

HIRAM YOUNG.—At the ripe old age of 86 years and 1 day Hiram Young died at his home at Coleville on Sunday afternoon. His death was not the result of any particular ailment but rather the breaking down of the system after years of service.

He was born in Columbia county and when only 14 years old settled on Big Marsh Creek. Ten years later he moved on to the farm which he occupied continuously then for sixty-two years and ever since it has been known as the old Young farm.

He was twice married. The first union to Alice Amy, of Columbia county, was blessed with six children, three of whom are living, Mrs. Annie Laubshier, of Look Haven; I. M. Young, of Bellefonte, and Harvey S., of Centre Twp. Their mother died Jan. 20th, 1864.

His second wife, Rebecca Cartwright, survives him with five of their eight children: Elijah, of Roopsburg; Elmer, of North Bend; Ida, of Boggs Twp.; Harry H., of Buffalo Run, and William, of Coleville. Thirty-three grand children and six great grand children also survive.

Deceased was a consistent Methodist and a life long Democrat. Interment was made in the Union cemetery Tuesday afternoon.

LAWRENCE L. COONEY.—The death of Lawrence L. Cooney, which occurred at the home of his daughter, Mrs. Mary Fox, on east Bishop street, early Wednesday morning, was very sudden, as he had not been in bad health at all and only a short time before his death was he troubled with his heart.

Deceased was born in Ireland seventy-nine years ago and came to this country when only 19 years of age. Soon thereafter he located in Bellefonte, where he has resided ever since, maintaining an honorable and useful position in this community.

His brother Luke Cooney, of Salem, N. Y., is living as are also the following children: Martin and Mrs. Mary Fox, of Bellefonte; Mrs. Wm. Dillon, of Bradock; Mrs. Thomas Brennan, of Pitsburg; Lawrence, of Youngstown, Ohio; and Michael. Interment will be made in the Catholic cemetery this morning, after requiem mass has been celebrated at St. John's.

JOHN A. McCLENNAN.—After an illness of five months with consumption John A. McClellan died at Potters Mills on last Wednesday. He is survived by his wife and seven children, J. C., of New York city; H. C., of Rockaway, L. I.; L. W., Philadelphia; Mrs. D. R. Burkes, Altoona; John C., Billings, Mont.; and Cora and Sarah, at home. Interment was made Saturday at Milroy.

Mrs. John Raymond, of east Howard street, died at her home on Tuesday afternoon after a long illness with typhoid fever. She was 43 years of age and is survived by her husband and two children, a daughter and son. Her funeral took place Thursday afternoon at 2 o'clock. Rev. Lescher, of Boalsburg, officiated and interment was made in the Lutheran burying ground at Pleasant Gap.

Samuel Gettig Esq., is laid up with a severe attack of tonsillitis.

The Irvin trial concluded at the last term of court cost the county about \$1,200.

Every body should see the musical extravaganza "Around the World with the Man in the Moon" on next Wednesday and Thursday nights.

Wm. P. Kuhn, of east Bishop street, has been chosen a delegate to the general Synod of the Lutheran church which meets at Des Moines, Iowa.

James L. Hamill Esq. formerly at the Centre county bar, is now secretary of the W. M. Ritter Lumber Co. that controls 50 per cent of the out-put of white pine in the South. The company is capitalized at \$1,000,000.

The engagement of Miss Blanche Boal, daughter of Captain George M. Boal, and Dr. Park, both of Centre Hall, has been announced. Their marriage will take place June 5th and after a wedding journey they will occupy the Odenkirk house which has been remodeled and furnished for them.

The annual commencement exercises at the Pennsylvania State College will be held this year June 9th to 12th. The daily program of exercises will be exactly as it has been in the past years. Dr. Colfelt, of Philadelphia, will preach the baccalaureate sermon. The name of the orator for commencement day has not been made public.

"Around the World with the Man in the Moon," which will be presented here for the first time on May 15th and 16th will be for the benefit of the Petriken memorial hall. The cause is an excellent one and the show will be replete with catchy music, clever dances and spectacular tableaux. Mr. Hoffman, who is putting it on, expects to return here in the fall to direct a production of the comic opera "Pinafore," which will be sung for the benefit of the Episcopal church.

On Tuesday Dr. Geo. B. Klump and Paul Sheffer drove out to Marsh Creek to fish for trout. They tied their horse to a tree in the woods before starting to the stream and after fishing a little while they noticed the forest fires, that had been raging for several days, being swept towards them by the high wind. Starting on a run for their horse they got there just in time to save the animal from being burned. The fire was then only about twenty feet distant and the horse was tied so securely that it could not possibly have broken loose.

At the April term of court the viewers reported on a new voting precinct for Potter township, which will likely result in a polling place at Tusseyville. It was confirmed nisi by the court and will hold over until the August term before being confirmed absolutely. The new precinct takes up a section in the south western portion of the township practically bounded as follows: By a line west of Samuel Slack, east of George Spangler, and W. F. Rocky, from which point it runs north on the east side of Dr. Lee's farm, crossing the North precinct line a little west of that point, thence west on the south side of the John Cummings and Bitner farms to the Harris township line. Thus old Potter is cut into four voting districts, namely, Centre Hall, Potter North, Potter South, and Potter West.

ALL ROADS LEAD TO ROME.—You

will find a number of these roads in the various counties of the State and the country, inhabited by wide-awake, energetic and practical farmers. Upon investigation you will find a large number of these farmers in possession of the new American Harrow and Seeder. They have in store for it nothing but the highest praise. Why? Because it has a patent adjustable axle to accommodate the operator when cultivating corn and potatoes or any crops that grow in rows. Sows all kind grain broadcast. Has the only broad-cast phosphate distributor in the world. As a pulverizer has no equal. With less labor can put your land in better state of cultivation, thereby stand the drought and cause a better yield. It saves you price of hired men each season. Seeding is better, therefore try it and be convinced, you being the judge. Because you try it you are not compelled to buy it. Cost nothing to try it. Take pleasure in exhibiting free to each and every farmer. This machine was first at a premium in western States, because they were especially adapted to prairie lands, but they have been modified in their construction so as to adapt them to all kinds of tillable lands and meet the wants of the eastern farmer better than any other that has ever been offered him.

The new American Harrow and Seeder is manufactured by American Harrow Co., Detroit Mich., one of the largest and best known manufacturing companies in the country. D. M. Ferry, the president, is known in every nook and cranny of the farming country.

W. W. Gillett, vice president, has for many years been associated with a large number of the most important business institutions of Detroit.

O. R. Baldwin, secretary and W. W. Collier treasurer. They are men who have not only been successful in their own business but who have been prominently active in the commercial affairs of Detroit and throughout state of Michigan.

Mr. Baldwin is president of the Merchants and Manufacturers' Exchange of Detroit. The oldest and most influential of all the commercial organizations of its character in the State. He is also president of the Masonic Temple Association and vice-president of the Chamber of Commerce.

Mr. Collier is a member of the executive committee of the National Association of Agricultural Implements and Vehicle Manufacturers; an organization which includes the leading makers of these articles in the whole country.

In this State, the management of the business is conducted by J. M. Howard, who has been associated with the company almost from its infancy. He and their other representatives are making the name of the American Harrow and Seeder, Bellefonte, and will make every effort to see that each and every farmer of this county has an opportunity to see and operate the new AMERICAN HARROW and SEEDER. In addition to machine herein mentioned we manufacture disc harrows, walking and riding plows, bean harvesters, corn and bean planters, hand potato planters, stalk cutters, truck scales, manure spreaders and other farm implements.
