having been so great. The inhabitantsescaped death in the cataclysin, are camping in the open air for safety, not daring to return to the ruined confines of the town. Some of the inhabitants are building temporary mud huts.

More news has been obtained about the condition of a ffairs at Amatitlan than at Quesaltenango, as the former is only 15 miles south of this city, while the latter is more than 100 miles to the northwest. Couriers say earthquake shocks are still

being felt at short intervals in the neighborhood of Quesaltenango. There have been serious seismic disturbances along the Cordillera, affecting towns and villages between Amatitlan and Quesaltenango.

Slight disturbances were felt at Guatemala City, but no great damage resulted.

For the Trans-Atlantic Steamship Company Now Being Formed by J. P. Morgan.

NEW YORK, April 28.—The Trans-At-lantic steamship company being formed by J. P. Morgan will have a capital of \$170,-000,000. of which \$60,000,000 will be cumulative preferred stock, \$60,000,000 common stock and \$50,000,000 as one-half per cent. debentures.

The under writing syndicate has sub-scribed \$50,000,000, 40 per cent. of which was placed abroad and the remainder here. As yet the company has barely gone be-yond the organization stage. The corporate title is still undetermined.

As announced last week, the combination will have an American charter, but those in authority decline to make known at this time the state in which the com-

pany will be incorporated. "It is authoritatively stated that a "work-ing arrangement" has been made with the German lues—North German Lloyd and Hamburg American-as a result of which the relations between the new combination and the German companies promise to be altogether barmonions.

Clement A. Griscom, president of the international navigation company, was again in conference with Mr. Morgan's partners today. He had nothing to say for publication other than that the preliminary details of the steamship co idation were being perfected with little delay.

> -He was a traveling man-the cut of his clothes, their loudness and his silk hat told the story-and he was in a crowded elevator in the Park building. He had probably heard in his travels of Pittsburg being noted for her beautiful women, but it remained for a colored woman to enlighten him as to some of Pittsburg's men -as she saw them.

The elevator was descending, and when it reached the fourth floor two colored women boarded it. One of them was any-thing but beautiful, and was past the age when goo-goo eyes have much effect. Her mouth was her largest feature, and what emanated from it made one man feel very small.

"Charley," said the tiled drummer to a friend who was with him, "I have only been in Pittsburg five days, but in that time I have seen some extremely beantiful men."

He laughed at his own joke and looked at the colored woman insinuatingly.

She gave him a withering glance. Her big mouth puckered disdainfully. Then, turning to her companion, she said, in a voice that everybody in the elevator could plainly hear : "Lize, I'se only heen in Pittsburg one

day, but in that time I has seen any num-bah o' impudent men what wants to flirt

with pretty girls." Everybody but the traveling man laugh-ed. The joke was on him. He knew it, and his face was soon a match for his red tie

When the car reached the ground floor its occupants piled out, all giggling-ex-cept the drummer. The colored woman stepped out of the elevator ahead of him, and just as she emerged she said to him, as a parting shot :

"Now, you cheap white trash. come at me again !"

But he didn't. He had had enough. MIKE HUFF.

Make Your Own Flavoring.

You can make a better lemon or orange extract than you can buy if you will peel the fruit thin, round and round as you peel an apple, taking none of the inside skin; then put in a glass jar and cover with alcohol, or you may simply chop the peel very fine, add twice its builk in white sugar and keep in a close fitting jar. A teaspoonful of this will flavor cake or pudding very nicely. I tried pineapple the same way and found that it was excellent.

Already it is said that one man has gone insane because of pingpong, but whether from playing it or reading about it is uot stated.

Don't mistake the cause of backache. To be cured you must know the cause. It is wrong to imagine relief is cure. Backache 1s kidney ache. You must cure the kidneys. A Bellefonte resident tell you how this can be done

Ar William Va'ance, east Lamb street, night watchman, says: "For 2 years or more off and on, 1 had trouble with my back and pains in the upper part of my spine accompanied by adisagreeable feel-ing in my head and acute lameness right over my kidneys. At first 1 thought it was my liver but later found it arose from the kidneys not acting properly. I read of the many cures that had been made in Bellefonte by Doan's Kidney Pills and I got them at F. Potts Green's drug store. They stopped the annoyance from the kidneys and removed the larneness and aching in my back. They did me any amount of good and I do not hesitate to recommend them."
