vears each. The ages of the five brothers are: Joseph of Frenchtown, 89 years; Benjamin, of the same place, 80; Wilson, of Belvidere, 77; John, of Philadelphia 85, and Daniel, of

Easton, 73. The Everett family is noted for its longivity. Daniel, the father, lived to be 88 years old. His widow died in her 93rd year and left 107 living descendants—11 children, 47 grandchildren, 47 grantgrandchildren and 2 great-great-grandchildren.-

GEORGE W. GUTHRIF.

Hon. George W. Guthrie, the Democratic candidate for lieutenant governor, has been a revelation to the whole state. Until he started out with Governor Pattison, on their great campaign tour, he was comparatively unknown to the people at large. In Pittsburg he had made a brilliant reputation as an intrepid reform leader. Today he stands on the front line in Pennsylvania as one of the ablest champions of clean politics and honest government who has yet appeared upon the platform. His speeches at every point have been models of clearness and force, carrying conviction to the minds of thoughtful voters everywhere. Pattison and Guthrie are leading a mighty crusade for the redemption of Pennsylvania that grows in strength every hour.

Young Danish Girl Mutilated

The body of Jennie Larsen, a Danish girl aged twenty, was found in the apartments of her uncle, Louis Appleord, aged fifty-three, on the third floor of an apart-ment in Harlem, New York last week. The woman had been dead for days, according to a medical expert. The body was mutilated and much decomposed and gas filled the room where it was found. Despite the gas and steuch which first revealed the tragedy. Appleord, in a dazed mental condition, was in the room when it

was entered by the police. Appleord was arrested and in his incoherent talk said the girl had come from Denmark ten days ago to be his house keeper. A search of the rooms brought to light a bundle of letters written in Danish. They were addressed to Appleord, signed with the young woman's name and all of them were dated New York, during the

months of August and September.

Coroner Scholer's opinion is that the girl was strangled to death. He did not believe a criminal operation had been per-formed despite the belief of a physician that it had. Appleord when questioned by the police would say little except that he had turned on the gas in the room for the purpose of committing suicide. The police do not accuse Appleord of murdering the young woman, but think that he knows more about the case than he is willing to tell.

Declined Advance in Salary.

Rev. Dr. John Wagner, pastor of Trinity Lutheran church at Hazleton, declined an advance in salary from \$1500 to \$1800 be cause the members of his congregation were affected by the coal miners' strike. Rev. Wagner's action has excited a great deal of comment, all of a favorable nature. Dr. Wagner is an eloquent divine and has been pastor of Trinity Lutheran church for over twenty-five years. He is also a member of the board of trustees of the Pennsylvania College, at Gettysburg.

Mining Law Revised—The Odious "Company Store Abolished. Protection to the Workman's Wages -Anti-Conspiracy Law. Building and Factory Inspection—Fire Escapes—The Anti-Pinkerton Law -Arbitration-"Labor Day."

ROBERT E. PATTISON

Everything is grist to the Republican machine. In every campaign fits. credit is falsely claimed where it is not justly due, and the attempt is made to influence the minds of voters regardless of facts. For weeks past agents and speakers of the Quay organization have been endeavoring to make capital with the coal miners and other workingmen, seeking to make it appear that their best friends are the legislative servants of the boss. The fact is the great reforms in legislation so long demanded, particularly by the workers in the coal mines, were brought about during the two terms of Governor Pattison, who, in annual and special messages, and in every way open to him as the executive of the state, urged the enactment of legislation which should recognize and main-

tain the rights and promote the best interests of labor.

Revision of Mining Laws. At the session of 1883 a special commission was created to revise the mining and ventilation laws in the anthracite coal regions; also, an act was passed, approved June 1, to protect miners in the bituminous region, providing for just arrangements in connection with the measurement and weighing of coal; and June 13, an act was approved amending and revising the general bituminous mining law, creating additional inspectors and providing means for securing the health and safety of miners. At the session of 1885 there was still further revision of the bituminous laws, approved June 30. On the same date, Governor Pattison affixed his signature to an act providing for the health and safety of anthracite miners, this law being the result of the work of the commission appointed by him two years previously. It provided for seven inspectors, examining boards, and stringent regulations for the ventilation

and protection of workers at all times. At the session of 1891, Governor Pattison approved, June 2, a supplemental act affecting the anthracite miners. At the same session, May 2, he approved an act protecting the wages of miners, laborers and farm workers. At the session of 1893 the bituminous laws were again revised and approved, May 15. On June 9, 1891, Governor Pattison signed the act providing for the abolition of company stores. In every way possible the present Democratic candidate for governor showed his sympathy with wise and just efforts to promote the

best interests of coal miners and all classes of workmen.

Measures of Vital Interest. In addition to the above mentioned acts, at the session of 1883, Governor Pattison approved measures of special interest to the workingmen of the

state, as follows: Act of April 26, authorizing the creation and providing for the regulation of voluntary tribunals to adjust disputes between employers and employed in the manufacturing and coal trades, the first step taken in this

commonwealth toward arbitration.

Act of May 17, relieving commercial

men. "drummers," from paying local license fees. Act of May 17, preventing the ex- New York World.
