STONE'S APPOINTEES DEFEATED. The hardest fought battles for Judgeships were in some of those counties where Governor Stone had appointed lawyers to fill vacancies or places newly created by the Legislature.

In Lycoming county the appointee hy Stone, of Max L. Mitchell to fill the vacan cy caused by the death of the late Judge Mitchell was objectionable to many independent Republicans, who cast their votes for William W. Hart, the Democratic nom ince, and elected him.

Congressman Conneill's machine in Lackawana county put its greatest energy into the support of Judge James W. Carpenter, who was appointed by the Govern-or to succeed Judge Archibald when the latter took a seat in the United States Court. Connell's men resorted to trading in Carpenter's behalf. Anti-administration Republicans cut Carpenter in favor of the other two candidates, Ellwood C. New-comer, Democrat, and Frederick L. Hitchcook, Municipal League, and Carpenter was defeated.

Through the open assistance of Quay Democrats in Snyder county Judge Harold M. McClure, machine nominee for re-election in the Snyder-Union District, ran ahead of A. A. Leiser, the Union-Democratic fusion candidate. Judge McClure is the brother-in-law of State Senator, B. K. Focht, of Lewisburg. one of Quay's right hand men.

BAKER WILL NOT CONTEST.

Judge A. V. Baker, of Cambria county, whose brother is the head of the local Quay machine, had pitted against him, Francis J. O'Conner. Democrat, who drew some from the independents. O'Conner was elected, and Baker at once served notice that he would contest the 71 majority by which he was defeated, but he has decided not to carry out his first threat.

Northumberland had two Common Pleas Judges to elect. President Judge Savidge ran for re-election and Voris Auten was his Democratic running mate for the Judgeship created by the last Legislature. The Republican nominees were Charles B. Witmer and William H. M. Oram. Judge victory. Lincoln S. Walters who was appointed to

Nebraska report less than one-half and Missouri less than one-fourth of an average crop. The average as to quality is 78.4 per cent. as compared with 88.1 in Novem-ber last and 91.4 in November, 1899.

YIELD OF HAY.

The preliminary estimate of the yield per aere of hay is 132 tons, against an average yield of 128 tons in 1900, 134 tons in 1899 and a ten year average of 128 tons. While more than three-fourths of the forty-seven States and territories for which port yer acre in excess of their respective ten year averages, such important States as Illinois, Iowa, Missouri, Kansas, Nebraska South Dakota, Texas and Arkansas are ail included in the region reported less favorable. The average as to quality is 9.13 per cent, against 89.7 per cent, in Novem-ber last and 93.8 per cent, in November 1899.

Of the fifteen principal tobacco States, nine, including Kentucky, Virginia, North Carolina and Tennessee, report an average yield per acre of tobacco in excess of their ten year averages, while six, including Ohio, Wisconsin and Missouri, fall below such averages.

No Dock Tails For Teddy.

And He Can't Find A Pair Of Long Tailed Horses To Suit

WASHINGTON, Nov. 11.-President Roos velt has not been able yet to find a team of horses to his liking. He has examined at least a dozen pair, but all of them have had some defect. The hostler of the White House stables returned yesterday from a trip to Baltimore, where he visited the horse market, but reported that he had found no suitable horses with long tails. The President is opposed to the practice of docking the tails of horses and will not consider the purchase of bang-tailed

aminals, no matter what other qualifications they may have.

