Meyers vs the School Board of Taylor Twp. Same as the suit against Worth township recalled above. The case was called for trial yesterday afternoon but was not suited.

At this juncture court adjourned for the week.

Miss Honora Patton, of Curwensville, a daughter of the late Hon. John Patton, is to marry Dr. Wm. D. Gross, an American physician practicing in Paris. While ill at the French capital Miss Patton was attended by Dr. Gross and their meeting resulted in a proposal. The event is to be made a great one in Curwensville.

The failure of the 3 in. water main on east Bishop street to supply enough water to run both engines at the fire on Tuesday has brought a condition to the fore that should receive serious attention. The one engine attached to a plug further west on the street than the other, and secured a powerful stream, but the second engine could get nothing; the result being that only one effective stream was put on the fire. The question arises now as to whether it might not have been better to have used two plug streams instead of one engine stream. None of the buildings were high and it did not require much pressure to cover them.

KILLED FIFTEEN FINE CATTLE.—J. Harris Hoy, manager of the Rock View farms, contemplating establishing a milk route in Bellefonte, had the herd on the farm tested for tuberculosis on Wednesday. Dr. Leonard Pearson, state veterinarian, sent Dr. Holley, of Manoy, to do the work and altogether 148 head of cows and heifers were subjected to the most rigid tests.

Of this number 14 cows and the fine bull that drew an award at the last county fair were found to be slightly affected with tuberculosis. In order that there would be no danger at all Mr. Hoy directed that every one of them be killed, at once. It was done and for the loss of more \$1,000 which he sustains he will be reimbursed only to the amount of \$410.00.

DISASTROUS MOUNTAIN FIRES ABOUT COLYER.—What proved to be a very disastrous mountain fire started in the vicinity of Huyett's mill, in Boal's gap, above Colyer, on Tuesday morning and fanned by the high winds swept along at a furious rate. All efforts to fight it were of little avail.

Along the pike the home of John Harper was completely wiped out. The house and stable, with most of their contents were burned; leaving only the smoke house, which fortunately had the family supply of meat in it.

The fires raged all night and by Wednesday morning had swept down to a dangerous proximity to Potter's Mills. About nine o'clock that morning the frame house, near Potter's Mills, owned by Mrs. Simon Long and occupied by John Confer caught fire and was burned. Only a few of the household effects being saved.

During Wednesday afternoon an alarm was spread that Colyer's big mill was threatened and all the men who could be assembled started into the mountains to save it, if possible. They were successful in keeping the fire off until yesterday morning, when the rain put an end to the danger.

AMATEURS TO APPEAR IN OPERA.—Bellefonte amateurs have already achieved success in opera, drama, comedy, minstrel and vaudeville undertakings so that the announcement that another comic opera is to be put on soon will be hailed with delight. Especially attractive ought it to be because of the fact that the proceeds will be devoted to the fund for the Petriken memorial hall. The gentleman who is training the soloists and choruses is already at work and is quite confident that he will be able to put on a splendid show on the evenings of May 15th and 16th.

The opera is entitled "Around the World with the Man in the Moon" and employs a cast of three hundred, with an elaborate wealth of scenery and costumes.

The Watkins, N. Y. Democrat said of it, "Never before has an entertainment been offered to the public possessing such a peculiar fascination for young and old. The thorough manner in which the large number of persons connected with the performance are being drilled promises success and a large audience should be present.

The opera is described as a fantastic, dramatic spectacle, with a well defined plot, quaint and interesting story set in a frame work of dazzling scenery, surprising transformations, beautiful music, magnificent costumes and wonderful electrical effects.

Some of the scenery and costumes used in the New York productions will be sent here. That the opera has met the requirements and filled the bill is apparent from the very flattering notices it has received elsewhere.

Perry and Ivory to Hang June 3. Charles Perry and Henry Ivory, convicted of the murder of Professor White, of the University of Pennsylvania, will be hanged June 3d, this date for the execution having been fixed by Governor Stone Tuesday afternoon.

Penns-valley lodge, 276, I. O. O. F. of this place attended the funeral of Benjamin Beaver, at State College Tuesday morning. Brother Beaver received the two first degrees in 276 over twenty-seven years ago. When State College lodge was instituted he took his card and became one of its most active members.

Henry Meyers purchased at private sale the old Milliken farm which he has occupied for years. The farm was owned by John Hobson, of Connecticut, and is one of the finest homes in the valley, so that Mr. Meyers is to be congratulated on his good judgment and purchase. Although in his old days he will enjoy it all the more.

Miss Bessie Walker is arranging for a trip South. Her first stop will be in the Monumental City to visit her aunt Clara Walker who graduated in dentistry at the Johns Hopkins University of Baltimore, Md. Their next objective point will be Bowling Green, Kentucky, Va., where they will visit Henry Meyers' family. Mrs. Meyers is a sister of Miss Clara and aunt of Miss Bessie. We wish them a pleasant and safe journey.

Mitchell Garbrick, of Bellefonte, visited his brother's here a few days this week.

Irvin Burns, of Centre Hall, spent some time Tuesday calling on old friends.

