John Gowland, of Philipsburg, was unanimously chosen supreme commander furrow along the back of the boy's scalp. of the supreme commandery of the Knights of Malta, at the annual convocation in Portland, Maine, last week. It is the highest office within the gift of the order.

-The ladies aid society of St. John's Reformed church will conduct a "Country Store" several days next week in the corner room of Temple court building. The sale, will begin Tuesday, November 4th. Children's garments, hats for ladies and children, aprons, fancy work and country produce will be offered for sale.

-Our calls upon our readers for funds have not been without avail. Lots of letters containing bills and various other forms ofnegotiable paper have been coming in lately and we sincerely trust that they will be followed with numerous others. Up to this writing our old friend, Nicholas Vallimont, of Pine Glenn, holds the record for the largest one.

- Miss Lillie Coyle Hench, of Harrisburg, who has so many friends here is to sing in concert during this season with the Colonial Trio. Her engagement opens the middle of December and will continue until the first of April. Miss Hench has a beautiful soprano voice of great rage and sweetness and her stage career cannot but

-In the future the Bellefonte academy will do away with examinations at the close of each term. The standard of daily grades will be raised so as to make it an object for all students to attain a high standing throughout the term, thus avoiding a final examination. The system is in vogue in most of the larger institutions of the country, and has already resulted in much | their assembley room as a memorial to their better work by students.

JOHN HAUPT KILLED IN A VALLEY WRECK .- A frightful head on collision occurred about a mile and a half east of the Beech Creek station on the Bald Eagle valley railroad shortly before 9 o'clock yesterday morning and as a result of it one man was literally ground to pieces and two others seriously injured.

The wreck occurred on a comparatively straight piece of track and there is no explanation of its cause other than that there was a violation of orders somewhere. It might probably have been averted had not the heavy fog made it impossible to see for any distance along the track and the trains were too close together to be stopped. The one was an extra freight, west bound. The other the valley wreck train, east bound.

According to the stories of the crews both trains were running at a high speed and no one but those in the engine had an instant's warning before the crash came.

In the engine of the wreck train were

conductor John Woodring, engineer Al. Austin, flagman John Haupt and the fireman, all of Tyrone. When they saw the building, on Allegheny street, is progress- freight plowing toward them through the ing rapidly. It will soon be ready, for oc- fog, only a short distance ahead, all tried to jump. Austin and the fireman were first. and escaped with only slight injuries. Conburg; recently picked 37 bushels of apples ductor Woodring had an arm broken and from one tree and made 131 gallons of cider | was badly scalded. Haupt was the last to try, but, alas, he was too late and being caught was literally ground to pieces. Both of his legs were crushed off, he was disemboweled and mangled everywhere except his face and head. His body was gathered up in a blanket and sent to his home in Tyrone.

Engineer Sausserman of the extra, escap ed without injury, but brakeman Snyder, one of his crew, was scalded so badly that he was taken to the Lock Haven hospital. That the trains were running at very high speed is demonstrated by the condition of the wreck. The engines look like heap of scrap and six cars are smashed to kindling wood. The only car on the wreck proud of eight pumpkin stalks that have that escaped was the cabin car in which all the other men were all unconscious of their danger. It did not even leave the track.

> John Haupt was the eldest son of Mrs. Isaac Haupt, of Thomas street, this place. He was about forty years old and had been running on the wreck train ever since he was a boy. Before leaving Bellefonte, when the crew was transferred from this place to Tyrone, he was married to Miss Jane Boreman, who survives him with their seven children. John was an energetic, thrifty man and was a trusted employee of the P. R. R. Co. He was a member of the relief association, a beneficiary in the Brotherhood of Trainmen and carried other insurance besides.

> His mother and brothers Theodore, Newton, William and Edward and his sister, Mrs. Chas. McClelland, are residents of Bellefonte. Another sister, Mrs. Ellen Llewlyan, resides in Vermont.

> No arrangements had been made for the funeral up to the time of our going to

Father and son were alone in an open field, they had heard no shots and were almost ready to ascribe the injury to supernatural causes when they found a Winchester ball among the fodder.

Where it came from will probably never be known, but it had evidently traveled a great distance and its force was spent for it had fallen straight down, plowing a

REDEDICATION .- St. John's Reformed church, at Boalsburg, which has undergone extensive repairs lately will be rededicated with appropriate services on Sunday morning, at 10 o'clock, and you are invited to attend.

The preparatory services will begin this evening, when Rev. Ambrose M. Schmidt, of Bellefonte, will preach. Saturday evening Rev. J. I. Stonecypher, of Boalsburg, will preach and the dedicatory sermon will be delivered Sunday morning by Rev. Lewis Robb, of Altoona. At the same time Rev. G. W. Kershner, of Centre Hall, will officiate in the Lutheran church. The historical sermon, covering the years since the church was established in 1861, will be delivered by Rev. Wm. H. Grob, of Carlisle, in the evening at 7 o'clock.

Special music will be a feature of all the

FIFTY THOUSAND FOR A TROTTING STALLION. - The great trotting sire "Ashland Wilkes" was sold at Lexington, Ky., to Harry Orr, of Reading, for \$50,000, on Monday. "Ashland Wilkes" is one of the most notable horses of the period, being the sire of "John R. Gentry" 2:01%.

This sale would indicate that Mart B. Garman's "Governor Boyd" is a very valuable animal. He is a son of "Ashland Wilkes" and a half-brother of "Gentry." He is a colt from a line of fast ones and in breeding has every quality of a thoroughbred racing horse.