It is feared that the returns will show that a great many were thus derelict. It ought not to be. The credit earned for the Shipmans by the "Pudd'nhead Wilson" company was sufficient to attract a large and fashionable audience that was thoroughly appreciative of the splendid work of Mr. and Mrs. E. R. Spenser in particular and their company in general. The costuming of the play was especially pleasing and the work of Mr. and Mrs. Spencer was of the highest order, the latter being superb in her scene with "Henri III," Willard Newell, in the 3rd act. Newell and Robert Deshou, as "Cosmo Rugeri," shared honors with the Spencers. The effect of the play would, however, be materially enhanced if staged

But coveting attainments of her own she went to New York and Philadelphia and learned in the hest studios there. Upon her return, last spring, she fitted up rooms in the Exchange, which even the most pessimistic were forced to acknowledge beautiful. And her continued advancement and success since more than fulfilled the most sanguine expecta-

tions of her friends. Berenice was so ambitious, so hopeful and had worked so hard for the success that she was just beginning to enjoy that we would have accorded her a longer mission. That she should be taken by death just at this time is one of the mysteries of life. There

was no question of her talent. She made photography a fine art and we doubt if there is a person in the town who was not proud of her attainments or who did not expect to see her, in a short time, classed with the foremost photographers in America. Mr. Elder was a grandson of Abraham Elder, the pioneer settler of Half Moon township this county, and was born and spent his early manhood at the old Elder home adjoining Stormstown. His father, Robert Elder, was one of Half Moon's best known citizens and the old stone mansion, built in 1808, has been for many years the home of his brother-in-law, Captain John A.

Mr. Elder was solicitor for the Pennsylvania railroad company, having held the office since 1850. He was a commissioner to the first World's Fair held in London. Miss Harris was one of the older generation of the Harris family that had to do with the founding of the town and was, therefore, well known throughout the community. Though gifted with a gentle disposition and a keen, intelligent mind her life was a most quiet, unobtrusive one. She was devoted to her church, the Presbyterian, and the reform movements of the day; but was prevented from taking an active part in the work she was interested in by defective eyesight. She was a daughter of William and Margaret McClenachan Harris and she was 74 years old last May. She is survived by her brother James Harris, with whom she has always made her home, and her half broth-Dr. George F. Harris. > MILESBURG GETTING MIXED UP IN IT--If some sort of a quietus isn't soon put to this contention that is going on between the Revs. Dr. Swallow and Hartzel, of the Methodist church, there is no telling where it will end. Our good Milesburg brethren have gotten themselves mixed up in it through a resolution some of them adopted and sent to the preacher-politician-published some time ago. In the Penusylvania Methodist of Oct. 17th he took note of the action in the following manner :

> > LESS THAN 50 CENTS.

"Fifteen people claiming to be Methodists in Centre county, Pa., signed a boy-cott notice on the Methodist Book Rooms because the Pennsylvania Methodist dared tell the truth about Mr. McKinley, the government, the assassin, the church, and the liquor business. We find on examination that the fifteen gave last year an average of less than 50 cents to the missionary cause. We feel honored to be boycotted by such a crowd. How much did it cost them for beer? In the same issue Dr. Swallow publishes a letter from C. H. Else, another Milesburg brethren, who does not seem to he in sympathy with his neighbors, as you will perceive by reading it :

Is it any wonder the M. E. church is only gaining one member each year for every church? I will stand second to no man in expressing sorrow for the awful crime of assassination, but we must reap what we sow. assassination, but we must reap what we sow. I also assert that there is no party that has done as much to prevent anarchy, and its breeding den—the saloon—as the Prohibi-tion party. It is the accursed saloon fostered and protected by Christian ballots, and which could not exist one year without the consent of the church, that is the hatching place of almost every crime committed, and place of almost every crime committed, and yet the church will array herself on the side of the aiders and abettors of this infamous business and pass condemnatory resolutions against those who in all good conscience have labored for its overthrow. "License at any price is a crime," so say our church officials. If this be true, is not he who by voice or vote seeks to perpetuate it a criminal? God save the church from this complicity in crime. the new court by Governor Stone wa beaten for the nomination at the Republican primaries.

In Montgomery, Westmoreland and Lu-zerne counties the new Orphaus' Court Judgeships were stakes for contention.

The fight in Montgomery was of peculiar interest, Judge W.m. F. Solly, the Governors appointee, having had the office created for him as a political reward for helping the Quayites last fall. Opposed to him was Neville D. Tyson, Democrat repres-enting the element which was against the creation of the court, alleged to be needless who had the general support of Union party men. Solly won by a small majority.

