A New Way Round the World.

From Paris to San Francisco with but one change of Cars. The Overland Limited and the Trans-Siberian Express.

Travel from the far east to London and other European points which has heretofore sailed from China, Manchuria, the Philippines and Japan through the Suez Canal, is likely hereafter to follow the Royal Mail, which it has recently been demonstrated, can be brought to London through San Francisco and across the United States three or four days more quickly than via the old route.

The traffic department of the Chicago & Northwestern Railway has advised that the Russian Ministry of the Interior has arranged with the International Sleeping Car Co. for new sleeping car service on the Trans-Siberian Railway, between Moscow and Port Arthur, to be weekly at first, tri-weekly later on, and eventually a Train-de-Luxe to be inaugurated between Warsaw and Port Arthur leaving Warsaw daily.

Inter-Continental travel is thus practically established through what had, until recently, being supposed to be the wastes of Siberia; now proven to include much rich farming country which is being rapidly settled.

The equipment for the Siberian Express is to be in control of the International Sleeping Car Co., and the service will be of the highest character, more nearly approaching the American standard than is usual on the Continent.