-The senior class of the Renovo High school will purchase a piano and place it in late principal, J. W. Elliott.

WILLIAM ECKLEY-The venerable Wm. Eckley, who for many years was a wellknown and respected resident of Bellefonte, was found dead in bed at the home of his daughter, Mrs. Renshaw, in Philadelphia. Sunday morning. Though he had been in failing health for some time heart trouble is supposed to have been the immediate cause of his death.

On July 27th deceased was 80 years old. Most of his long life had been spent here. for he was one of the early day iron workers before the old style charcoal furnaces were displaced by the modern blast furnace. Two years ago he closed his home on Reynolds Ave., and went to Philadelphia to live with his daughters.

Surviving him are his three daughters Mrs. Renshaw, Mrs. Anna Dawson and Mis. Mira Radeliff, all of Philadelphia. His body was brought here Wednesday morning and taken to the home of William Dawson, on Spring street, where Dr. Shriner, of the Methodist church, conducted services in the afternoon and interment was made in the Union cemetery.

-Mrs. Mary C., wife of Thomas Linn, of Beech Creek, died at her home in that place shortly after midnight Saturday, pulmonary trouble having been the cause. Deceased was 49 years old and was a woman of great personal charm and goodness. Surviving her are her husband and the following children: Mrs. B. B. Wilson, of this place, Joseph, Helen and Beatrice, at home. Rev. J. N. Codori, of Lock Haven, celebrated mass for her on Wednesday morning and the body was brought to Bellefonte for burial.

-The death of E. C. Dietz, a highly esteemed citizen of Howard, occurred at his home in that place, last Thursday afternoon, after an illness of only a week of gastric fever. Deceased was 37 years old and had hosts of friends who deplore his untimely death. He was in the baking and confectionery business in Howard. Surviving him are his widow, aged mother and four children. Interment was made Sunday morning, the pastor of the Methodist church of which he was a consistent member, having officiated.

-Mrs. Thomas Fleming died at her home at Moshannon at an early hour on Friday. She had been ill for some time with a complication of troubles and was about 60 years of age. She is survived by several children, her husband having died some time ago. Mrs. Fleming was probably the largest woman in the county, as she weighed over 400 lbs. She was a member of the Presbyterian church.

-Mrs. Hannah Elliott, aged 70 years, completed her usual days work on Thursday, filled up the lamp and sat down at the table in her home at Black Moshannon and died. Heart failure was the cause She was a native of Luzerne county. Her husnd preceded her to the grave three ves Two sons and two daughters survive her. Interment was made in the burying ground near her home on Saturday morn-

-Jacob Mingle, aged about 80 years, was stricken with paralysis on Sunday and died the next day at his home at Moshannon. No known relatives survive. Rev. T. S. Faus, of the Snow Shoe Methodist church, officiated at his funeral on Wednesday morning.

sick list at Madisonburg. - "Down and Up," the rollicking acrobatic comedy, will be back at Garman's on Thursday night, Nov. 7th.

-Lyon & Co. have another timely sale on at their store this week. It took Wednesday's snow to convince some people that the time for more blankets has been here for several days, and they are prepared to supply the demand with a special line of fine ones that you would do well to examine.

--- Adam Earon, of Beech Creek, was thrown from a stumbling horse on Monday and all of his teeth knocked loose. The week before he was driving a team one of which was killed in a very peculiar manner. A stick in the road turned up when the horse stepped on it, the jagged end penetrating its abdomen in such a way as to let the intestines protrude.

--- The wise citizen takes very little stock in the disgruntled fellows who hack about over the county fighting some part of their own ticket-be they Republicans or Democrats. It is easy to be seen that they are not inspired by any desire to secure the best officials for the county, but that personal spite is their motive and they would like to make others the clubs with which they assault those whom they dis-

DOWN AND UP .- The Hickman Bros., will produce "Down and Up" at Garman's

on Thursday night, November 6th. If the old adage, "laugh and grow fat," counts for anything at all, it will be safe to predict that any one who has the pleasure of witnessing this performance will increase in avoirdupois. From the raise of the curtain until its final fall the spirit of mirth and fun prevails. "Down and Up" is an acrobatic farce comedy, and it is refreshing to know that the art of genuine fun making on the stage, with comedy gymnastics and humor coupled with novel scenic effect is not a thing of the past.

-Don't forget "Down and Up," at Garman's next Thursday night.

-The Presbyterian choir, with Miss Helen Atherton organist, will render a service of song in that church on Sunday

-The Philipsburg hospital had twenv-one cases on Friday when Cadwallader Biddle, of the state board of charities, visited the institution on his annual visit of inspection. He was greatly pleased with the conduct of the institution.

THE PRINCE OF MAGIC-"MARO".-The Star course will open on Friday evening, Nov. 7th, at 8 p. m. in Petriken hall. Maro is said to be the most wonderful ma gician on the stage-a prodigy and for oure, unalloyed fun-frolic and wonderment He is "ne plus ultra." The building towering up over forty feet from the ground, from the eastern end of their extensive coal yard. The upper story of the building being on a level with the main road leading to the town proper and R. R. station west, and east to George's Valley. The structure is very imposing and massive, especial care having been exercised to give it sufficient strength to sustain almost any weight. Quite a number of new and valuable improvements have been introduced, together with all the necessary conveniences. The building has a capacity for 20,000 bushels of grain, and ample room for the storage of vast quantities of salt, plaster and hay. The Allison Bros are merchants, not jobbers and in addition to their large milling business, and heavy operations in grain, plaster, salt and hay, deal very largely in anthracite and bituminous coal.