Judge John B. Steel, appointed by the Governor to the new Orphans' Court in Westmoreland, had as his Democratic antagonist V. E. Williams, whom he defeated.

Mayor Francis M. Nichols, of Wilkesbarre, was the Bepublican candidate for

the new Orphans' Court in Luzerne, he having for political reasons, refused the appointment from the Governor after get-ting the nomination. Andrew M. Freas. was supported by the Democrats for the office and easily defeated the Governor's nominee.

Small Yield of Corn Reported.

The Present Indicated Crop of Potatoes Shows the Lowest Average Per Acre Since 1890-The Prelim inary Estimate of the Yield Per Acre of Hay is 1.32 Tons-Tobacco in Excess of Ten Year Average.

WASHINGTON, Nov. 11 .-- The following report was issued this afternoon by the department of agriculture:

The preliminary estimate of the average yield per acre of corn, as published in the monthly report of the statistician of the department of agriculture, is 16.4 bushels as compared with an average yield of 25 3 bushels per acre in 1900 and and a ten year average of 244 bushels. The present indicated yield per acre is the lowest general average ever recorded for this crop, being 22 bushels per acre below the yield in 1881, which has stood for twenty years as the lowest on record. The indicated yield in bushels per acre in

the seven principal states is as follows: Ohio, 261; Indiana, 198; Illinois, 214; Iowa, 25; Missouri, 101; Kansas, 78, and Nebraska, 141. Of the twenty-three states having 1,000,000 acres or upland in corn, all but Pennsylvania, Virginia and Michigan report an average yield per acre below their respective ten-year average.

AVERAGE AS TO QUALITY, 73.7.

The general average as to quality is 73.7 per cent. In November, 1899. It is estimated that 4.5 per cent. of the corn crop of 1900 was still in the hands of farmers on Nov. 1st 1901, as compared with 4.4 per cent. of the crop of 1899 in farmers' hands on Nov. 1st, 1900, and 5.9 per cent. of that of 1898 in hand Nov. 1st, 1899.

The preliminary estimate of the average yield per acre of buckwheat is 189 bushels as against an average yield per acre of 12 bushels in 1900 and a ten year average of 199 bushels. Of the six states having 10,000 ast an average yield per acre of 12 acres or upward, under this product, in-cluding New York and Pennsylvania, which together contain over three fourth of the entire buckwheat acreage of the country, four report a yield per acre in exeess of their respective ten year averages. The general average as to quality is 93.3 per cent. against 90.2 per cent. in November, last, and 86.4 per cent. in November,

Miss Cooper through her mother was one of the McFarlane-Thompson family. She was a grand daughter of General John and Elizabeth McFarlane Thompson and was the only daughter of William and Nancy Thompson Cooper. Her father was a Southerner and she was born 60 years ago in New Orleans, for which she was named, having been christened Orleanna. Later the family resided at Milroy and afterwards at

Boalsburg. Miss Cooper was educated at the Wangh school in Harrisburg, which was known as the Pennsylvania Female College, and soon after graduating begau to teach. For twelve years or more she was preceptress and a member of the faculty of The Pennsylvania State College and afterwards conducted a small preparatory school at that place until her mother's declining health required all of her time. After the death of her mother she taught in the South for several years but continuous work and manifold responsibilities had so impaired

her health that she returned home completely broken down. The few following years of her life were spent with the Mc-Farlane family at Boalsburg. Finally she became so much of an invalid that she insisted upon and was taken, just one year ago this month, to the home in Williamsport where she passed away. Miss Cooper was pre-eminently a gentlewoman, intelligent, refined, courteous and houest as the

day. Much of her life was a sacrifice for others, but she accepted its duties so cheerfully and courageously that she daily exemplified to those about her that she was indeed a true christian. She was a member

of the Presbyterian church and was the last of her family. Her only brother, Glenn, died in Washington last spring.
