HICKS DECLARES FOR PATTISON. ludge Pennypacker's Opinion That We Have No Ills Worthy of Mention Makes Him an Undesirable Candidate—Democratic Victory in Pennsylvania Has Had No Effect on National Elections.

In a ringing and manly arraignment of the Republican machine that holds Philadelphia and commonwealth in its merciless grasp Thomas L. Hicks, postmaster of the city of Philadelphia, under the late President McKinley, a lifelong Republican of the stalwart type, and one of the most influential politicians of that, gives cogent reasons why he has decided to throw the weight of his vote and influence in favor of ex-Governor Robert E. Pattison, and tells sylvania—the ripper bills, the coal land why he thinks the welfare of the state grabs, the franchise steals and other can best be conserved by the election of the Democratic Gubernatorial candidate. In his interview Mr. Hicks

"I cannot support Judge Pennypacker after his open declaration that Pennsylvania has no ills that are worthy of

mention. E. L. TUSTIN'S INCONSISTENCY. "Ernest L. Tustin, vice chairman of the Union party City Committee, in an interview recently published, is quoted

as saving: as saying:

I know both Judge Pennypacker and Mr. Pattison. When it comes to a choice between them, speaking for myself, I am a Republican and shall vote for the judge. I believe that Judge Pennypacker, as governor, will maintain and insist upon the same high standard of efficiency as marked his administration as judge of the court of common pleas for the last 13 years.

OTHER THINGS NOT EQUAL. "Mr. Tustin assumes that, as Judge Pennypacker and Mr. Pattison are men of high character and standing in the community, all other things are equal, and, therefore, as a Republican, it is his duty to support the Republican candidate. If other things were equal, Mr. Tustin's position would be sound, and he would be right in his conclusions, and should, as a Republican, support Judge Pennypacker. But other things are not equal.

"Last fall Mr. Tustin and others joined in the formation of the Union party and adopted the following platform of the Union party, city and county of Philadelphia:

UNION PARTY PLATFORM.

UNION PARTY PLATFORM.

The political party dominant in this state and city has had complete control of the machinery of the state and city government, in all departments and branches, for many years.

Its power, prestige and leadership have been assumed by a combination of men who command and use its organization at will. They trample upon all pledges and promises to give to the people reforms, good government and an honest administration of public affairs and control and manipulate the organization and machinery to serve only their selfish interests and personal ends.

Not only have they utterly failed in their promises, but have recklessly violated every pledge, and have left a record of steadily increasing and insolent disregard of the rights of the peosonal ends.

ple.

The Union party has been called into being for the single purpose of overthrowing evil combinations now in control in the state and city and electing men, without regard to party affiliations, who will administer, with simple honesty and ability, the offices to which they are elected.

It does not aim to sever citizens from their affiliation with the great parties that are divided on questions of national politics.

tional politics.

Its struggle is for an honest ballot and for the restoration of integrity and capacity in state and municipal affairs.

STILL THE SAME MACHINE.

much the foe of good government and opposed to an honest administration of public affairs as it was when Mr. Tustin subscribed to this declaration? Who has changed? Has Judge Pennypacked subscribed to the Union party platform? On the contrary, is he not the candidate of the machine which this platform condemns?

"Is he not even more? Is he not the open apologist and the defender of the machine and its doings? Has he not, in effect, declared that the offenses denounced by this platform do not constitute ills worthy of mention? The machine has not changed; its candidate for governor sees nothing in it that is evil.

CANNOT SUPPORT PENNYPACKER "I believe the Union party platform was an honest declaration when it was made, and I believe that all the statements therein contained are as true today as they were last fall, and therefore cannot support Judge Pennypacker after his open declaration that 'Pennsylvania has no ills worthy of mention.'

"Mr. Pattison has twice given to the people of Pennsylvania a clean, honest, businesslike administration of the office of governor. He stands pledged against machine methods and practices, and is also pledged to do all in his power to aid the people of our state in correcting the evils denounced by the Union party platform. A DUTY TO VOTE FOR PATTISON.

"Therefore, as a Republican, faithful to the party and its interests for 30 years, but opposed to the machine rule responsible for all the ills from which our people suffer, I deem it my duty to support Mr. Pattison, as the only means, in my judgment, of dealng to the machine the severest blow that can be given it.

PENNSYLVANIA SURE FOR THE REPUBLICANS IN 1904 IF PATTI-SON IS ELECTED THIS YEAR.

"The widely heralded assertion that the election of Mr. Pattison as governor will endanger the presidency in 1904 is absurd. We have only to refer to 1882 and 1890, when Mr. Pattison was twice elected governor, Pennsylvania stood loyally to the Republican candidate for president and gave her electoral votes in 1884 and 1892, by majorities of 81,-000 votes in 1883 and 64,000 votes in 1892, whereas in the two former contests for president Pennsylvania's Republican majorities were but 38,000 votes in 1880, and but 18,000 votes in 1876; so that it would appear that the election of a Democratic Governor two years in advance of a presidential contest results in increasing Pennsylvania's Republican majorities for presidential candidates. Should Mr. Pattison be elected governor this year Pennsylvania will, without doubt, cast her vote for the Republican candidate for

president two years hence. "Will those supporting the political machine which dominates the affairs of our state and city assert that the Quay-Penrose-Durham organization is not responsible for the reckless legislation enacted by the last legislature of Pennobjectionable measures?

EVILS DUE TO THE MACHINE. "Will they assert that the same machine is not responsible for the unsatisfactory administration of the affairs of Philadelphia?

