Politicians some times gets out of a job, and there is no denying the fact that it is much more difficult to regain the respect of the people than to lose it, as a certain politician can testify.

The dog that superintendent Clemson presented to Rev. Illingworth has fallen into a soft berth. Mr. Illingworth is now devoting his spare moments to the education of the pointer which we expect will be so intelligent by the time the hunting season is over that there will not be a qual left in this vicinity to chirp.

The ball game, Saturday at Baileyville played in the presence of hundred of spectators, did not require a search of Webster and Wooster dictionaries to find suitable words to describe the conduct of our boys. It was unfortunate, however, for the Warriors-mark team that young York received an ugly gash over his left eye which caused a lull in the game for quite a time. The wound was dressed and the game finished up with a score of 6 to 2 in favor of our team. Now jump boys.

A day or two since one of our farmers remarked that what little oats were left by the grasshopper legions is in a fair way of being ruined by the continued wet weather. Considerable oats is still in the fields, and much of it, in consequence, is in a bad condition.

Saturday evening last proved a very disagreeable one for the intended lawn festival of the M. E. church of our village. Owing to the inclemency of the weather of course the lawn feature was abandoned, and the festival was adjourned to inside the church. The committee however did reasonably well.

The Democrats in this neighborhood are highly pleased with the work of the Harrisburg convention. A few Republicans here seem to think that if Mr. So and So had been nominated and a fusion ticket framed, it would have had some chance for success—Poppycock. It's really astonishing what an incapacity some people have for not minding their own business. The Democrats are fully competent to take care of themselves.

The Reformed church picnic held in Allison woods on Thursday last was very largely attended. Notwithstanding the dark and threatening clouds of the morning, visitors arrived here from far and near to participate in the festivities, and all encountered the terrific down-pour which continued more or less all afternoon. The town hall being close by afforded shelter to large numbers, while others occupied buggies and most any place where there was a possibility of any protection. Of course the continued wet and disagreeable weather caused an early adjournment. On the following Friday the Presbyterian Sunday school had their picnic on the same grounds. The day was beautiful, although early in the day the grounds were still damp, yet the children, teachers and visitors enjoyed themselves immensely, and at sunset all left the grounds reluctantly and regretting that the picnic was at an end.

Tour to the Pacific Coast.

Another Opportunity to Visit California under the Auspices of the Pennsylvania Railroad's Personally Conducted System.

In view of the great popularity of transcontinental travel under the personally conducted system, as evinced in the recent Pennsylvania railroad tour to the Pacific Coast and Canadian Northwest, that company has decided to run another tour to the Pacific Coast, including in the itinerary a visit to the world-famous Grand Canyon of Arizona, in the early fall. The tour will leave New York, Philadelphia, Baltimore, Washington, and other stations on the Pennsylvania railroad east of Pittsburg, on Monday, September 23rd, and reach New York on the homeward trip Tuesday, October 22nd.

As in former tours to California under the auspices of the Pennsylvania railroad, a special train, composed of the highest class of Pullman equipment, will be utilized during the entire trip. Excellent meals will be served in the dining cars attached to the train during the entire journey, except during the stops at San Francisco and in Chicago. An observation car will appeal to all who delight in scenery. Few trips afford so great a diversity in nature's beauties as the one outlined below. Westward bound, the tourists will pass through the wild slopes of the Colorado Rockies, around the Great Salt Lake, and over the fastnesses of the Sierra Nevada. After visiting all the beautiful resorts on the sunny California slopes, the eastward journey will be through the Arizona desert to the Grand Canyon of Arizona. Its beauties cannot be painted in mere words. Magnificent in coloring, awful in its depth, it stands among the natural wonders of the world. Thence across the plains to St. Louis, and eastward through Illinois, Indiana, Ohio, and Pennsylvania, the tourists reach their destination just thirty days after leaving home.

The various transcontinental lines having made low rates on account of the general triennial convention of the Protestant Episcopal church, the Pennsylvania railroad company is enabled to offer this superb vacation trip at the low rate of \$185 for the round trip from New York, Philadelphia, Baltimore, Washington, or any point on the Pennsylvania railroad east of Pittsburg, one in a berth; and \$165 for the round trip, two persons occupying the same berth. The rate from Pittsburg will be \$5 less.

Diagrams are now open, and as the number who can be accommodated will be strictly limited, names should be registered immediately.

For further information and descriptive pamphlet, apply to George W. Boyd, assistant general passenger agent, Broad street station, Philadelphia. 46-33-24