Bertha Bradford, who has been quite seriously ill with tonsillitis, is improving rapidly. Mr. and Mrs. Samuel Goss, of Pine Grove Mills, spent Sunday with J. H. Ross and family.

Farmers of this section are all looking forward with bright hopes for a good grain and fruit crop.

The painters are at work on the ceilings of the beautiful Hess mansion on Main street. The frescoing is quite a work of art and when done the building will have a handsome appearance.

Harry Cole is better and is now able to be out. He has been housed up for two weeks with catarrhal fever, and Mrs. Edward Lucas, who has been ill since the first of the month with typhoid fever, is now able to sit up.

It is a source of regret to some of our older citizens to see the stones of the old historic mill which has long stood as a landmark and as a reminder of youthful days crushed and put on the public road, yet this is about the only thing which they can be used for now and in this way will still continue to serve the public.

A few days ago your correspondent had the pleasure of enjoying a visit to Mrs. Hester Long, one of the oldest ladies of this valley and one who is conversant with affairs, half a century ago, as anyone in this section. Mrs. Long, who is now eighty-four years old, is of Irish descent, her parents having been Robert and Elizabeth Leech and lived in Maryland. Her mother was a Johnson whose parents had come from Ireland. Mrs. Long, for a number of years, lived in Millin Co., Pa., she then moved to near Farmers Mills, this county, and afterwards with her brothers to the old Stuart home, instead of this place which by frugality and industry they were able to purchase in less than five years. They afterwards became owners of several more farms nearby and in time became quite wealthy. Mrs. Long is the only survivor of a family of nine children. All have gone to the other shore but she said she has in her possession some very quaint and interesting relics. One of them is a plait of flax about sixteen inches long which was brought from Ireland by her grand parents, another is a glass pitcher which is one hundred and fifty years old. She also showed me a bronze bowl and pitcher, also considerable of her mother's, wedding, reception and traveling dresses, and a stone pitcher which has come down through five generations of the Grayzel family, that having been the name of her mother-in-law, it having been a request of the first owner that it should not pass out of the family as long as a Grayzel survived. The most interesting article that she presented was a glass bottle with a peculiar kind of mechanism within, made by a Frenchman who had been sentenced to the penitentiary for life and was confined in a dungeon where he had only three inches of light to work by. He was ordered to manufacture such a piece of workmanship as a mystery to many and excites the admiration and wonder of all who see it.

Books, Magazines, Etc. FENSTON—THE MAN FROM KANSAS.—William Allen White will contribute to an early number of the Saturday Evening Post, a striking and anecdotal article on "Fighting Fred" Funston, the man who captured Aguinaldo. This is the second of a series of similar character studies by this brilliant journalist now appearing in the Saturday Evening Post.

Mr. White will contribute to early numbers of the magazine an unusually interesting short serial story dealing with Kansas life.

ALL ROADS LEAD TO ROME.—You will find a number of these roads in the various counties of the State and the counties inhabited by wide-awake, energetic and practical farmers. Upon investigation you will find a large number of these farmers in possession of the new American Harrow and Seeder. They have in store for it nothing but the highest praise. Why? Because it has a patent adjustable axle to accommodate the operator when cultivating corn and potatoes or any crops that grow in rows. Sows all kind grain broadcast. Has the only broad-cast phosphate distributor in the world. As a pulverizer has no equal. With less labor can put your land in better state of cultivation, thereby stand the druth and cause a better yield. It saves you price of hired man and team, because they were therefore try it and be convinced, you being the judge. Because you try it you are not compelled to buy it. Cost only \$100.00. We take pleasure in exhibiting free to each and every farmer. This machine was first at a premium in western States, because they were especially adapted to prairie lands, but they have been modified in their construction so as to adapt them to all kinds of tillable lands and meet the wants of the eastern farmer better than any other that has ever been offered him. The new American Harrow and Seeder is manufactured by American Harrow Co., Detroit Mich., one of the largest and best known manufacturers in the country. D. M. Perry, the president, is known in every nook and cranny of the farming country.

E. W. Gillett, vice president, has for many years been associated with a large number of the most important business institutions of Detroit.

O. R. Baldwin, secretary and W. W. Collier treasurer. They are men who have not only been successful in their own business but who have been prominently active in the commercial affairs of Detroit and throughout the state of Michigan.

Mr. Baldwin is president of the Merchants and Manufacturers' Exchange of Detroit. The oldest and most influential of all the commercial organizations of its character in the State. He is also president of the Masonic Temple Association and ex-president of the Chamber of Commerce.

Mr. Collier is a member of the executive committee of the National Association of Agricultural Implements and Vehicle Manufacturers; an organization which includes the leading makers of these articles in the whole country.

In this State, the management of the business is conducted by J. M. Howard, who has been associated with the company almost from its infancy. He and their other representatives are making headquarters at the Brockhoff house, Bellefonte and will make every effort to see that each and every farmer of this county has an opportunity to see and operate the new AMERICAN HARROW AND SEEDER. In addition to machine herein mentioned we manufacture also harrows, walking and riding cultivators, bean harrows, corn and bean planters, hand plow planters, silk cutters, truck scales, manure spreaders and other farm implements. 46-15-31