"The granting of rapid transit and telephone franchises withopt compensation?

"The destruction of our expensive street paving and sidewalks by the telephone and other companies-because of these unguarded and special franchises? "The awarding of contracts to the higher instead of the lowest bidders, and this at excessive prices?

"The padded assessments, importing into the city gangs of repeaters, gross election frauds? "The permitting of running of speak-

easies, policy shops, gambling establishments and many other items too numerous to mention?

AN UNANSWERABLE ARGUMENT WHY PENNYPACKER SHOULD NOT BE ELECTED GOVERNOR.

"If it be true that the people of our city and state suffer very many grievous wrongs, only a few of which have been referred to, and if it be true that the Republican machine organization is responsible for these wrongs, and if it be also true that Senator Quay, aided by Senator Penrose and Commissioner Durham, is the controlling influence of these organiza tions, is it not a logical conclusion to assert that if Judge Pennypacker knows of no wrongs from which Pennsylvania suffers that are worthy of mention, and believes that Senator Quay is greater than Webster or Clay, that he is so good and true that he could do no wrong, then, in the event of his election as governor of Pennsylvania, may we not expect that he will accept and be guided by the advice of Senator Quay, and continue the character of an administration such as we have recently been sub-

jected to? "On the other hand, will the advocates of the Republican machine ticket deny that Governor Pattison, either as controller or governor, gave to the citizens of Philadelphia and to the people of Pennsylvania a clear, business-like and honest administration of the affairs of every office he has ever filled? If this be true, is it not fair to presume, judging a man by deeds performed, that he will, if elected, again give to the people of the commonwealth a clean, honest and business-like administration of the office of governor?"

-John T. Stewart is one of the richest farmers in Kansas. On arriving in that "Is not the Republican machine just State five years ago he borrowed \$50 from a friend to pay rental on a piece of land, and today he is worth \$2,000,000.

A BEECH CREEK BOY GETS SOME NEW SKIN .- The Lock Haven Democrat of Wednesday published the following interesting account of a skin grafting operation that was performed in the hospital in that

The Lock Haven hospital has had a great variety of operations during the time it has been established, but yesterday it added to its reputation by having successfully performed a skin grafting operation. The patient is Roy DeHaas, the boy who had his leg run over lengthwise by the cars on the fire brick clay road at Beech Creek in June last. When the boy was admitted in June last. When the boy was admitted to the hospital a few weeks ago, his leg was in bad condition—bent at the knee and large spaces above and below the knee, having their raw flesh surfaces exposed. Arrangements were made to graft skin on the raw surface, and yesterday afternoon everything was in readiness. Dr. Ball, assisted by Drs. Hayes and McGhee and superintendent Criswell, did the work. H. C. Berry, the telegraph operator at Monument, a brother-in-law of Roy, readily gray his consent to searifice a portion ily gave his consent to sacrifice a portion of the skin of his body for the purpose. He arrived at the hospital yesterday morning and in the afternoon both he and Roy were etherized. Strips of skin were taken from Mr. Berry's body with a sharp razor and transferred to the raw surfaces on Roy's leg. A space three by four inches below the knee was covered, and a space about two by four inches above the knee was nearly covered. The operation continued over an hour. Both young men came out of the ether all right, and Mr.

Berry left the hospital last evening about 7 o'clock. Roy will, of course, remain in the institution some time yet.

To graft skin from one human body to another requires skill. The raw surface must first be thoroughly cleaned. The skin used must be very thin; not a particle of fat or other substance dare cling to it. The strips of skin are stretched upon the surface in basket shape, which pieces are covered with thin pieces of gutta percha. The whole is then carefully bandaged.

The operation yesterday was successful-y accomplished, and, judging by the very favorable condition of the patient to-day, there is every reason to believe that Mr Berry will loose nothing by giving a por-tion of his skin, and that Roy will be

greatly benefited thereby.

This makes three or four cases where skin has been transferred from one person to another in the Lock Haven hospital. This one, however, was the most serious of any that preceded it.

HE ARRESTED THE COWS .- With his patience all worn out, his garden looking like the wrecked sides of Mt. Pelee and his flower beds presenting as sorry a spectacle as the moth eaten plumes of a circus wagon James H. Barnhart decided to end his troubles and-not commit suicide, but commit to the pound several nocturnal bovine pestilences that had become as obnoxious to him as a grasshopper plague to a Kansas farmer.

They had visited his pretty place on north Thomas street so regularly that Jim could stand it no longer. Accordingly he decided to lie in wait for them and one night last week got ready to give the marauding cows an official reception. They seemed to know that there was danger about, for they didn't venture near their favorite browsing ground on Jim's on his favorite posies than with all the July 30. dexterity of a cow boy he rounded eight of plicants in any way connected with no them up. Determined that they should union workmen should not receive appointgo to the pound, James was in a quandary as to how he could get them there. If he went to arouse the high constable they would all escape and having no one to send after that delinquent official, he decided to drive them to the pound himself. him.

line of that (early morning procession thought as the redoubtable James shooed, hissed and hayed his victims onward, can best be learned by personal inquiry, but when her eached the vicinity of constable Williams' home and undertook the job of keeping the cows corralled and getting that worthy functionar yawake they say there was a commotion that must have disturbed the dead in the Union cemetery.

Success crowned his efforts at last and the destructive bovines being all safely impounded he got home in time to make the fire for breakfast. Later in the day he had the consolation of finding out that all of the cows had been released without being fined a penny.
