THE REFORMED CHURCH REOPENED .-Sunday, so bright and glorious, marked an epoch in the history of St. John's Reformed there was not a quorum present. church in this place. The services held in that stately edifice commemorated its rededication to the worship of God and inspired the members of that congregation with a new zeal.

For several months the church had been closed, a complete transformation was being made in its interior and when it was thrown open again on Sunday the large crowds in attendance at the several services during the day were charmed with the

metamorphosis. While St. John's has always been on of the most imposing looking churches in town its interior had become so unattractive as to have a most depressing effect on those who worshipped there. Resolved to relieve their sanctuary of such an uninviting atmosphere the small congregation liberally responded to the proposition to redecorate it and a firm from Hagerstown, Md., was called into service, with the result that a striking change has been wrought. The walls have been frescoed in a delicate fawn shade, with the windows set out in panels. The ceiling changed from a light water color to its original oak thus setting off the heavy vaulted trusses in a manner so attractive in church interiors. The pulpit recess has been given up for choir loft which is separated from the chancel by a rail running almost across the front of the church. This places the pulpit to the right of the centre aisle and the reading desk to the left. In the former pulpit recess a large Doric arch, with a central cross and crown, is the only attempt at decoration other than the simple, impresand ceilings. It is illumined by concealed ties from devil to foreman, has resigned to lights in such a, way as to give a most striking effect. The other lighting of the

Spangler Keifer, of Hagerstown, whose father organized the Bellefonte congregation in 1836. His sermons were both scholarly treatments of appropriate texts. An inspiring feature of the services was the choir, which had been specially augmented

for the day. At the conclusion of the evening sermon Rev. Schmidt announced that the improvements had all been paid for and a small surplus left, almost enough to pay for a new stone pavement along the west side of the church property. This was a particularly gratifying condition, but only characteristic of the Reformed congregation, which seems to have abundant resources for everything it undertakes

A NEW CHURCH DEDICATED. -The new Methodist church at Hannah Furnace was most auspicious circumstances on Sunday. The loveliest of fall days it spread gladsom sunshine and hopefulness everywhere; an especial message of good cheer.

The dedicatory sermon was preached by the Rev. Dr. E. J. Gray, of Dickinson Seminary, who also preached in the evening and was assisted by Prof. Chase, W. H. Lingenfelter and the pastor. Rev. E. S. Latshaw.

The church is a comfortable frame was made up and a neat surplus secured at | Philadephia. the service.

A ROUSING DEMOCRATIC MEETING -That there is no apathy among the Centre county Democrats and that there is a fixed determination on the part of many Republicans to support Pattison was demonstrated last night by the attentive audience that was given Hon.
